#### Invocation

Father in the name of Jesus, we want to stop and say thank you for waking us up this morning and starting us on our way. God, we thank you for giving us life, health and strength. God, as we begin a New Year, we ask your blessing upon this year. God, we ask that you will make this the best year upon this City Council and give us the best year we have ever had in this City. God, you have given us a new start so we are forgetting those things, which are behind and we are starting a new. We are forgetting all of the mistakes, all of the things that happen last year and God; you have given us a fresh clean start. We are binding every spirit that comes to hinder this City, hinder the progress and our prosperity, and hinder our health. This City will be a bless city, this City will be on top and this City will regain its promise. This City will have jobs and homes for those who do not have a home. God, we claim it not by power or might but by your spirit. We thank you and

ask that you bless each person at this table; give them a new start. We claim everything you are going to do and we speak it in Jesus name.

Amen.

**PRESIDENT'S REPORT ON  
STANDING COMMITTEE REFERRALS  
AND OTHER MATTERS**

**RESOLUTION**

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEMS ARE BEING REFERRED TO THE BUDGET, FINANCE AND AUDIT STANDING COMMITTEE:  
**BUDGET DEPARTMENT**

1. Submitting report relative to Quarterly Financial Report for period ending September 30, 2008; including a projected shortfall that could reach \$200,000,000.00, depending on the continued economic climate; due to essentially reduced revenue collections, increased 2007 deficit and fiscal stabilization bonds or tunnel transaction not occurring.

**CITY COUNCIL FISCAL ANALYSIS  
DIVISION**

2. Submitting report relative to Gaming Tax Revenue Activity through November 2008 and prior fiscal years. **(Department indicates that the city has collected \$17,056,000.00 in gaming tax revenue for the fifth month of the fiscal year, a 25% increase from the prior month of October; November 2008 collection was a 24.1% decrease over November 2007; a comparison of revenue collections between fiscal years, the first five months of Fiscal Year 2008 reported \$79,094,000.00, compared with the first five months of Fiscal year 2009 reporting \$77,008,000.00, a 3.57% drop, also the Adjusted Gross Casino Gaming Receipts came in at \$105,577,000.00 for the month of November 2008, a 4.93% decrease over the prior month and a 6.74% decrease over November 2007. In a different comparison, the first five months of the current fiscal year compared with the same time period in the prior fiscal year shows that receipts are down by 0.28%. Combined casino receipts through a twelve-month average shows growth**

of approximately 2.5%; the last eleven months of 2008 calendar year show growth in receipts of 2.84% over the first eleven months of 2007. There is not a one-to-one relationship between the adjusted gross receipts and the tax revenue collection increases due to two factors; MGM and Motor City casinos began paying the city 1% less because of the permanent casinos opening on October 3 and November 29, respectively, part of state Public Act 306 of 2004, when the legislature amended Public Act 69 of 1997, etc. and the amended development agreement of August 2002 between the city and the casinos, separate from state law, has all casinos, beginning January 2006, paying an additional 1% over the state law. Plus another 1% when the casino reached \$400,000,000.00 in gross receipts in a calendar year.)

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Jones, Kenyatta, Tinsley-Talabi, Watson, and President Conyers — 7.

Nays — None.

Honorable City Council:  
Re: Establishment of the East Ferry Expansion Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description

which will establish the East Ferry Expansion Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on November 19, 2008 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the developer proposes to invest \$7 million to complete this project. The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your first formal session after January 5, 2009.

Respectfully submitted,  
DOUGLASS J. DIGGS  
Director

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zone Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the East Ferry Expansion NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hear-

ing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

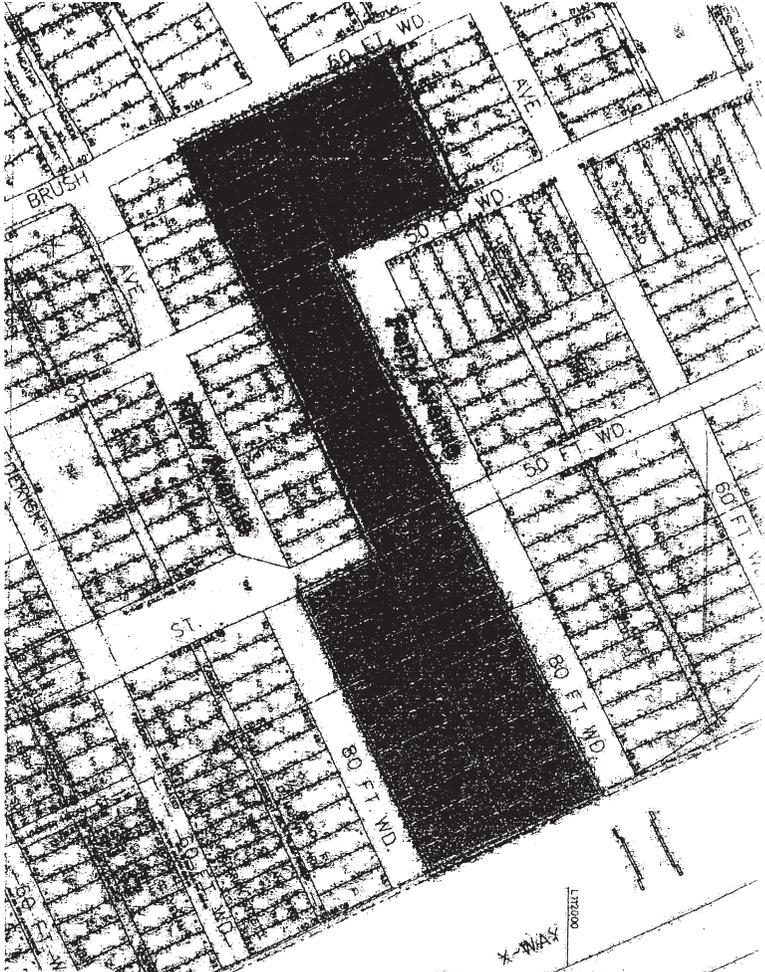

Whereas, A public hearing on the issue of establishing the East Ferry Expansion NEZ was conducted before the Detroit City Council on November 19, 2008, with notice of the public hearing having been waived by the Honorable Economic Development Committee to the general

public but noticed by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the East Ferry Expansion NEZ were cited;

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the East Ferry Expansion NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

### NEW BUSINESS City Planning Commission

January 5, 2009

Honorable City Council:

Re: Final Environmental Impact Statement and Final Section 4(f) Evaluation for the Detroit River International Crossing Study (Departmental Report).

On November 26, 2008, the Michigan Department of Transportation (MDOT) issued a press release announcing the Final Environmental Impact Statement (FEIS) and Final Section 4(f) Evaluation for the Detroit River International Crossing (DRIC) Study of a new border crossing between Detroit and Windsor.

The FEIS and the Final Section 4(f) describe the social, economic, and natural environment impacts associated with the United States section of the proposed new border crossing between Detroit and Windsor. The FEIS includes a summary of the planning basis, the project purpose, the alternatives considered, the expected impacts, and mitigation measures.

The DRIC FEIS identifies the Preferred Alternative placement for a new border crossing. The proposed crossing consists of a road connection from I-75 near Livernois Avenue, a new U.S. border inspections plaza, and a new bridge to Canada (crossing the Detroit River just east of Zug Island). The proposed plaza would contain about 150 acres (which includes land for buffering and expansion) and be bordered by a rail line to the north, Campbell Avenue on the east, West Jefferson Avenue on the south, and Post Street on the west. The project on the U.S. side would cost about \$1.8 billion.

MDOT requested comments on or before January 5, 2009 and stated that substantive comments would be responded to in the Record of Decision (ROD) for the DRIC. On Wednesday, December 3, 2008, City Planning Commission (CPC) staff received copies of the FEIS document. Because of the Detroit City Council's winter recess from December

10, 2008 until January 6, 2009, it was not possible for City Council to prepare, act upon, and forward to MDOT any concerns or comments prior to the January 5th deadline. CPC staff informed MDOT that City Council would consider forwarding any comments upon its return from recess.

For the past several months, CPC staff has been meeting with various City departments on this issue. The Department of Environmental Affairs has assembled comments from the various City departments to forward to MDOT on behalf of the Administration. A copy of this document is forthcoming.

On December 9, 2008, the DRIC-Community Benefits Coalition (CBC) submitted a memorandum and resolution for your Honorable Body's consideration. The memo and reso submitted by the CBC will also be discussed in this report.

At the end of this report is a draft resolution for City Council's consideration. On November 18, 2005, your Honorable Body passed its most recent resolution on the DRIC Study which is on file in the City Clerk's Office for reference.

#### **ANALYSIS**

Overall, CPC staff is supportive of the development of a new bridge crossing over the Detroit River, primarily in part because it would provide additional capacity to promote economic growth and provide redundancy via a completely separate crossing system. Also, CPC staff is generally supportive of the proposed new bridge and plaza location in the Southwest Detroit and Delray area. CPC staff thinks that MDOT and its consultants overall have done a very good job of involving the community and various stakeholders in an open and transparent planning process. However, as noted more particularly below, with regard to a number of individual items, MDOT and its consultants have not made specific, substantive commitments to provide identified community benefits or mitigation measures that would compensate the host community for the burdens placed on its residents by this project. More specific, enforceable and effective mitigation and community benefit agreements should be a condition of local approval of the MDOT Plan described in the FEIS, as discussed more fully below.

CPC staff has reviewed the FEIS document and submits the following comments for consideration:

#### **Ownership/Governance**

While the City of Detroit has not taken a definitive position on the establishment of any new border crossing, City Council Members in the past and community residents and stakeholders have voiced strong support for public ownership.

The FEIS indicates that the Detroit River International Crossing Partnership

is committed to providing an end-to-end solution for additional border crossing capacity in southwest Ontario-southeast Michigan that will be publicly owned in both countries (Section 3.20, page 3-247). The FEIS also states the State of Michigan will own the U.S. portion of the bridge and the U.S. highway interchange. The U.S. inspection plaza will be owned by the State of Michigan and leased to the Federal Government. The Government of Canada will own the Canadian portion of the bridge and the inspection plaza, and the Province of Ontario will own the Canadian access road.

The FEIS has not yet settled on the governance structure to manage and implement the project and is evaluating the following four models:

1. Government owned and operated (short of an operating agreement, each country operates its half of the bridge);
2. Public-private partnership — concession with government ownership (the private sector would design, construct, operate, and maintain the bridge with government oversight);
3. Bi-national Authority with government ownership
4. Private-sector owned and operated with government oversight.

The FEIS states the preferred delivery mechanism for the bridge is a public-private partnership in the form of a long-term concession agreement which will seek to maximize private sector participation and financing to avoid the use of taxpayer dollars. It is envisioned that the owners will form a joint venture to oversee the concession contract with the private sector. The Partnership will provide oversight of any private sector participation to ensure a safe and secure international border crossing.

The FEIS section of Governance concludes that the exact nature of the governance structure will be known by the time of the Record of Decision is to be signed. However, at this time, a Public Private Partnership is seen as a likely and viable alternative.

CPC staff thinks that the FEIS must be more definitive that the ownership of the respective halves of the bridge be owned by the State of Michigan, Government of Canada, and Province of Ontario in perpetuity; that any future governance/operation model retain significant government oversight; and that the "private-sector owned and operated with government oversight model" listed in the FEIS seems to be in contradiction with the preferred direction of the study. These issues cannot wait or be determined until the Record of Decision is signed.

#### **Zoning Requirements**

The FEIS states that the Practical Alternatives are consistent with planning and zoning requirements (Section 3.3,

page 3-50). However, CPC staff analysis shows that the proposed DRIC inspections plaza would be located on land zoned with a range of zoning classifications, including R2 (Two-Family Residential), M3 (General Industrial), and M4 (Intensive Industrial). The Detroit Zoning Ordinance allows bridge plazas as by-right uses only in the B6 (General Services District), TM (Transitional-Industrial District), or PD (Planned Development) zoning district classifications. Therefore, a Zoning Ordinance map amendment would be required to make the proposed project consistent with zoning requirements.

#### **Permits**

At least two sections of the FEIS list the permits that are required for the project to move forward (Section 3.17, page 3-242 and Section 4.20, page 4-14). Unfortunately, the FEIS fails to list any specific local permit that would be required, such as local building permits.

#### **Parkland**

The proposed plaza would cause the loss of the South Rademacher Park (3.6 acres) and the South Rademacher Community Recreation Center (closed since 2006). The Project Mitigation Summary (the "Green Sheet") states in part that mitigation could take a number of forms and is being discussed with the Detroit Recreation Department (end of Section 4).

CPC staff recommends that there be a commitment for the creation of new parkland within the Delray area and/or improvement of existing parkland with the Delray area.

#### **Relocation of Business and Other Non-Residential Uses**

The Preferred Alternative for the DRIC would necessitate the removal of 43 active businesses (with an estimated 685 employees), 25 vacant business units, 5 places of worship, and 4 government facilities (Section 3.1.4, page 3-22).

The FEIS states in part, "Most of the businesses will remain in existence and 43 out of 50 interviewed prefer to be located in or near Delray... A number of businesses indicated they chose their current location because it fell within the Detroit Empowerment Zone and/or Renaissance Zone (Figure 3-9). With the majority of businesses wanting to stay in or near Delray, efforts will be made to modify and extend these zones to accommodate them." (Section 3.1.4, page 3-24). The Green Sheet under Relocation states, "MDOT will coordinate with the state and federal officials that control the Detroit Empowerment Zone and/or Renaissance Zone. If possible, these zones will be extended or modified to allow relocated businesses or residents to remain in the area."

CPC staff would like to see more sub-

stantive mitigation measures to strongly encourage relocated businesses to remain in the area, including identifying and developing available acreage in or near the Delray area for business relocations. CPC staff thinks there needs to be immediate verification whether the Empowerment Zone and/or its benefits can be extended or modified and a more specific mitigation plan if it cannot.

#### **Relocation of Residential Units**

The FEIS notes the potential impact of the Preferred Alternative for the DRIC would necessitate the removal of 257 occupied residential units (with an estimated population of 693 persons) and 5 vacant residential structures (Section 3.1.4, page 3-22). The 257 dwelling units includes one apartment building on the north side of I-75 with 36 units. One mitigation action taken by MDOT was to steer the project around the Berwalt Manor apartment building located near the intersection of Fort Street and Campbell Avenue to avoid the removal of 64 units.

The FEIS later concludes in part because of the residential relocations, "...that the project's impacts will be disproportionately high and adverse to minority and low-income population groups." (Section 3.1.5.2, page 3-37). The FEIS concludes that the Preferred Alternative will have an adverse effect on Environmental Justice and Title VI population groups [note: Title VI of the 1964 Civil Rights Act prohibits discrimination on the basis of race, color, sex and national origin in programs and activities receiving federal assistance].

CPC staff supports the steps already taken by MDOT to avoid the removal of the Berwalt Manor and reduce the number of displaced dwelling units to 257 units (note: some alternatives proposed relocating as many as 414 occupied residential units). However, it appears the Green Sheet Project Mitigation Summary lists no substantive specific mitigation measures to address the impact of the residential relocation on the Delray area. Under Relocations on the Green Sheet, it states, "MDOT will coordinate with the state and federal officials that control the Detroit Empowerment Zone and/or Renaissance Zone. However, it is CPC staff's understanding that the benefits (if still available) from both the Empowerment Zone and Renaissance Zones are for commercial enterprises — not residential uses.

To address the Environmental Justice issue, CPC staff would like to see more substantive mitigation measures to provide the opportunity for persons forced to relocate from their homes to find decent, safe, and affordable housing within Detroit, including near the project area.

#### **Traffic Patterns**

The placement of the proposed approx-

imately 150 acre plaza and connecting roads within the Delray area would have a significant impact on existing traffic patterns throughout the area, particularly Delray. As stated in the FEIS, "Normal traffic patterns will be disrupted and travel made more difficult because interchanges with I-75 will be closed/modified and four out of seven streets now crossing I-75 will be closed (Section 3.5.3)" (Section 3.1.5.2, page 3-37). Livernois/Dragoon (south of Fort Street) which provides significant north/south circulation out of the Delray Area for both cars and trucks would be removed.

Currently, it appears Delray has a significant amount of large commercial vehicles traversing the various streets between Fort Street and West Jefferson. There are a number of business in the area, such as a cement company, trucking companies, Zug Island, waste-water treatment plant, etc., that rely on a significant amount of large commercial vehicles. It appears the existing haphazard truck traffic routes and number of vehicles create a nuisance to the existing residential properties. It appears the proposed DRIC, by eliminating the Livernois, Dragoon, and Waterman Avenues south of I-75, would cause an even greater negative impact. This issue/impact is not even mentioned in the main FEIS document.

The Green Sheet Project Mitigation Summary under Infrastructure states, "MDOT will invest in a Green Street boulevard to improve local north/south circulation in west Delray and improve Campbell Street as a narrow boulevard between the railroad tracks and West Jefferson Avenue in east Delray." The Green Sheet also under the section of "Local Roads" states, "MDOT will coordinate with the City of Detroit to determine the limits, scope of work, cost (not to exceed \$12 million), and schedule for the local road improvements."

CPC staff supports the above expense of creating boulevards (assumed to be primarily for private passenger vehicles) both west and east of the proposed plaza. The Campbell Boulevard east of the plaza would support access to historic Fort Wayne. Unfortunately, the FEIS does not address the more pressing problem and greater impact of truck routes and disrupted truck routes caused by the plaza.

Therefore, CPC staff recommends that MDOT offer mitigation measures/enhancement measures to address the circulation of commercial vehicles both east and west of the proposed plaza and not just focus on creating new boulevards for private passenger vehicles.

#### **Historic Preservation**

Appendix E of the DRIC Study includes a Memorandum of Agreement for the DRIC regarding historic resources in the project area and the Concurrence Letter

dealing specifically with Fort Wayne. The Recreation Department asked the Historic Designation Advisory Board (HDAB) to comment on these two items. In response, HDAB staff submitted a memorandum dated November 17, 2008 which is attached for reference. In this memo, it states that HDAB would like to see a greater commitment to the project's direct benefit to Historic Fort Wayne. Specifically, it is imperative that the two very visible buildings that the HDAB and the State Historic Preservation Office assisted in 2002-3 — the Guard House and the Post Theater be given special attention, and furthermore, that the educational training in the building arts at Historic Fort Wayne continue to expand.

#### **DRIC — Community Benefits Coalition**

The DRIC CBC is an elected board from residents and stakeholders in the Delray area to advocate for guaranteed mitigations and benefits for the impacted community to southwest Detroit, primarily Delray, in exchange for hosting the project.

The CBC indicates that it supports the publicly-owned DRIC bridge with the inclusion of mitigations and benefits that address impacts of the project to the host community of southwest Detroit, primarily Delray.

Mitigations being sought by the community include addressing health and quality of life concerns, guarantees that residents will be fairly compensated for their properties, and jobs creation, as well as pursuing green redevelopment to make sure the high-level investments will address needs and create opportunities into the future. The CBC notes that although the community has been in dialog with MDOT, adequate mitigations have not yet been assured and critical support from the city's leadership is necessary.

The CBC indicates the proposed mitigations and benefits are in the primary areas of:

- 1. Air quality and health:** Including filtration and other measures to protect area schools; retrofitting of area truck fleets and anti-idling measures to reduce diesel emissions; ongoing air and health monitoring;

- 2. Housing:** Adequate compensation to be paid for homes acquired and support for legislation to address the negative financial impacts of increased taxes for those facing relocation; funding to build affordable green housing in a new Delray Village, which would replace homes lost to the project and allow displaced residents to remain in the neighborhood;

- 3. Infrastructure improvements:** Including alternate truck routes, resurfacing roads, improved sidewalks and lighting, and annual maintenance;

- 4. Jobs, training, and economic**

**development:** Attracting logistics industry jobs, providing training for new and existing jobs including for youth employment, and identifying new businesses and services needed by the community; and

**5. Greening and Green alternatives:** Creating new Delray parks and green spaces including an urban forest to help cleanse the air, linkage to Detroit Greenways, and incorporating alternative energy for a self-sustaining bridge and customs plaza with green infrastructure which could potentially offset energy costs to area residents.

CPC staff is very supportive of MDOT including specific mitigations and benefits in each of the above areas some of which have been noted in this report's preceding research.

More specifically, the CBC is requesting the following six items from City Council (the CPC staff provides analysis after each item):

**1. Support of a Community Benefits Agreement to achieve legally-enforceable mitigations and benefits for the community in conjunction with the development of a public-owned DRIC bridge.**

MDOT has responded that neither MDOT nor FHWA will enter into a binding agreement with CBC. The Record of Decision (ROD), when issued will identify environmental commitments as well as how these commitments will be tracked and enforced as the project moves into construction. Because of MDOT's response, it appears the comments on the FEIS will be that much more important.

**2. Approval of a Delray land use plan as part of the City's Master Plan that is consistent with the community's vision for neighborhood revitalization, as supported by the Detroit City Planning Commission, and review of the city's zoning ordinance to ensure consistency with the future land use plan.**

If the proposed project moves forward, then the CPC staff commits to working with the Planning and Development Department to present comprehensive amendments to the Detroit Zoning Ordinance and Detroit Master Plan to the Commission and the Detroit City Council for consideration. The CPC staff commits to consulting with community residents and stakeholders regarding any proposed changes.

**3. Approval of vacant land acquisition in Delray and land-banking to implement the Delray land use plan for a revitalized residential-commercial area.**

If the proposed project moves forward, CPC staff recommends that the Legislative and Executive branches of the City work together to develop a compre-

hensive redevelopment plan for the Delray community.

**4. Demolition of dangerous and unsalvageable buildings in the neighborhood revitalization area.**

This is one among other concerns the community has previously presented to the Council independently of the DRIC Study. CPC staff agrees that the provision of efficient timely city services, such as demolition, is needed now and in the future of the Delray area.

**5. Designation of alternate truck routes to remove trucks from residential streets.**

CPC staff agrees that the designation of alternative truck routes from residential streets is critical and addressed this issue previously in this report.

**6. Designation of all mitigation funds received from DRIC's acquisition of Rademacher Recreation Center and two Delray parks to recreation development projects staying in the Delray neighborhood.**

CPC staff agrees with this request and addressed this issue previously in this report.

#### **CONCLUSION**

Attached for your Honorable Body's consideration is a resolution codifying the above comments on the FEIS for the proposed DRIC project.

By Council Member Watson:

Whereas, On November 26, 2008, the Michigan Department of Transportation (MDOT) released the Final Environmental Impact Statement (FEIS) and Final Section 4(f) Evaluation for the Detroit River International Crossing (DRIC) Study of a new border crossing between Detroit and Windsor; and

Whereas, The FEIS and the Final Section 4(f) describe the social, economic, and natural environment impacts associated with the United States section of the proposed new border crossing between Detroit and Windsor; and

Whereas, MDOT has requested comments on the DRIC FEIS and that noted that substantive comments would be responded to in the Record of Decision for the DRIC; and

Whereas, Now and in the past the Detroit City Council has advocated that the new border crossing be responsive and accountable to the preferences and requirements of the communities of Southwest Detroit in terms of the environmental impact process, ownership, and community benefits; and

Whereas, Now and in the past the Detroit City Council has raised concerns about the impacts and cumulative

impact(s) of a new border crossing on the transportation infrastructure, truck traffic, land use, the environment, air quality, community health, and social cohesion, and in relation to other existing and proposed transportation related projects in southwest Detroit;

Now, Therefore, Be It Resolved, That the FEIS be more definitive that the ownership of the respective halves of the bridge be owned by the State of Michigan, Government of Canada, and Province of Ontario in perpetuity; and that any future governance/operation model retain significant government oversight; and

Be It Further Resolved, That the DRIC FEIS properly note the Detroit Zoning Ordinance and local permit requirements that are required for the project to move forward; and

Be It Further Resolved, That there be a commitment for the creation of new parkland within the Delray area and/or improvement of existing parkland to remain within the Delray area to replace the recreation properties that would be lost; and

Be It Further Resolved, That there be more substantive mitigation measures to strongly encourage the 43 active businesses with 685 employees being relocated by the proposed plaza to remain in the area, including identifying and developing available acreage in or near the Delray area for business relocations; this includes immediate verification as to whether the Empowerment Zone and/or its benefits can be extended or modified, and a more specific mitigation plan if it cannot; and

Be It Further Resolved, That there be more substantive mitigation measures to provide the opportunity for persons forced to relocate from their homes to find decent, safe, and affordable housing within Detroit, including near the project area; and

Be It Further Resolved, That MDOT offer mitigation measures/enhancement measures to address the circulation of commercial vehicles both east and west of the proposed plaza and not just focus on creating new boulevards for private passenger vehicles; and

Be It Further Resolved, At Historic Fort Wayne, that serious consideration be given to 1) restoring the Post Theater and the Guard House according to the Secretary's Standards for Rehabilitation so that they may once again enhance the historic site and be of service to the greater community and 2) providing financial support for the continuation of the Building Arts Lab at Historic Fort Wayne.

Be It Further Resolved, That the FEIS Project Mitigation Summary be more specific and responsive to addressing community benefits in the following areas submitted by the DRIC-Community Benefits Coalition:

**1. Air quality and health:** Including fil-

tration and other measures to protect area schools; retrofitting of area truck fleets and anti-idling to reduce diesel emissions; ongoing air and health monitoring;

**2. Housing:** Adequate compensation to be paid for homes acquired and support for legislation to address the negative financial impacts of increased taxes for those facing relocation; funding to build affordable green housing in a new Delray Village, which would replace homes lost to the project and allow displaced residents to remain in the neighborhood;

**3. Infrastructure improvements:** Including alternate truck routes, resurfacing roads, improved sidewalks and lighting, and annual maintenance;

**4. Jobs, training, and economic development:** Attracting logistics industry jobs, providing training for new and existing jobs including for youth employment, and identifying new businesses and services needed by the community; and

**5. Greening and Green alternatives:** Creating new Delray parks and green spaces including an urban forest to help cleanse the air, linkage to Detroit Greenways, and incorporating alternative energy for a self-sustaining bridge and customs plaza with green infrastructure which could potentially offset energy costs to area residents.

Be It Finally Resolved, That a copy of this reso and the foregoing report be immediately forwarded to the MDOT, FHWA, DRIC-Community Benefits Coalition and other interested parties.

MEDINA NOOR

Director

By Council Member Watson:

Resolved, That Contract No. **85185** referred to in the foregoing communication, dated January 6, 2009, be hereby and is approved.

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Jones, Kenyatta, Tinsley-Talabi, Watson, and President Conyers — 7.

Nays — None.

Council President Monica Conyers left her seat.

**PUBLIC COMMENTS**  
**PASTOR GARY ROQUEMORE** — We purchased properties from the City of

Detroit at various locations. My church is located at 50 Oakman. We buy properties donated to us that are usually abandoned. We repair them and pay the back taxes and the City gives us an exemption a year after it is paid. We have property at 9903 Mendota of which we did everything that was required of the City; however, the City never inspected this property and we are yet being tax for this property.

**MS. DENISE BOUDRAUX** spoke concerning topless strip clubs, specifically the one located on Eight Mile (The Penthouse) where you would see a sign of a woman displayed unzipping her dress and exposing her chest. She states that there are three strip clubs on Eight Mile that are in proximity of each other and the community is requesting that they close down.

**MR. JOSÉ ARMSTRONG, SR.** — I was in the possession of my mother's 1993 Mercedes Benz when DPD and BMG Towing towed it at 8:00 a.m. I spoke to the officer and he said that he had a complaint to tow this car. The officer proceeded to take my car without any advance notice. A week prior, the same towing company asked me if I want to sell that car. I have neighbors who witness this, witness them taking it, and bring it back in a destructive manner. When I receive my car back, there was over \$3,000 worth of damage, the motor was ruin and told there was nothing I could do about it. I went to several police officers, lieutenants, and commanders and I did not get any justice. This is the second time this has happened to me. I paid an \$8,000 scooter off that they impounded and never gave back. This is ongoing in the City and someone needs to do something about it.

**MS. CARRIE MAE WILLIAMS** stated that her daughter was raped by a police sergeant and the two City attorneys have been terrible in the hearings.

**MR. RUSS BELLANT** had an emergency call. He is a volunteer for the Detroit Board of Education but he works for the City. He is helping many of our young people attend the Inauguration of President-Elect Obama and he is asking for our support.

**PHILLIP BROWN, employee contracted through VSI Meter Services,** stated that he asked his supervisor to take him to Saint John's Hospital. They instructed him to sit and wait until supervision decided what to do. Twenty-five minutes later, they still had not decided so he said he would go himself. he was fired from his hospital bed.

**STEVE PERKINS** spoke on DPS project on the Inauguration and asked for assistance in sending 49 students to Washington, D.C. to attend the

Inauguration with all expenses paid through contributions and donations.

#### MEMBER REPORTS:

**Council Member Cockrel:** Happy New Year and this year has to be better than 2008.

**Council Member Collins:** Happy New Year and a prosperous New Year to everyone. A citizen called me regarding some bus drivers on the Grand River route that seems to be consuming alcohol while working. You can smell the alcohol when you enter the bus and the drivers have been leaving passengers at the bus stops.

**I would like a report from the Police Chief as to when will they reopen some precincts.**

Regarding Career Works, it has been several weeks since the people who worked for Career Works were paid.

**Council Member Kenyatta:** Happy New Year to everyone. To our citizens and staff, may this be a positive, productive and progressive year.

I had a walk on, again, for all the appointments for the Entertainment Commission. One of the opportunities we have in Michigan is the movie industry. I heard that there is an opportunity for a number of movie production houses to be in this area. There are catering jobs, transportation, eateries and a number of things that will involve a movie industry and the Entertainment Commission can play a role in creating jobs in Detroit.

**Council Member Tinsley-Talabi:** Happy New Year to everyone. I trust that we all realize that not everyone saw the New Year. We lost a police officer.

While at a Kwanzaa Celebration, on December 27th (Kujichagulia) celebration of Self-Determination. Joyce attended with her daughter who had a baby last year on December 27 (Kalup(sp)). Her daughter is pregnant again and after returning home that night on December 27, she had her baby. Kalup(sp) was born at 11:00 am. last year and Joshua was born at 11:00 p.m. this year. Those boys know that they have to be self-determined.

Some citizens have concerns about the housing on Fairview and Mack. A series of 35 new homes were built on Lillibridge and Fairview. Sixteen of the brand new homes were gutted with all of the windows stolen, all of the doors open, and the entire garage doors open. they are now boarded but lots of damage has been done.

We have a "Keep Detroit Beautiful"

Meeting on Tuesday, January 13, 2009, in the Council's Chambers.

**Council Member Jones:** I attended some Block Clubs Association meetings yesterday and the topic was "Proposals regarding the City Taxes on the Special Ballot!"

Per Mr. I. Corley, Fiscal Analysis — regarding the Buying Authorization Proposals. The City of Detroit is near to buying authorization for the Capital Improvement programs. Every four to five years, buying authorization language appears on the ballot to allow the citizens to increase authorization for future capital programs and this is that. They were to be on the ballot in November but because of certain issues, it is now in February.

**Council President Pro Tem Watson:** I want to thank this Body especially Council Members Jones, Talabi and Collins and Kenyatta for helping to support the framework for an Urban Marshall Plan, the 10 millions dollars bailout approved by this Body on November 12. This plan that was approved by this Body on November 12 has been shared with many people connected with the State of Michigan; Governor Granholm priorities align directly with the policies identified in this plan as if we all were working in the same room. President-Elect Barack Obama priorities directly align with the pieces that have been identified. I want to thank the City Planning Commission, Irvin Corley, Fiscal Analysis Division and Research Analysis Division for work closely with Dr. Sojo Adelaja. This money is major and it can reposition this City social, economically and politically. I thank the Mayor's Office, Governor's office, and congressional Office who supported us and let us prepare to claim the victory.

I ask that a task force meeting be on the calendar for the 28th of January followed by a "Quality of Life" meeting. I am calling a taskforce inviting the community to address a variety of Detroit treasures that many think are for sell like the Water Department and other assets that belong to the City of Detroit.

Transportation Task Force will be at 4:00 at the Community Meeting; to preserve Detroit assets and treasures will be at 6:00 p.m. in the 13th floor auditorium.

Honorable City Council:

Re: Sheryl Gordon and Francine Gordon vs. City of Detroit, Larry Smith and Bryant Hughes. Case No.: 07-727926 NF. File No.: A20000.002731 (RJB).

On October 7, 2008, a case evaluation panel evaluated the above-captioned lawsuit and awarded Sixty-Six Thousand Dollars (\$66,000.00) in favor of Plaintiffs. The parties have until November 4, 2008, to either accept or reject the case evaluation. Failure to file a written acceptance or rejection within this period constitutes a rejection.

Based upon our review of the facts and particulars of this lawsuit, which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body, it is our considered opinion that acceptance of the case evaluation award is in the best interest of the City of Detroit.

We, therefore, request your Honorable Body to authorize acceptance of the case evaluation award; and, in the event that Plaintiff accepts the award, to deem such acceptance as a settlement and to direct the Finance Director to issue a draft in the amount of Sixty-Six Thousand Dollars (\$66,000.00) payable to Kaufman, Payton and Chapa, attorneys, and Sheryl Gordon and Francine Gordon, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 07-727926 NF, approved by the Law Department.

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-170 to establish the Sugar Hill/John R Music & Art Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II of the 1984 Detroit City Code be amended by adding Section 25-2-170 to read as follows:

(D) The defined elements of design, as provided for in section 25-2-2 of this code, shall be as follows:

(1) *Height.* Buildings in the district range from one (1) to four (4) stories; the buildings at the higher range are usually apartment buildings that sit on high basements; the single-story buildings are commercial storefronts, and garages, and the mid-height buildings were originally two and one-half (2 1/2) single-family residences, the one-half (1/2) story within the roof. The one-story garage at 99 East Canfield Avenue has an added story set back behind its parapet.

(2) *Proportion of Building's Front Façades.* Commercial buildings on the corner of John R and East Canfield Avenue are wider than tall; apartment buildings are generally taller than wide or as wide as tall. Single-family residences are slightly taller than wide or as tall as wide to their eaves; if including the roofs, they are taller than wide. The church on East Forest Avenue is taller than wide at its front façade, while its side elevations are much wider than tall. Commercial automobile garages are slightly wider than tall but considered with the buildings abutting them, appear as part of a wider row.

(3) *Proportion of Openings Within the Façade.* Storefront windows on commercial buildings and at the ground floor of the apartment building at 87-89 East Canfield Avenue are generally composed of large panes of plate glass above a concrete apron wall and beneath a transom. Entrance openings occupy a variety of positions among the storefronts. Each of the three storefronts at 109-113-117 East Canfield Avenue has a transomed three-part window configuration and a recessed doorway. Its southwest corner entry is on the diagonal, located behind a brick pier. The transom windows are visually subdivided by attached mullions and muntins. The transoms of the rehabilitated, former garage at 99 East Canfield Avenue are filled in with metal louver-like forms, while its central entrance is flanked by a storefront window. On apartment buildings with commercial uses on the first story, such as the Carver Hotel at 87-89 East Canfield Avenue, the residential units are accessed through a central entrance. Apartment buildings generally have individual window units above the ground floor that are often horizontally arranged by floor in a regular fashion, frequently in groups. Double-hung sash windows are twice as tall as they are wide and are sometimes arranged in groupings of two or three per opening. Casement windows with divided lights and steel frame windows also exist in the district. The one religious structure features a large arched window opening above the first floor of the front façade, and four arched nave windows in its sides. Single-family houses feature a variety of window shapes, sizes. The percentages of openings ranges from

thirty-five (35) percent to sixty (60) percent of the front façade areas of contributing buildings.

(4) *Rhythm of Solids to Voids in The Front Façades.* Openings within the façades are generally regularly arranged, horizontally by floor and vertically by bay, due to the classical stylistic derivation of most of the buildings and/or their steel frame and curtain wall construction. Where buildings with similar arrangements abut, the horizontal flow extends to the next building. A rhythm of storefronts at ground level adds to the flow of the buildings on the street level, as on the corner of John R. Street and East Canfield Avenue. Both apartment buildings on John R Street between East Canfield and Garfield Avenues feature three-part bays extending the height of the buildings with one double-hung sash window per face, creating an undulating rhythm. The buildings constructed as single-family dwellings have greater variety in the placement of solids to voids and window sizes and proportions. Windows are arranged in bays, dormers, towers and gables.

(5) *Rhythm of Spacing of Buildings on Streets.* Gaps caused by building demolition alter any regular rhythm of spacing of buildings on streets that might have existed at a previous time. Most of the multi-unit apartment buildings occupy the full width of their lots. Where buildings abut, particularly at the corner of East Canfield Avenue and John R. Street a continuous flow of façades is created. Other, smaller scale buildings often have small side lots, but, because gaps exist throughout the district, there is no identifiable rhythm.

(6) *Rhythm of Entrance and/or Porch Projections.* Where entrances are recessed between display windows, or are spaced evenly between multiple storefronts, a strong rhythm is created. Otherwise, no pattern of entrances and porch projections exist. Entrances of apartment buildings are centered on and flush with their façades; single-family houses have steps leading to the front porch. Concrete slab balconies supported on metal beams have recently been created in the light wells along the sides of the apartment building at 87-89 East Canfield Avenue.

(7) *Relationship of Materials.* The major materials in the district are brick and cast stone. Other major materials include concrete, metal and glass. Face brick on the fronts of buildings often extends into the side elevations but changes to common brick for the majority of the sides and rear. The Palmetto Garage at 62 West Forest Avenue is faced with a limestone veneer in poor condition. The apartment buildings at 71 and 74 Garfield Avenue have decorative glazed terra cotta and 71 Garfield Avenue has a

granite water table and foundation. Window frames, sash and mullions are of wood or metal. Metal tie rods are visible on the façade of the apartment building at 87-89 East Canfield Avenue. Doors on revitalized commercial buildings tend to be aluminum-framed glass.

(8) *Relationship of Textures.* A variety of textural relationships exist in the district, the most common being face brick or tapestry brick with mortar joints, juxtaposed with cast stone trim and/or raised brick trim. Smooth glazed terra cotta tile and granite, where it exists, creates contrast with the brick. Side and rear elevations of apartment buildings generally change to common brick. Rich detailing in limestone or cast stone creates textural interest. Subdivided windows and repetitive window arrangements also contribute to textural effects. In general, the district is rich in textural interest.

(9) *Relationship of Colors.* Natural brick colors — red, burnt orange, brown, light brown, buff, and beige— are major façade colors in the district. Light cast stone trim and concrete, where they exist, provide contrast to the darker materials. The York Apartments at 74 Garfield Avenue features multi-colored terra cotta panels. Color applied to window frames, sash, and mullions range from green, brown, gray, putty and black. The district is generally rich in the variety of coloristic effects. Green awnings, gray metal frames of storefront windows, light gray cladding, and black fencing and/or metal railings are recent features of the district.

(10) *Relationship of Architectural Details.* Architectural details are generally determined by the date, style and function of the buildings in the district. The single-family residential structures reflect the care in ornamentation and craftsmanship of middle-class homes built in the Late Victorian to Edwardian eras. Most apartment and commercial buildings, built in the early decades of the Twentieth Century, have details reflecting either simplified Classical Revival styles such as keystones, rosettas, fan windows, twisted columns and quoins; or medieval sub-styles, including the Palmetto Garage at 62 West Forest Avenue with its sculpted Tudor motifs, and the church at 92 East Forest with simple Neo-Gothic features. Parapet walls of commercial buildings on the corner of East Canfield Avenue and John R Street feature raised pediments and corners, and decorative cresting and brickwork. The one building at 66 West Forest Avenue was designed in a minimalist International style. Many buildings throughout the district bear a nameplate with the name of the building integrated in with its architectural design.

(11) *Relationship of Roof Shapes.* Most roofs in the district are flat and therefore generally not visible from the

street, with the exception of the one religious structure that has a gable roof and single-family residences, which may have various roof shapes depending on style with the main roof being hipped. The former garage at 92 West Forest is covered by a shallow barrel-vaulted wood truss roof structure.

(12) *Walls of Continuity.* Walls of continuity are created by the continuous flow of abutting buildings along the front lot lines, particularly as this occurs in the half-block extending north and east from the corner of East Canfield Avenue and John R Street. Continuity is broken where buildings have been demolished and vacant land exists. Lesser walls of continuity are created by modern street furniture, including steel lighting poles, parking meters, and trees along the tree lawn, where they exist.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* Where buildings are sited at their front lot lines, particularly on East Canfield Avenue and the southwest end of the district on East Forest Avenue, there are no landscape features between the buildings and the concrete public sidewalks. Where tree lawns exist between the public sidewalk and the street curb, they are planted with trees. Where apartment buildings are set back slightly from the public sidewalks, a shallow area of grass turf front lawn exists. Buildings originally constructed as single-family dwellings generally have shallow front lawn with plantings. Most of the curbs lining the streets are concrete, except for those on Garfield Avenue, which are brownstone. Where vacant lots are used for parking adjacent or across the street from the historic district, they are paved with black asphalt and sometimes fenced with tall black metal picket fencing. Other vacant lots in the surrounding area are fenced with chain link.

(14) *Relationship of Open Space to Structures.* Open space generally exists in the form of public rights-of-way in the fronts of buildings, and the sometimes large expanses of open space resulting from building demolition. Where an adjacent building is no longer extant, the vacant lot is used as parking or is left unimproved. Lots along the rear property lines and alleys are frequently fenced with chain link of varying heights. Above storefronts, on East Canfield Avenue at John R Street, modern awnings extend over the public sidewalks and new storefront lighting hangs over the awnings. The common area for retail signage is in a panel above the storefront openings.

(15) *Directional Expression of Front Elevation.* Most front elevations of single-story buildings express horizontality, an impression reinforced by the repetition of similar storefronts along the street and

the low height of the buildings. The front elevation of the single religious structure is emphatically vertical; the apartment buildings are generally vertical or neutral in directional expression, and single-family residential buildings are generally neutral in directional expression to their eaves.

(16) *Rhythm of Building Setbacks.* Most buildings in the district are set directly on their front lot lines, the exception being two single-family dwellings that have set backs for front yards. The Randora Hotel, at 92 Garfield Avenue, is also set back since it was converted from a large single-family residence. Any rhythm that previously existed in the district, except for the concentration of the buildings on the north side of the block of East Canfield Avenue and the west side of John R Street, has been altered by mixed-use development and building demolition.

(17) *Relationship of Lot Coverage.* Apartment buildings occupy most of their lots, with the exception of what has been excluded for light courts, where they exist on the side elevations. Single family residential buildings take up far less of their lots, with the exception of the building at 4635 John R Street which has no rear yard. Lot coverage in the district ranges from approximately thirty (30) percent to one hundred (100) percent.

(18) *Scale of Façades and Façade Elements.* The scale of façade elements is appropriate to the style, size and function of the buildings, and ranges greatly from building to building. The district is composed of small-scale commercial buildings with large expanses of storefront windows; single-family houses with moderately scaled architectural elements and small-scaled details; and moderately scaled multi-unit apartment buildings with small-to-moderately scaled elements and details. In general, large elements, such as pilasters, embellished cornices, and window units, are often balanced with ornamental, repetitive small-scaled detail throughout the district. The church is moderately scaled for a religious structure.

(19) *Degree of Complexity Within the Façades.* The degree of complexity ranges from the simple to moderately complex. Arrangements of windows, elements and details within are generally regular and repetitive in nature.

(20) *Orientation, Vistas, Overviews.* The primary orientation of the buildings is towards the east-west side streets between Woodward Avenue and John R Street, with the exception of the two apartment buildings that front on John R Street and the commercial building

entrance on the northwest corner of East Canfield Avenue and John R. Street. Vistas towards the Dingell Veterans Hospital to the east of the district and Wayne State University housing to the west terminate the vistas from the district facing east and west; downtown Detroit to its south and the Detroit's Cultural Center to the north place the Sugar Hill/John R Music & Art Historic District in an architecturally diverse and historic setting.

(21) *Symmetric or Asymmetric Appearance.* While most building façades above the first story are symmetrical, the district as a whole is asymmetrical in appearance due to the differences in architectural treatments, building scale, and major gaps in the streetscapes.

(22) *General Environmental Character.* The small, two-block area of mixed use, sparsely occupied property consisting of fourteen (14) primary buildings (several empty), and vacant lots (many overgrown with weed), shows signs of revitalization. At the corner of East Canfield Avenue and John R Street, commercial buildings and apartment buildings are newly put back in use. Situated in Midtown, the Sugar Hill/ John R Music & Art Historic District is a pocket of an area that has seen more recent development, such as that within the Detroit Medical Center and Wayne State University, and the adaptive reuse of older buildings, such as the Garfield Building and the David Whitney House, as well as the establishment and renewal of major cultural institutions, such as the Detroit Institute of Arts and MoCAD. Sandwiched between the Medical Center and the Cultural Center, Sugar Hill is poised to undergo its own transformation as part of a revitalized Midtown.

**Water and Sewerage Department**

November 19, 2008

Honorable City Council:

Re: Water Service Contract Between City of Detroit and City of Fraser.

The City of Fraser in Macomb County has agreed to a new thirty-year water service contract with the City of Detroit. This contract is based upon the model water contract that was discussed in detail before the Public Health and Safety Standing Committee on May 19, 2008. As discussed in Committee, the new contracts have a term of thirty years and will replace any and all prior water service agreements between the City of Detroit and the City of Fraser. The terms of each contract negotiated are essentially identical, with the exception of the two contract exhibits. Exhibit A of the contract sets forth the customer's service area and metering information. Exhibit B of the contract sets forth the particular service level needs of the customer.

Your approval of the new water service contract with the City of Fraser, with a waiver of reconsideration, is requested. The Board of Water Commissioners

approved this water service contract on November 19, 2008.

Respectfully submitted,

\*WAIVER OF RECONSIDERATION (No. 34) per motions before adjournment.

Council Member Collins moved to move the following Agenda Item 21 from referral to Planning & Economic Development Standing Committee to New Business for vote: City Planning Commission reso. autho. Installation of sign(s) on building located at 601 Washington Boulevard facing West Congress Street; seventy-five square feet in size, with LED display comprising thirty (30) square feet of that, proposed to be mounted at the top of building wall; a full-color LED sign within a static sign with the name Health Management Systems of America (tenant) and the building address. (City Planning Commission and Planning and Development Department has completed their review of the proposed sign and finds that it would be in keeping with the spirit and intent of the Public Center Adjacent District and Zoning Ordinance, Section 61-11-96, therefore recommends approval of the location and design of proposed sign.), which motion prevailed:

**City Planning Commission**

January 8, 2009

Honorable City Council:

Re: Installation of signs on the building located at 601 Washington Boulevard (Recommend Approval).

The staff of the City Planning Commission (CPC) received a sign permit application for one sign, incorporating a full-color changeable-message screen and a static sign to direct cars to the businesses located at the northwest corner of Washington Boulevard and West Congress Street. The proposed sign is to be mounted on the building at its southeast corner. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Section 61-11-96 of the Zoning Ordinance). CPC and P&DD staff has reviewed the application and submits this report and recommendation.

**PROPOSED SIGN**

The proposed sign is designed to help people better find the entrances to the building and to describe who the tenants are. The proposed sign is seventy-five (75) square feet in size, with the LED display comprising 30 square feet of that, and is proposed to be at the top of the wall (see attached graphics). It would face West Congress Street. It would be a full-color LED sign within a static sign, either externally- or non-illuminated, with the name of the building tenant, Health Management Systems of America, and the building address.

**REVIEW**

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-96), reviews of proposed signs should be conducted in light of the following criteria, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." The proposed sign could meet this criterion, depending on its operation. The challenge with any LED sign is that it can be operated in a variety of manners which may or may not meet the requirements of City Code. If operated to display on-premises information or non-commercial messages/images and the images are static "slides" and they change no more frequently than once every one minute except in a combined time and temperature sign, where the change cycle shall be not less than thirty (30) seconds, (per Sec. 61-6-70 of the City Code), then the sign would meet the City's operating requirements.

**RECOMMENDATION**

CPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. We find that the sign would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed sign. Please find attached the appropriate resolution to effectuate your approval.

### Invocation

Gracious God, we thank You for this day. We thank You for being a God who can do anything but fail. We thank You for being a God who knows all about us and creating us in Your own image. Lord, I ask Your blessings upon the City of Detroit on today. I ask that You would bless those persons who live in the City, bless those who work in the City and bless those who are affiliated with the City. We thank You for our current leadership and we ask that You would strengthen each of them as they try to move our City forward in the direction that You would have it to go. God bless and cover this great Council and aid them as they make decisions on behalf of our City. Cover President Conyers as she leads this Council and give her the wisdom that she needs to do the best that she can, as she works with the Council Members, to honor Your desires for Your City. God reach down and touch those who may feel that You have forgotten about them. Reach down and help those who are looking for You in all the wrong places. Speak to those who are hurting and heal their hearts on today. Lay Your supernatural hands on the sick and heal them from their ailments. Come into the homes that are broken and restore them. Walk through the churches and encourage the children of God to continue working, because their work is not in vain. God we thank You for Your love, Your grace, Your mercy, Your kindness, Your strength, Your faithfulness, Your power and Your joy. You said in Your word, ask and it shall be given, seek and ye shall find, knock and the door shall be opened unto you. So God we ask for peace in our City on today. We ask for joy in our constituents on today. We ask for power to prevail over our obstacles on today. We asked for restora-

tion for the City of Detroit. We ask for the spirit of comradre amongst our Council Members. We ask for vision in our Council Members. We ask for wisdom in our Council Members. And we ask for Your choice to come forth as the mayoral leader of this great City. God I ask that You would cover the children who live in the City of Detroit and place Your hand upon the School District and let Your will be done. We ask all of these things in Your name, Amen.

Re: Wholesale Distribution Center No. 3 Project Development: (Part of) 3500 Riopelle.

On November 19, 2008, a public hearing in connection with the proposed transfer of the captioned property in the Wholesale Distribution Center No. 3 Project was held before your Honorable Body. All interested persons and organizations were given an opportunity to be heard.

The proposed redeveloper has submitted satisfactory evidence that they possess the necessary financial resources required to develop land in accordance with the Development Plan for the project.

We, therefore, request that your Honorable Body authorize and confirm the sale and authorize the Planning and Development Department's Director, or his authorized designee, to issue a quit claim deed to the property and such other documents as may be necessary to effect the sale, in the Wholesale Distribution Center No. 3 Project, with Rocky DFD MHPTC, LLC, a Michigan Limited Liability Company, for the amount of Eighteen Thousand and 00/100 Dollars (\$18,000.00).

**Planning & Development Department**

November 18, 2008

Honorable City Council:  
Re: Correction of Legal Entity. Development: Parcel 225.

On September 10, 2003, your Honorable Body authorized the sale of the above-captioned property to Sacred Heart St. Elizabeth Community Development Corporation, a Michigan Non-Profit Corporation, for the purpose of constructing ninety-five (95) infill, brick-faced vinyl-sided single-family homes.

It has come to our attention that the name of the legal entity was issued in error and that the Offeror now desires to modify their original proposed develop-

ment from the construction of ninety-five (95) to twenty four (24) housing units. Accordingly, the sale to Sacred Heart St. Elizabeth Community Development Corporation, a Michigan Non-Profit Corporation should be amended to show Sankofa Village LDHALP, a Michigan Limited Partnership, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from Sacred Heart St. Elizabeth Community Development Corporation, a Michigan Non-Profit Corporation to Sankofa Village LDHALP, a Michigan Limited Partnership and an amendment to the sales resolution to reflect a change in the number of housing units from ninety-five (95) to twenty-four (24).

Respectfully submitted,

This is the 2nd deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabili-

tation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

**NEW BUSINESS**  
**City Planning Commission**

January 23, 2009

Honorable City Council:

Re: The Proposed Capital Agenda 2009-10 through 2013-14.

The Budget Department has prepared and issued the proposed Capital Agenda 2009-10 through 2013-14 in accordance with the provisions of Section 8-202 of the City Charter. Council has received the proposed Capital Agenda and referral was made to the Budget Finance and Audit Standing Committee. The Standing Committee subsequently referred the matter to the City Council divisions for review and processing.

The City Planning Commission (CPC), Historic Designation Advisory Board and Research and Analysis Division staff have reviewed the document. Initial findings were provided to the City Planning Commission at the Commission's meeting of January 8th. The Budget Department and the Fiscal Analyst participated in the presentation rendered at that time. Action was taken by the Commission on January 22nd and the Commission's recommendations are forthcoming.

According to Section 8-202(2D) of the Charter, the Council may delete any projects in the proposed Capital Agenda it desires. However, the Council may not otherwise amend or revise the proposed Capital Agenda without first having requested, and allowed for a 30-day response period, recommendations from the Director of the Planning and Development Department (P&DD). Furthermore, the Charter indicates that the Council is not bound by those recommendations and may act without them if they are not received within the requisite 30 days. Section 8-202 (4) states that if the Council fails to act on or before March 1, the Proposed Capital Agenda shall be deemed approved as submitted.

In order to meet the March 1st deadline the request for recommendations would have to be made no later than Tuesday, January 27th. During the 30-day response period for P&DD the Council would continue its review of the Proposed Capital Agenda, address project questions and concerns to authoring agencies, hold the required public hearing and formulate desired modifications.

CPC staff has prepared for your consideration a resolution making the request for recommendations from the Planning and Development Department or planning director per the Charter. You may desire to

act upon it today, thus providing some leeway in the timeline or take up the matter on Tuesday, January 27th.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director

By Council Member Reeves:

Whereas, The Detroit City Council has received and is currently in review of the Capital Agenda for 2009-10 through 2012-14; and

Whereas, Section 8-202(2D) of the Detroit City Charter states that "*The City Council may delete projects from the capital agenda as submitted to it, but it may not otherwise amend the capital agenda until it has requested the recommendations of the planning director*"; and

Whereas, The City Council desires not only the ability to delete, but also to amend the Proposed Capital Agenda as submitted.

Now, therefore, be it

Resolved, That pursuant to the provisions of the City Charter the City Council hereby formally requests recommendations of the director of the Planning and Development Department (the planning director) as it concerns the Proposed Capital Agenda for 2009-10 through 2013-14.

Adopted as follows:

Yeas — Council Members S. Cockrel, Jones, Kenyatta, Reeves, Tinsley-Talabi, and President Conyers — 6.

Nays — Council Member Watson — 1.

Honorable City Council:

Re: 2009 Guidelines for Property Tax Exemption.

The Citizens Board of Review revised the income guidelines and the application, which are to be used in evaluating 2009 petitions for poverty exemption from property taxes. The enclosed procedures and guidelines are being submitted to your Honorable Body for adoption pursuant to Public Act 390 of 1994.

The Board of Review will begin processing petitions for poverty exemption on or about February 1, 2009 and therefore, will need to have guidelines adopted by your Honorable Body on or before that date.

Respectfully submitted,  
ELOREEN SMOTHERS

Manager I

By Council Member S. Cockrel:

Whereas, Pursuant to P.A. 390 of 1994 Sec 7u the governing body of the local assessing unit shall determine and make available to the public the policy and guidelines the local assessing unit uses for the granting of exemption under this section.

Whereas, The attached documents have been developed by the Board of Review for reviewing petitions for the year 2009, Now Therefore Be It

Resolved, That the attached document is approved for use in reviewing poverty petitions for the year 2009.

**Detroit Citizens Board of Review Process for Reviewing Poverty Exemption Application**

1. The Applicant must own and occupy the Property as their primary Homestead.

2. A Homestead with a Taxable Value of \$110,000, and above will not be considered for exemption unless there are extenuating circumstances. **All Homesteads and/or any applicant with this set of circumstances must submit signed legal and/or medical documentation to the Board of Review.**

3. Taxpayer's household income that does not exceed \$2,500 over the stated guidelines for full exemption can be granted a fifty-percent (50%) partial exemption.

Applicant is required to complete a 5-page application form along with **ALL** required documentation verifying family composition, all sources of annual income, i.e., rents, Family Independence Agency grants, Michigan Homestead credit, medical and household bills, all other assets, bank statements and other pertinent data requested on the application. (A copy of application is attached.)

The Applicant is required to submit to the Board of Review the federal and state income tax returns for all persons residing at the property, including any property tax credit returns, filed in the immediately preceding year or in the current year or submit the enclosed affidavit explaining why no income tax returns were filed and submit a signed release of information request for any and all authorities or services requested including IRS, State of Michigan, etc. **The applicant is also required to submit to the Board of Review the most current report card (or a transcript) containing the address for all school aged persons residing at the property or with other documentation supporting residency.**

4. HOUSEHOLD (RELATED AND NON-RELATED) COMPOSITION AND ANNUAL INCOME — While recognizing that there is no universally agreed upon view as to what constitutes poverty, the Detroit Board of Review has established the following maximum eligible income as a "guideline" and as an aid in eliminating subjective judgments for reviewing 2009 petitions.

Number in Household	Maximum Income for Full Exemption	Maximum Income for Partial Exemption
1	\$16,660.00	\$19,160.00
2	\$19,950.00	\$22,450.00
3	\$22,100.00	\$24,600.00
4	\$25,600.00	\$28,100.00
5	\$31,168.00	\$33,668.00
6	\$32,390.00	\$34,890.00

Add \$3,667.00 to the income limit for each household member above six.

In addition, the total household assets (i.e. bank accounts, rental properties, boats, campers, stocks, bonds, IRA's, etc.) **SHALL NOT** exceed \$5,000.

5. Each application is reviewed as to its individual circumstances based upon all facts submitted by the applicant. The Board of Review in judging the taxpayer's ability to meet the tax obligation utilizes all information. If the taxpayer is within the above guidelines, the taxpayer will be granted a full or partial exemption. If the taxpayer is outside the above guidelines, the exemption will usually be denied.

If the taxpayer shows extraordinary circumstances that are substantial and compelling, the Board of Review may deviate from the above guidelines and grant or deny a full or partial exemption. In such an instance, the taxpayer shall be advised in writing of the substantial and compelling reasons for the granting or denying of an exemption and the reason shall also be noted on the application. These guidelines are in accord with the amendments to Section 7(u) of M.C.L.A.211.et seq.

It should be noted that each taxpayer's circumstances are considered anew each year.

#### **CITY PLANNING COMMISSION**

5. Submitting reso. autho. Adoption of the Proposed Detroit Master Plan of Policies with Modifications (May, 2008 Draft). (City Planning Commission reiterated that the Master Plan is only a set of guidelines and general policy; the revised Plan will allow for specific land use and redevelopment plans, on a neighborhood level, through the supplement process. Also, members of the public that were against the Plan and those neutral, were concerned about specific conditions such as lack of activities for youth, no infill housing, no tree trimming, the demolition of an industrial property with unknown possible environmental impacts, and abandoned properties; those in favor of the Plan spoke about specific neighborhood concerns. There was also concern about how the Neighborhood Stabilization Program Funds would be allocated. Cluster 10 concerns included "not being included" in the Plan, as well as, the lack of infill housing in an area that was once stable, and the lack of activities for youth. Cluster 10 stated goals to: reinforce sound neighborhood; revitalize neighborhoods with poor housing conditions; and to increase open space and recreational opportunities. It should be noted that future land use recommendations are included for the entire city, etc.)

6. Submitting report relative to Petition of Salvation Army Detroit Headquarters (#3123), requesting rezoning of property located at 3700, 3748 Humboldt, 2637 Selden; and 3785, 3727, 3721, 3715,

3705 Eighteenth Street from a Two-Family Residential District (R2) district classification to a Planned Development District (PD) classification; to amend Article XVII, Map No. 44 of Chapter 61, Article III, Division 3 of the 1984 Detroit City Code, Zoning; property generally bounded by Selden Avenue, Humboldt Avenue, Eighteenth Street, and Magnolia Avenue. (Awaiting reports from Board of Zoning Appeals and Planning and Development Department.) (City Planning Commission indicated that the rezoning has been requested to allow for the building of an emergency shelter and transitional housing facility for adult males, which would expand the current Acres of Hope campus and would be open and staffed 24 hours a day, 7 days a week; presently vacant land with the exception of a non-conforming commercial warehouse which would remain. CPC notes testimony and concerns under the general rezoning approval criteria of Sec. 61-3-80 of the Zoning Ordinance, specifically Subsections (3) regarding whether the amendment will protect the health, safety, and general welfare of the public and (6) regarding whether the proposed amendment will have significant adverse impacts on other property that is in the vicinity of the subject tract. Therefore, City Planning Commission recommends DENIAL of this development proposal based on the provision of Secs. 61-3-80, 61-3-96, and 61-12-89 of the Detroit Zoning Ordinance.)

Therefore, Northeast Guidance Center is requesting an Amended Development Agreement to extend the development period to December 31, 2009 and an Assignment of the Development Agreement from Northeast Guidance Center, a Michigan Non-Profit Corporation to NEGC Conner

#### **PUBLIC COMMENT**

**WYOMAN MITCHELL** — expressed concerns relative to crime occurring in the city, not only at night but also in broad daylight. He feels it has a direct correction to the drug epidemic and believes that the most important element in preventing crime is citizens watching out for one another.

**CHERYL COLEMAN, President/CEO, Northeast Guidance Center** — thanked the City Council for their support in helping the Northeast Guidance Center build their \$6 million campus, which will be located on Conner at Charlevoix. She advised that it will be a green building with a 100-seat virtual training center. It will support the Jail Diversion and Supportive Housing Programs as well as many other services that Northeast Guidance Center provides to the city.

Council Member Reeves motioned that the matter be placed on the "new business" agenda for a vote today, and Member Watson supported.

**RUDOLPH V. MORGAN** — expressed concerns relative to Homeland and Airport security, noting the double standard surrounding VIP's who are oftentimes drug dealers. He wanted to know what had happened to the money slated for demolition of vacant structures, commenting that many are still standing.

**JERRY GOLDBERG, Moratorium Now Coalition to Stop Foreclosures and Evictions** — asked that the City Council pass a resolution supporting the Wayne County Sheriff's formal application to Governor Granholm, asking that she declare a six-month moratorium on foreclosures in the Wayne County.

**PASTOR GARY ROQUEMORE** — asked for City Council's assistance in acquiring tax exemptions for properties located at 3211 Glendale and 9901-9903 Mendota that were purchased by his church.

**EVANGELIST EUNICE WASHINGTON, Pastor of Fifth Avenue Missionary Baptist Church** — informed the Council that the City of Detroit has inadvertently sold her church, which was tax exempt, and has also torn down a building they were in the process of buying. She further advised that the City has dug up two lots owned by the church, located next door, without permission. These problems have been going on since 2000. Without an eviction notice ever being issued, her belongings were removed from the building. Pastor Washington is appealing to the City Council for its assistance in restoring her church.

Council President Conyers referred the matter to the Mayor's Office, Law Department and also the Planning and Economic Development Standing Committee for follow-up.

**SAUNTEEL JENKINS, Director of the Substance Abuse Treatment Program at Mariners Inn** — advised that her agency is in dire straits and is currently awaiting over \$220,000 in payments from the City of Detroit for October, November and December, 2008. The Health Department has been working diligently to help them obtain the overdue payments. On more than one occasion, they were told that the payments are being held up by City Council. They are appealing to City Council for assistance.

The matter was referred to the Mayor's Office with a request by City Council to expedite the contract, so that it may be voted on during the next formal session.

#### **Planning & Development Department**

January 12, 2009

Honorable City Council:

Re: Amendment of Sales Resolution. Development: 2920, 2950, 2970 Conner; 2912, 2916, 2922 & 2932 Anderdon.

On June 13, 2007, (JCC Page 1527), your Honorable Body authorized the sale of the above-captioned property to Northeast Guidance Center, a Michigan Non-Profit Corporation for the purpose of constructing a mental health/substance abuse care facility for the expansion of their existing counseling activities.

Northeast Guidance Center has informed the Planning & Development Department that due to unavoidable circumstances they were not able to complete the project within the time allotted in the present Development Agreement. The delay stemmed from financial constraints experienced by Northeast Guidance Center which has led to the formation of NEGC Conner Campus, Inc., a Michigan Non-Profit Corporation, a single purpose entity created to secure the final construction funding necessary for completion of the development.

Northeast Guidance Center is requesting that the Development Agreement be amended to extend the development period to December 31, 2009, and an Assignment of the Development Agreement from Northeast Guidance Center, a Michigan Non-Profit Corporation to NEGC Conner Campus, Inc., a Michigan Non-Profit Corporation. Under the terms of an Assignment, Assumption and Consent Agreement, NEGC Conner Campus, Inc., will then complete the construction of the development.

The Planning & Development Department has reviewed the request of Northeast Guidance Center and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement. NEGC Conner Campus, Inc. possesses the qualifications and has indicated potential financial resources necessary to develop the land in accordance with the Development Plan. The disposal of this land by negotiation is an appropriate method for making the land available for redevelopment and the proposed

Assignment, Assumption and Consent Agreement is in satisfactory form.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the Development Agreement to extend the completion period of the development.

We, further, request that your Honorable Body adopt the attached resolution authorizing and approving an Assignment, Assumption and Consent Agreement between Northeast Guidance Center, a Michigan Non-Profit Corporation, NEGC Conner Campus, Inc., a Michigan Non-Profit Corporation and the City of Detroit, a Michigan Public Body Corporate.

Respectfully submitted,

DOUGLASS J. DIGGS

Director

By Council Member Collins:

Resolved, That the agreement to purchase and develop property described on the tax rolls as:

#### **Exhibit A**

be amended to reflect that the completion of construction be extended to December 31, 2009.

And be it further,

Resolved, That the Planning & Development Department's Director or his authorized designee, be and is hereby authorized to execute an Assignment, Assumption and Consent Agreement for the described property between Northeast Guidance Center, a Michigan Non-Profit Corporation, NEGC Conner Campus, Inc., a Michigan Non-Profit Corporation and the City of Detroit, a Michigan Public Body Corporate.

**RESOLUTION REQUESTING THE CITY  
ADMINISTRATION & LAW  
DEPARTMENT RESCIND THE  
SYNAGRO SLUDGE CONTRACT**

By COUNCIL MEMBER KENYATTA,  
Joined By COUNCIL MEMBER  
WATSON:

WHEREAS, The President of Synagro Michigan, James R. Rosendall, Jr., pleaded guilty to conspiracy to commit bribery, and

WHEREAS, Mr. Rosendall's guilty plea arose out of his desire to win approval of a sludge disposal contract with the City of Detroit, and

WHEREAS, Mr. Rosendall has testified in his plea hearing on January 26, 2009 that the contract was procured by Synagro through criminal means and specifically implicated certain unnamed city officials in that effort, NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby calls upon the city's administration & corporation counsel to take all necessary legal steps required to protect the city's interests and pursue all legal remedies available under the law to terminate the contract.

Adopted as follows:

Yeas — Council Members Collins, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President Conyers — 7.

Nays — Council Member S. Cockrel — 1.

**STATEMENT BY COUNCIL MEMBER  
SHEILA M. COCKREL REGARDING  
"NO" VOTE ON RESOLUTION  
REQUESTING THE LAW DEPARTMENT  
TO RESCIND THE SYNAGRO SLUDGE  
CONTRACT**

I voted "no" on the resolution requesting the Law Department to rescind the Synagro sludge contract because the resolution is improper, premature and asks the Law Department to take an action that could potentially subject the City to legal action. I merely wanted the Law Department to provide the City Council with an updated legal opinion with regard to the legality of the *Minergy Detroit, LLC Amended and Restated Contract* in light of the recent guilty plea of James Rosendall before we voted on the resolution. My colleagues wanted to vote without a properly updated legal opinion.

I believe there are a multitude of legal issues in play at this time. Does Rosendall's guilty plea that *he* acted criminally render the contract null and void? Must a court of law declare the contract illegal? Must the City abide by certain default provisions in the contract in order to legally terminate the contract? Does Minergy Detroit have any legal rights to defend the validity of the contract? Does the *implication* that *unnamed* city officials participated in criminal acts render the

contract null and void? Must there be a conviction or guilty plea of one or more city officials to render the contract void?

This Council should proceed only after being fully and competently advised by our legal counsel as to the City's legal obligation and risks. I believe it is poor public policy, for the sake of political theater and headlines, to enact hastily drafted resolutions when we have not been properly advised.

**MEMBER REPORTS**

**CONYERS**

- Submitted a FOIA request from Perkins & Innis, PLLC dated January 8, 2009. REFERRED TO THE LAW DEPARTMENT FOR REVIEW AND RESPONSE.

- Requested that someone from the Buildings and Safety Engineering Department go over to Alden Park Towers to find out why elevators in the D, B and A towers are not working. REFERRED TO THE BUILDINGS AND SAFETY ENGINEERING DEPARTMENT FOR REVIEW AND RESPONSE.

- Submitted a memorandum relative to the lack of EPU Officers. REFERRED TO SERGEANT-AT-ARMS FOR REVIEW AND RESPONSE.

- Submitted memorandum requesting information relative to total travel expenditures for 2006 through January, 2009, etc. REFERRED TO THE GENERAL RETIREMENT SYSTEM FOR REVIEW AND RESPONSE.

**WATSON**

- Hopes that that her colleagues will approve the Detroit Policy Council resolution recommended by Malik Yakini. In her opinion, this would put the City of Detroit in line with all the other major cities in the nation who have a food policy council, which has oversight over the food product and the food access for Detroit citizens. When it was first brought to the Council table back in December, some colleagues felt that they had not been given enough time to study it. CATHERINE UNDERWOOD, CITY PLANNING COMMISSION, HAS BEEN DIRECTED TO BRING THE MATTER BACK FOR A VOTE AT THE NEXT FORMAL SESSION.

- Advised that the Wayne County Prosecutor, Kym Worthy, would like to come back to City Council for further discussion surrounding the crime lab issue. President Pro Tem. Watson feels that in light of the potential liability for the city from people who have been convicted based on crime lab evidence that may have been tainted, it is imperative that

there be a follow-up to the first discussion. She asked that the clerk schedule a discussion as soon as possible. She was advised by President Conyers that the Clerk's Office is in the process of setting up that discussion.

#### **COCKREL**

- Renewed her request that an updated legal opinion relative to the Synagro contract rescission matter be forwarded to all council members.

- Saluted the court and Judge Kenny, in particular, for his efforts in setting up a new mental health program. She believes that the Detroit Wayne County Mental Health Board and the courts should be commended for obtaining grants, and also the State of Michigan for providing some of the necessary funds.

#### **COLLINS**

- Has been informed that demolition money has been or is being used to board up homes and not for demolition purposes. She was also told that there is only one builder contracted with the city to board up homes, and he is located outside the city. Member Collins is asking that the Fiscal Analysis Division look in how the demolition money is being used. REFERRED TO THE CITY COUNCIL FISCAL ANALYSIS DIVISION FOR REVIEW AND RESPONSE.

#### **KENYATTA**

- Requested a copy of all health and safety inspections performed over the last three years on the Coleman A. Young Municipal Center. REFERRED TO BUILDINGS AND SAFETY ENGINEERING DEPARTMENT AND THE DETROIT-WAYNE JOINT BUILDING AUTHORITY FOR REVIEW AND RESPONSE.

#### **TINSLEY**

- Submitted a resolution creating a 2010 Census Task Force. PLACED ON THE JANUARY 29, 2009 ADJOURNED SESSION AGENDA FOR A VOTE.

#### **REEVES**

- Requested that the Research and Analysis Division submit a report pertaining to the residency clause. She has received conflicting information and is asking for clarity on the issue. President Conyers directed that the information be distributed among all council members. REFERRED TO THE CITY COUNCIL RESEARCH AND ANALYSIS DIVISION FOR REVIEW AND RESPONSE.

#### **JONES**

- Advised that prior to City Council going out on recess, she submitted a privileged and confidential report from Research and Analysis to the Law Department regarding the Department of

Administrative Hearings. She would like the Law Department to forward a response to the Research and Analysis report.

- Announced that Second Ebenezer Church will be having a free health screening on Saturday, February 7th from 10:00 a.m. to 3:00 p.m. The event will be open for all Wayne County residents.

**TESTIMONIAL RESOLUTION  
FOR  
JOHNNY O'NEAL**

By COUNCIL MEMBER REEVES:

WHEREAS, Johnny O'Neal's appearance in the blockbuster film "Ray" soared his career to new levels. In the Hollywood film, Ray Charles, played by Jamie Foxx, goes to a nightclub to see legendary Toledo jazz pianist Art Tatum — played by O'Neal. During filming, O'Neal played three or four songs, although only one — "Yesterdays" — made it to the silver screen, and

WHEREAS, "That was a real honor for me, and for Toledo audiences, to play the part of Tatum — one of the greatest pianists ever." A lot of people asked Johnny what Tatum record he was playing along with. "I was playing live! That was me," he said. Following the success of "Ray", the Ray Charles Band asked Johnny to take the piano chair for its major venue tour in 2005. This band is just the latest to seek Johnny's talents. Johnny's enormous musical gifts were immediately apparent to jazz icon Ray Brown and led to his 1983 debut album "Coming Out". Stints with Ray Brown, Milt Jackson and Art Blakey's Jazz Messengers soon followed, and

WHEREAS, Johnny has been tapped for appearances by Ray Brown, Milt Jackson, Dizzy Gillespie, Joe Pass, Nancy Wilson, Anita O'Day, Lionel Hampton, Kenny Burrell, Sonny Stitt, Benny Golson, Eddie "Lockjaw" Davis, and Clark Terry, among others. Performances on the festival circuits in Europe, Australia, Japan and a recent tour of South Africa have gained Johnny an international following, and

WHEREAS, "Johnny is outstanding in his ability to interpret a wide range of material with ease and sensitivity," according to Parkwood Records' Hugh Leal. His versatility was showcased on his debut recording for Justin Time, "On the Montreal Scene", which soulfully interweaves gospel, blues and mainstream jazz. Jim Little, who writes regularly for the Montreal Weekly Hour, proffered, "O'Neal offers up a serving of the blues and gospel ingredients that help make him such a tasty player, and

WHEREAS, Astonishingly, Johnny is largely self-taught. His playing evokes the influences imbued in him by his idols Oscar Peterson and Art Tatum, and he has reshaped these elements into his own very swinging and melodic approach. In live performances, he is apt to catch his

audience off-guard with his soulfully rendered yet unpretentious vocalizations, and

WHEREAS, Johnny admits to loving to shout the blues but calls himself a piano player first. There have been three notable events in Johnny's career that continue to inspire him: an appearance at Carnegie Hall early in his career when he was the opening solo pianist for Oscar Peterson, his 1998 induction into the Alabama Jazz Hall of Fame and playing the role of Art Tatum in the award winning feature film "Ray", and

WHEREAS, Johnny explains, "I'm a tune guy. I know 1,500 songs. My father was a pianist and singer who emphasized that learning lyrics created dynamics and a better interpretation of melody. I rehearse so that the bassist, drummer, and I can get familiar with each other's styles, not to set the songs we'll play. Jazz is the highest level of performance because it's instant composition. I like to be spontaneous and respond to cues from the audience. "I just want to play and preserve the style of the jazz masters," emphasizes Johnny. Dedication to that mission statement is evident in his innovative interpretations of the jazz classics, and his own lyrical compositions. NOW, THEREFORE BE IT

RESOLVED, That Council Member Martha Reeves and the Detroit City Council recognize and honor the many accomplishments of renowned pianist and vocalist Johnny O'Neal; an extremely moving musician whose blend of styles can take your breath away.

Adopted as follows:

7. Submitting report relative to Petition of Southwest Housing Solutions (#3101), request to outright vacate a public alley north of Michigan Avenue, east of Campbell Street and west of Thirty-Fifth Street. (Department indicates that outright vacation of the T-shaped alley will create a dead-end alley, which is typically unacceptable to the Public Works/Traffic Engineering Division because of the hardship to residents and from impaired abutting property owners who utilize the alley for ingress-egress; Southwest Housing Solutions has submitted a letter of concurrence from only one property owner but has not secured the consent of private owners; furthermore an outright vacation involves the relocation of existing utility lines at the petitioner's expense; as well as liability for all claims and damages resulting from such action. Public Works/City Engineering Division who has jurisdiction over alley with commercial interest is working to find a possible solution and will submit a report.)

8. Submitting report relative to Approval of Petition of Steve's Soul Food Restaurant c/o Dr. Steven Radden (#3094), for hearing relative to variance of code to allow for an additional seven (7) inches to accommodate an on-premise business sign to project over the public sidewalk in front of property located at 1440 East Franklin. (Department indicates that City Code allows for twenty-four (24) inches of encroachment over public sidewalk whereas petitioner is requesting thirty-one (31) inches in a SD-4 (Special Development District, Riverfront Mixed Use) Zoning District, therefore, the recommendation is for CONDITIONAL APPROVAL; the sign shall not be located over any windows or significant architecture features with approval by the Buildings and Safety Engineering Department as structurally sound; all pertinent entities be provided with a color photo simulation of the sign, with dimensions, specifications, and locations of the sign on the premise for final approval.)

9. Submitting report relative to Petition of Salvation Army Detroit Headquarters (#3123), requesting rezoning of property located at 3700 Humbolt, 2637 Selden, and 3785, 3727, 3721, 3715, 3705 Eighteenth Street from a two-family Residential District (R2) classification to a Planned Development District (PD) classification; to amend Article XVII, Map No. 44 of Chapter 61, Article III, Division 3 of the 1984 Detroit City Code, Zoning; property generally bounded by Selden Avenue, Humboldt Avenue, Eighteenth Street, and Magnolia Avenue. (Department indicates that review Pursuant to City Charter Sections 6-202

and 6-204; the petitioner is requesting construction to allow for an emergency shelter and transitional housing facility for adult males in an area marked by a declining residential neighborhood; institutional use is compatible with and will serve to expand the existing Salvation Army Acres of Hope campus with the proposed development, a one-story structure in scale with the surrounding residential neighborhood; adequate parking for staff and visitors; DDOT bus service via the Tireman, Fenkell, and Crosstown (Warren) lines; SMART service along Grand River; therefore, the Master Plan of Policies Agreement reveals that no amendment is necessary because development conforms to future land use designation of "RM", Low-Medium Density Residential for subject area.)

(Department indicates that Michael Kosteck suggested that City Engineer, Jessie Jacob exhibited unprofessional conduct by disagreeing with him during the meeting with utilization of a tone of voice he considered to be incon-

siderate, degrading, and embarrassing; suggesting him to be technically incompetent to perform the duties of the job, etc. This Department submits documentation that Mr. Kosteck has been terminated from City employment because of poor work performance; at the November 18, 2008, specifically, Mr. Kosteck's role was to previously review the consultant's design and provide applicable comments. Mr. Kosteck provided 14 pages of documents one day prior to meeting, 15 pages the morning of the meeting, and 33 more pages of comments at same meeting; same comments served to be useless, consistent with employee's prior efforts, which have resulted in key projects not progressing in a timely manner. A water main broke which caused flooding. Complaint has been made to the Water and Sewerage Department. **AMER APPLING (Kabaz Cultural, Inc.):** Mr. Appling states the situation is allegedly serious at the Kabaz Center. The Center does much for the area's senior citizens, youths, cleanliness of neighborhood. They're unable to function due to the flooding. Inside the building is a wood shop and basketball court.

**JOANN WATSON:** I had no idea the Center had been flooded out for thirteen months. I WANT THIS MATTER REFERRED TO THE WATER AND SEWERAGE DEPARTMENT TO DO THE MEDIATION FOR REOPENING OF THE CENTER.

THE STATUS REPORT RELATIVE TO THIS MATTER SHOULD BE ROUTED TO THE NEIGHBORHOOD AND COMMUNITY SERVICES STANDING COMMITTEE. The reopening of recreation centers involve a quality of life situation for residents.

Realtalk FM is not a sponsored show on WGPR. Economy is bad in Detroit; perform show to keep the vehicle going. Inquired who would be able to sponsor the program.

Mr. Wolf was referred to the City Planning Commission to fill out a grant application for Neighborhood Opportunity Funds.

He was also referred to the Health and Wellness Promotion Department concerning his involvement with HIV and AIDS patients. The Drug Partnership Program would work with him.

**DENNIS KETULHUET:** Complaint of not receiving material to keep the Waste Water Treatment Plant running. Nothing is being ordered or sent to the plant. Backup Systems are not running. Alleged bribes are being taken.

**MONICA CONYERS:** Stated the Council serves every citizen in the City of Detroit.

**JOANN WATSON:** Stated Ms. Hill was at the Transportation Task Force meeting talking about issues which were important to her.

**KWAME KENYATTA:** Stated the resolution does not now or has not ever spoke to districts; it speaks to a Charter revision.

**CONYERS:** Stated people don't see it that way.

**SHEILA COCKREL:** Stated the resolution is simply to create; should the Charter be amended. If so, Commissioners must be elected, which leads to a host of other issues. It will then be put to the vote of the people.

**WATSON:** Stated citizens should be able to consider approving any Charter amendments. Council Members can propose amendments.

**ALBERTA TINSLEY-TALABI:** Felt it's sad the matter is being framed because it's bigger than that one issue. Did not support it last time. A Mayor is about to be elected, which will be the smallest turn out of voters coming out. The influences will be less at the time of voting.

3. Whereas, City Council is granting permittee's request provided that it obtained an executed indemnification and

maintenance agreement satisfactory to the City law Department and filed the same with the Finance Department;

Now Therefore, Intending to be legally bound and as an inducement to the City to grant the requested easement, Permittee hereby enters into the following agreement.

**I. DEFINITIONS**

1.01 The following words and expressions or pronouns used in their stead shall wherever they appear in this Agreement be construed as follows:

"Associates" shall mean in reference to the Permittee, its personnel, consultants, subcontractors, agents or any entities associated, affiliated or subsidiary to the Permittee, now existing or hereinafter created, their agents and employees.

"City" shall mean the City of Detroit, a municipal corporation, acting through its Finance Department or any other department.

**II. INDEMNITY**

Model T Automotive Heritage Inc., a Michigan Corporation, with offices located at 461 Piquette Avenue, Detroit, MI 48202 (Permittee), does hereby accept the terms and conditions of the City Council Resolution granting Petition #1998, which authorizes the easement. Permittee agrees to comply with its requirements and, further, pursuant to said Resolution, Permittee does hereby agree to save harmless the City from any and all liabilities, obligations, penalties, costs, charges, losses, damages or expenses (including, without limitation, fees and expenses of attorneys, expert witnesses and other consultants) which may be imposed upon, incurred by or asserted against the City by reason of the issuance of said Permit, or the performance of non-performance by the Permittee of the terms of the Permit.

**III. INSURANCE**

3.01 The Permittee shall maintain, at a minimum and at its expense, during the term of this Permit the following insurance:

<b>Type</b>	<b>Amount Not Less Than</b>
a. Commercial	\$1,000,000.00
General Liability	each occurrence
Insurance	\$1,000,000.00
Broad Form	aggregate
Comprehensive)	

3.02 a. The commercial liability insurance policy shall name the "City of Detroit" as an additional insured and shall state that the *Permittee's* insurance is primary and not excess over any insurance already carried by the *City*.

b. If the commercial liability policy does not contain the standard ISO (Insurance Services Office) wording of "definition of insured" which reads essentially as follows: "The insurance afforded applies separately to each insured . . . except with respect to limits . . ." then, in the alternative, the public liability insurance policy shall contain the following cross liability endorsement:

"It is agreed that the inclusion of more than one (1) insured under this policy shall not affect the rights of any insured as respects any claim, suit or judgment made or brought by or for any other insured or by or for any employee of any other insured. This policy shall protect each insured in the same manner as though a separate policy had been issued to each, except nothing herein shall operate to increase the insurer's liability beyond the amount or amounts for which the insurer would have been liable had only one (1) been named."

3.03 If during the term of this *Permit* changed conditions or other pertinent factors should, in the reasonable judgment of the city render inadequate the insurance limits, the *Permittee* shall furnish on demand such additional coverage or types of coverage as may reasonably be required under the circumstances. All such insurance shall be effected at the *Permittee's* expense under valid and enforceable policies issued by insurers of recognized responsibility, which are well rated by national rating organizations and are acceptable to the *City*.

3.04 All insurance policies shall name the *Permittee* as the insured and provide a commitment from the insurer that such

policies shall not be canceled or reduced without at least thirty (30) days prior written notice to the *City*. A certificate of insurance evidencing such coverage shall be in a form acceptable to the city. The certificate of insurance shall be submitted to the appropriate office in the City's Finance Department, Coleman A. Young Municipal Center, prior to the commencement of performance under this *Permit* and a least fifteen (15) day prior to the expiration dates of expiring policies.

3.05 The *Permittee* shall be responsible for payment of all deductibles contained in the insurance required hereunder. The provisions requiring the *Permittee* to carry the insurance required under this Agreement shall not be construed in any manner as waiving or restricting the liability of the *Permittee* under this Agreement.

**IV. MAINTENANCE**

4.01 The *Permittee* shall be responsible for all maintenance of the Marker including snow removal and repair of the sidewalk. All such maintenance must be performed in compliance with *City* ordinances and to the satisfaction of the *City* Engineer.

Honorable City Council:  
 Re: Petition No. 2318 — Sunco Inc. request permission to encroach with four (4) monitoring wells adjacent to 17100 Harper Avenue, in Harper Avenue, and the public alley South of Harper Avenue and between Cadieux and Oldtown.  
 Petition No. 2318 of "Sunco Inc." with Groundwater and Environmental Services

on their behalf requested permission to install and maintain four (4) monitoring wells in Harper Avenue, 103 feet wide, and the East-West public alley, 20 feet wide being South of Harper Avenue and between Cadieux Avenue, 106 feet wide, and Oldtown Avenue, 60 feet wide. The purpose of the bored wells is to monitor the existence or extent of soil contamination from leaking underground fuel storage tanks (a/k/a "L.U.S.T.").

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report:

The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remedia-

tion from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits. A Right-of-Entry is required by DEA prior to contractor field activity.

Soil borings and monitoring well installations are equivalent to an "open cut" in a public street or alley. Necessary permits will have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of the city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Sunco Inc." to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

The Water and Sewerage Department (DWSD) requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment.

The Public Lighting Department (PLD) reports involvement, but no objections provided that the petitioner and/or contractor must call MISS DIG 72 hours prior to starting any underground construction where they plan the underground encroachment. No structure can be built over PLD installations. As per PLD requirements, any structure proposed to be built shall maintain a minimum of three feet horizontal clearance and 12-inch vertical clearance from the PLD conduit bank and manholes. The contractor will be liable for any damages to any PLD underground facilities.

DTE Energy Gas Division reports no objections to the property change provided that the proposed encroachments are not in conflict with the existing Michcon gas facilities (8-inch stl-2# 1967) located 20 feet north of the south line of Harper Avenue. Furthermore, the proposed encroachments can be used and free from any obstructions for DTE's equip-

ment to do any repair(s) of DTE's gas facilities.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and Environmental Services Inc. (GES)/Sunco Inc." to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's completed permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,

JESSY JACOB

City Engineer

City Engineering Division — DPW  
By Council Member Collins:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Sunco Inc." at the site of 17100 Harper Avenue, Detroit, Michigan to install and maintain four (4) monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tanks (L.U.S.T.); said public rights-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Lots 7 through 18, both inclusive, all in the "Harper Cadieux point Subdivision" of part of Lot 45 of Michigan Cadieux's Estate Subdivision of parts of P.C. 564 and P.C. 506, City of Detroit Wayne County, Michigan as recorded in Liber 61, Page 11 of Plats, Wayne County Records;

2 — Monitoring wells in the South portion of Harper Avenue, 103 feet wide between Cadieux Avenue, 106 feet wide, and Oldtown Avenue, 60 feet wide.

2 — Monitoring wells in the East-West public alley, 20 feet wide, south of Harper Avenue, 103 feet wide and between Cadieux Avenue, 106 feet wide, and Oldtown Avenue, 60 feet wide.

Provided, That by approval of this petition the Detroit Water and Sewerage Department (DWSD) does not waive any of its rights to its facilities located in the street and at all time, DWSD, its agent or employees shall have right to enter upon the street to maintain, repair, alter, service, inspect, or install its facilities. All cost incident to the damaging, dismantling, demolishing, removal and replacement of structures or other improvements herein permitted and incurred in gaining access to DWSD's facilities for maintenance, repairing, alteration, servicing or inspection by DWSD shall borne by the petitioner. All costs associated with gaining access to DWSD's facilities which could normally be expected had the petitioner not encroached into the street shall borne; and further

Provided, That all construction performed under this petition shall not be commenced until after (5) days written notice to DWSD. Seventy-two (72) hours notice shall also be provided in accordance with P.A. 53, 1974, as amended, utilizing the MISS Dig one call system; and further

Provided, That construction under this petition is subject to inspection and approval by DWSD forces. The cost of such inspection shall, at the direction of DWSD, be borne petition; and further

Provided, That if DWSD facilities located within the street and alley break or be damage as the result of any action on the part of the petitioner, then in such event the petitioner agrees to be liable for all cost incident to the repair, replacement or relocation of such broken or damage DWSD facilities; and further

Provided, That the petitioner shall hold DWSD harmless for any damage to the encroaching device constructed or install under this petition, which may be caused by the failure of DWSD facilities; and further

Provided, That at any time in the future the petitioner shall request removal and/or relocation of DWSD's facilities in the street or alley being encroached upon the petitioner agrees to pay all costs for such removal and/or relocation; and further

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Sunco Inc" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T.

monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if the removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall com-

ply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, The petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provision of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

December 2, 2008

Honorable City Council:

Re: Petition No. 2898 — Downtown Development Authority/Book Cadillac Hotel request to encroach with a pedestrian bridge into Shelby Street and the public alley, 20 feet wide, between Michigan and State Street.

Petition No. 2898 of "Downtown Development Authority/Book Cadillac Hotel" whose address is 500 Griswold Avenue, Suite 2200 request permission to construct and maintain a pedestrian bridge, foundation, and column encroaching into Shelby Street, 60 feet wide, and the public alley, 20 feet wide between Michigan Avenue, 100 feet wide, and State Street, 69 feet wide.

The construction of the pedestrian bridge, foundation, and column is a key feature of the Book Cadillac restoration.

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Public Lighting Department (PLD) reports any structure proposed to be built shall maintain 4-1/2 feet vertical clearance and ten (10) feet horizontal clearance from any PLD conduit, lines, and installations. The contractors will be liable for any damages to any PLD underground facilities.

The Detroit Water and Sewerage Department (DWSD) reports the sewer and water mains have to remain in service in said described area, however, DWSD have no objections to the proposed encroachment for a pedestrian Bridge and foundations provided that there will be a minimum 16 feet clearance between the ground surface and the bridge and the bridge foundations have no adverse impact on DWSD's facilities. Also, drawings for the pedestrian Bridge and foundations have to be submitted to DWSD for review and approval and the work is subject to inspection by DWSD. If any of DWSD's facilities located in the street break or are damaged as a result of the Petitioner's action, then the Petitioner will be liable for all costs to repair or replace DWSD's facilities.

The Fire Department reports that the encroachment cannot impede upon the fire fighting apparatus being accessible to the Book Cadillac and the Parking Structure by height and/or width restrictions.

DTE Energy — Gas Division reports involvement but, no objection to the prop-

erty change provided that the encroachment of the pedestrian bridge, foundation, and column do not conflict with DTE's existing gas facility that run in the proposed encroachment area.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before the construction of the pedestrian bridge, foundation, and column take place.

There is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,

JESSY JACOB

Honorable City Council:

Re: Agreement and Grant of Easement For Underground Electrical Facilities Detroit Edison (#08-35).

(Owner: Metro North LLC, \$581,141.00), Washington Township Parcel No. 1 (Owner: Rumph, Sulik, DDK Van Dyke, LLC, \$645,000.00), Washington Township Parcel No. 2 (Owner: Stokes/Dietlan \$340,000.00), Washington Township Parcel No. 3 (Owner: Degrandchamp, \$340,000.00), and Washington Township Parcel No. 4 (Owner: Doba, \$390,000.00). The parcels are located in Macomb County (4), Genesee County (1), and Auburn Hills, Oakland County (1).

**BACKGROUND:**

**North Oakland Loop:**

The service area located between Adams and Orion pump stations is a dead-end service area, which creates hydraulic challenges in maintaining the desired level of pressure at varied flow rates. Looping of this and other systems provides the DWSD with greater operational flexibility and helps to ensure our ability to meet the demands of our customers located in the subject area, including Orion Township, Village of Lake Orion, most of Auburn Hills and part of the City of Pontiac.

Because of the growing population, the water demands have exceeded the existing capacity of Orion and Adams pump stations. During high demand seasons, the subject service area has been experiencing low-pressure problems. In addition, in the event of a main break, all customers located in the above mentioned service area would be out of water.

The proposed North Oakland Transmission System will provide a redundant source of supply and needed extra capacity for the subject service area by connecting the existing 96-inch main, from/along 31 Mile Road to the existing 42-inch main in Walton Road.

The proposed transmission main and the related proposed Washington Phase I Pump Station are the first piece of a system (Metro Loop) that will eventually loop DWSD's system located in Oakland, Western Wayne and Washtenaw counties. The System will also require the construction of two additional pumping stations. The Washington Township parcels (1-4) are required for the new Washington Pump Station and High Ground

Reservoir. The Auburn Hills parcel is for the modifications required for the Orion Pump Station, which will be renamed the Auburn Hills Pump Station.

The proposed transmission main will enable DWSD to provide more consistent water service to existing and new customers.

**Flint Loop:**

The City of Flint has been a customer of DWSD since 1967. The subject service area that includes the City of Flint and Genesee County is fed through a single 72-inch main from Imlay Station. The subject 72-inch main is also the single source of supply for DWSD's customers located in Lapeer County, including Imlay City, Mayfield Township and the City of Lapeer.

The Imlay Station can be fed from two sources. Under normal conditions, the Imlay Station is fed through the existing 120-inch main from the Lake Huron Plant (LHP), and if the 120-inch main is out, it is fed through the existing 96-inch main from the North Service Center (NSC). As with the need for the North Oakland Loop, in an event of a main break, all customers located in the above mentioned service area would be out of water. In the last two decades there have been different studies conducted by DWSD and/or Flint for providing a second source of water supply. Most of the solutions were either cost prohibitive, or not feasible/viable. The Detroit Water and Sewerage Department has selected the Flint Loop as the alternative.

The proposed Loop will provide the ability to provide reliability and redundancy to the rest of the water system and will also provide a second feed to Flint. These improvements will require the construction of two new pump stations; one Grand Blanc Pump Station (Grand Blanc parcel) and another Washington Pump Station with 15 MG reservoir (Washington Township parcels) and modifications at the Orion Station, which will be renamed as Auburn Hills Station.

**COSTS:**

DWSD and its consultant, the Land Group, have negotiated the following purchase prices for the parcels. The appraisals were done by The Harbin Group, Inc.

<b>Parcel</b>	<b>Asking Price</b>	<b>Appraised Value</b>	<b>Purchase Price</b>
Grand Blanc	\$299,000.00	\$310,000.00	\$ 250,000.00

Washington Twp. 04	499,000.00	305,000.00	390,000.00
<b>Total</b>			<b>\$2,546,141.00</b>

At its meeting of October 29, 2008, the Board of Water Commissioners approved entering into purchase agreements for these parcels. It is respectfully requested

that your Honorable Body adopt the attached resolution approving and authorizing the parcel purchases as agreed to by the Board of Water Commissioners

and the previously identified property owners and authorize the Interim Director to execute all documents related to the completion of the transactions.

Respectfully submitted,  
PAMELA TURNER  
Interim Director

By Council Member Tinsley-Talabi:

January 28, 2009

Honorable City Council:

Re: Budget Amendment for the Special Election.

The City of Detroit Department of Elections has the duty to conduct mandated elections required by State and Federal statutes, as well as those required by local ordinances. As a result, (2) Special Elections have called, and are scheduled for February 24th and May 5th. Since these elections were unplanned, the Department respectfully requests additional funding in Appropriation 00181 Conduct of Elections to administer the aforementioned elections. Elections has conducted a cost assessment outlining the total projected funding needed to administer these elections. Generally it costs \$3.5 million for 2 elections but Elections has been able to reduce the cost to \$2.5 million. Due to the lower projected turnout, Elections minimized their resource projection as much as possible with the understanding that some costs will remain fixed regardless of voter turnout. In addition, they took the initiative to identify those costs that may fluctuate depending on the estimated voter turnout, and made reductions accordingly; without compromising their ability to successfully administer these elections.

The City has received reimbursement

of Medicare Part D funds previously applied for in Fiscal Year 2006 in the amount of \$6,681,412.01. We propose appropriating \$2.5 million of this amount to fund the elections.

**BARBARA-ROSE COLLINS:** Ms. Collins wondered if it were legal to use money allocated for demolition to be used to board up houses.

**IRVIN CORLEY (City Council Fiscal Analysis Division):** Mr. Corley stated most of the money allocated for demolition has been used for demolition.

**COLLINS:** She stated there's only one person registered in the City of Detroit to board up homes; his company is in Farmington, MI.

SHE WANTED TO KNOW IF PROPERTIES WERE BEING DEMOLISHED THAT NEEDED TO BE DONE?

**MONICA CONYERS:** Ms. Conyers stated the City of Detroit still owns equipment that tear down homes. IS THE EQUIPMENT STILL OPERABLE? WHY ISN'T THE CITY USING THEIR OWN WORKERS TO TEAR DOWN THE HOMES, WHICH WOULD SAVE THE CITY THOUSANDS OF DOLLARS.

**MONICA CONYERS:** I WANT TO KNOW, FROM THE RESEARCH AND ANALYSIS DIVISION, WHAT PREVENTIONS ARE IN PLACE FOR OTHER ODD DEPARTMENT CONTRACTS AS IT RELATES TO SIGNING OFF ON CONTRACTS?

There are contracts out there that didn't come before this Body.

I WOULD LIKE RAD TO DRAW UP A RESOLUTION, IF THEY TAKE 10%, WHEN THE CITY IS SOLVENT, THE WORKERS ARE PAID THAT 10% BACK.

**MONICA CONYERS:** MS. CONYERS REQUESTED CITY COUNCIL RESEARCH AND ANALYSIS PREPARE A RESOLUTION RELATIVE TO COBO HALL SO IT CAN BE VOTED UP OR DOWN.

**SHEILA COCKREL:** MS. COCKREL REQUESTED THE LAW DEPARTMENT TO CHECK THE STATUS OF THE AMENDMENTS TO THE BIKE ORDINANCE.

**SHEILA COCKREL:** IN REGARD TO THE STIMULUS PACKAGE, SHE WANTED A COPY OF THE MEMORANDUM AND DEFINITION OF THE PROGRAMS. Money will get money in the way the Federal Government wants to see the situation in order to become eligible for huge sums of money that would help it deal with job development and infrastructure which needs to be done.

**SHEILA COCKREL:** NEEDS FROM CITY COUNCIL RESEARCH AND ANALYSIS DIVISION A LISTING OF THE SECTIONS OF THE CHARTER WHERE THERE APPEARS TO BE ISSUES WHICH NEED TWEAKING, REMOVAL OR REPLACEMENT.

**TESTIMONIAL RESOLUTION  
FOR**

**REVEREND DOUGLAS BUTLER**

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, Reverend Douglas Butler conversion experience came at the tender age of 15, living in Seattle, Washington with his oldest brother at the time. He had a near brush with death in a car accident where the car he was in dangled over a bridge for close to 30 seconds before it fell back to safety. It was then that he made up his mind that there must be a God, because He's the only one that could have been with him in that car. He survived without a scratch. It was then he decided that he would try to live the kind of life that was pleasing to his Creator. He later moved back to Detroit, where he was baptized and became a faithful member of the Historic Little Rock Baptist Church for some 26 years; and

WHEREAS, Reverend Douglas Butler has always been aware of the potential that lied awake in him, but it had never been cultivated. He felt like someone who has always had all the raw ingredients to do what God called him to do, he just

needed someone to help him put this thing together called life. He immediately called out to God for the answer; and

WHEREAS, His answer came in the form of Pastor Dr. Jim Holley, who took him under his wings and increased his responsibilities to help advance the kingdom of God. Pastor Holley saw something in him that he himself did not see. He began to baptize the unsaved, dedicate the newborn, preach the Gospel, and eulogize funerals, and

WHEREAS, Reverend Butler believes life is a pilgrimage and along his pilgrimage he's gone through three major phases: The search for meaning and purpose, the commitment to the God he wanted, and the commitment to the God who is. Reverend Butler believes his responsibility to the body of Christ is almost like a spiritual physician who has discovered some medicine in the word of God. He believes this medicine will help heal all of the hurt that is in this world. He is careful always to acknowledge that he is not the cure, but that he is able to facilitate the cure because Jesus Christ lives within him. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council recognizes the dedication and humanitarian spirit of Reverend Douglas Butler and congratulates him on his Installation as Pastor of Mayflower Missionary Baptist Church. (MWE) which operates Resource Recovery Facility (RRF), a/k/a Detroit Trash Incinerator, under contract with the Greater Detroit Resource Recovery Authority (GDRRA) and the RRF's owners] Department of Environmental Quality (DEQ) reports that air pollution emissions from the Detroit RRF (1998) was calculated at 332.7 tons per year of carbon monoxide, .02 ton per year of lead, 1257 tons per year of nitrogen oxides, 24.3 tons per year of particulate matter, 192.4 tons per year of sulfur dioxide, 3.7 tons per year of volatile organic compounds, and more than 25

tons per year of total hazardous air pollutants, including hydrochloric acid, hydrofluoric acid, cadmium, chromium, lead and mercury; all of which is controlled by building roof vent filters, dedicated cyclones and baghouses; particulate emissions from the stack are controlled by another baghouse; a combined cyclone and baghouse control system is used to control particulate emission from secondary shredders in each of the RRF's three waste processing lines; products of combustion from RRF's refuse-derived fuel (RDF) furnaces "are controlled by a spray dryer, a fabric filter system and good combustion practices". #### PUBLIC COMMENT

**LARRY WIGGINS, president, of Environmental and Technical Controls**, spoke regarding the rail system which he feels need to be reconstructed and would be a great opportunity for the city to move forward and benefit all of the stakeholders. He said the current director, Norman White, is not the person to head the department because he has raised bus fares on senior citizens and the disabled, discontinued giving coupons to bus riders, refuses to talk to the unions about job activities, and refuses to sign a contract providing bus shelters and amenities on the streets.

**COUNCIL PRESIDENT CONYERS** invited Mr. Wiggins to remain for a discussion scheduled today at 12:00 regarding light rail.

**MEMBER COLLINS** suggested he send his comments to the Mayor.

**ERICA WRIGHT, executive director, of the Westside Cultural and Athletic Club**, read her written statement regarding 29 vacant lots her organization has maintained for the past few years.

**VALERIE BURRIS, representative of Stahelin Street Block Club**, appeared today to voice opposition to the Cobo Hall deal. She stated they were not against Cobo expansion; however, they don't think Detroit would benefit from the deal. She also voiced opposition to the sale of the Macomb County Interceptor.

**DOROTHY THOMAS, resident of Woodmont Street between Plymouth and I-96**, stated she has been on the list to have her home repaired for the past four years without any success, and asked the Council for assistance.

**PRESIDENT CONYERS** referred her to the Mayor's Office and President Pro Tem. Watson's Office for assistance.

**MARGARET GLOVER, president, 25th Street Block**, complained of houses

being torn down on her block and that very little gets done in that area. She said she maintains several vacant lots. She also complained of a water main break that was not repaired until about three weeks ago and when they appeared, they tore up the street, patched it, and now the patches have turned into two big sinkholes and the Water Department has not come out to repair it. She said she is afraid someone will not see it at night and fall into one of the holes.

**MEMBER TINSLEY-TALABI** referred the matter to the Public Health and Safety Standing Committee and asked that the Water & Sewerage Department go out and assess the situation.

**PEAVEY HORTON, member of the Westside Cultural and Athletic Club**, stated his organization has maintained and cut the vacant lots in his neighborhood so that the children can have a safe passage to and from school. He said they have plans to turn some of the vacant lots into "pocket parks." Mr. Horton asked Council for any kinds of assistance so the organization can continue to maintain the lots.

**PRESIDENT PRO TEM. WATSON** thanked the community and invited them to attend a Neighborhood and Community Services Standing Committee on Thursdays.

**MEMBER TINSLEY-TALABI** invited the organization to attend a Keep Detroit Beautiful meeting.

**MEMBER JONES** stated she received a package from the community and will share it with the Neighborhood and Community Services Standing Committee.

**NORMAN THRASHER, representative of Environment Tech and Thrasher and Thrasher Advertising Group**, complained about having dealt with the Transportation Department regarding bus shelters where he stated they met about three weeks and DDOT was supposed to come back with correct information regarding a particular contract. He said DDOT want to put language in the contract that would cancel it "without cause." He stated DDOT has refused to accept his phone calls or answer when they appeared at the office. He added that his company has been working on this for about four years, but he learned that DDOT wants to recommend a new company, WCI, to provide the same service. He accused DDOT of taking part of his company's contract and splitting it up into parts and gave it to someone else. He suggested DDOT should be investigated.

**PRESIDENT PRO TEM. WATSON** responded that in January, 2009, the

director of DDOT committed that he would bring Mr. Thrasher's contract forward.

**MEMBER REEVES** said she would support a discussion with Mr. White regarding the matter.

**PRO TEM. WATSON** supported the motion.

**MEMBER CONYERS** asked Arese Robinson, of the Mayor's Office, to call Mr. Norman White and ask him to come before Council today.

**LAMONT HAMPTON, representative of the Sherwin Williams Company,** appealed to City Council to draft legislation to appeal to the general contractors when they are awarded large bids for projects in the City of Detroit that they have to purchase their materials from a Detroit-based business because companies are losing too many jobs in Detroit. He said that he had to trim about 35% of his workforce in the City of Detroit due to lack of business.

**MEMBER TINSLEY-TALABI** agreed that when the Planning & Development Department has contracts entailing paint equipment or any support supplies should come from vendors and non-profits inside of the City of Detroit.

**MEMBER JONES** asked Mr. Hampton if he was aware of a contract given to someone that was overlooked by a Detroit-based business. Mr. Hampton responded that a large project called "*The Gardenview Project*" at the former Herman Gardens site was about to take place in which a company named O'Brien was the general contractor.

**PRESIDENT CONYERS** asked Member Jones to work with Mr. Hampton on the matter and to ensure that HUD guidelines are being followed.

**MEMBER COLLINS** suggested that language should be put into the Purchasing Ordinance.

**MEMBER COCKREL** asked the Law Department and Research & Analysis Division to review the language to determine if contractors can be required to purchase products in a particular location.

**ALEX COBB** appeared to support Mr. Lamont Hampton.

**WINSTON GRAHAM,** a minority, small-based contractor, appeared to support Mr. Hampton and all vendors in the City of Detroit.

**TYRONE TRAVIS** urged City Council to reject the Cobo Hall deal. He also reminded Council of the high unemployment rate in the City of Detroit.

**RUEDELL HOLMES** offered prayer. Ms. Holmes stated to Council she recently

learned that President Barack Obama is not the first African American to be President of the United States.

Re: LaToya Ross vs. City of Detroit. Case No.: 08-109052. File No.: A20000.002806 (JLA).

**Water and Sewerage Department  
General Administration**

October 10, 2008

Honorable City Council:

Re: Agreement and Grant of Easement  
For Water Mains and Sewers  
Wolverine Pipeline Company (#08-  
31).

Wolverine Pipeline Company has executed an Agreement and Grant of Easement with the Detroit Water and Sewerage Department (DWSD) for the purpose of allowing DWSD to operate, maintain, repair, remove, use and replace sewers and related improvements and appurtenances as needed at the Oakwood Combined Sewer Overflow (CSO) facility under construction in the City of Detroit, Michigan.

This action is the result of DWSD's construction of the Oakwood CSO facility in Southwest Detroit. Wolverine will grant to DWSD easements on two parcels of land owned by the Company located adjacent to the CSO construction site. DWSD will acquire two permanent (thirty (30') and fifteen (15') feet wide) underground sewer easements, and two temporary above ground construction easements (five (5') and ten (10') feet wide). The temporary easements will be needed for approximately two years during construction. Total compensation to be paid to Wolverine for these easements is Four Thousand Eight Hundred dollars (\$4,800.00) for the permanent easements and Five Hundred Sixty-Five dollars (\$565.00) for the temporary easements for a total of Five Thousand Three Hundred and Sixty-Five dollars (\$5,365.00). These values were determined by an appraisal report prepared by The Harbin Group, Inc.

At its meeting of September 24, 2008, the Board of Water Commissioners approved entering into this Agreement. It is respectfully requested that your Honorable Body adopt the attached resolution accepting the Easement Agreement as agreed to by the Board of Water Commissioners and Wolverine Pipeline Company.

Respectfully submitted,

PAMELA TURNER

Interim Director

By Council Member Tinsley-Talabi:

Resolved, That the Detroit Water and Sewerage Department is authorized to acquire the following described easement(s) from the Wolverine Pipeline Company for the sum of Five Thousand Three Hundred and Sixty-Five dollars (\$5,365.00) for the purpose of maintaining underground sewers and appurtenances to be installed by the Department as part of the Oakwood Combined Sewer Overflow Facility located in the City of Detroit, Michigan.

**RESOLUTION**

**TO REJECT THE TRANSFER OF COBO CONVENTION CENTER TO AN AUTHORITY**

By Council President Monica Conyers:

Whereas, Governor Granholm signed legislation on January 16, 2008 to transfer Cobo Convention Center to an Authority that will own and operate the facility and oversee the possible \$200 million renovation and expansion;

Whereas, The legislation that was signed by Governor Granholm, gives the Detroit City Council 45 days to reject the transfer of the Cobo Convention Center to the Authority;

Whereas, The Cobo Convention Center is an asset that is owned by the City of Detroit, who built and operated this regional facility for more than 50 years;

Whereas, The Charter of the City of Detroit stipulates that any sale or transfer of city assets must be approved by the Detroit City Council;

Whereas, The Detroit City Council was not involved in any discussions as it related to the drafting of the legislation that was approved by the legislature and signed by the Governor. It is imperative that this Honorable Body either approve or deny the transfer of Cobo.

Whereas, The City of Detroit's Health Department is the only Health Department that will not get its share of the tax money, approximately \$2 million a year, for sub-

stance abuse programs because of negotiations that occurred during the Cobo discussion.

Whereas, The Board for the Authority has five representatives; one from the City of Detroit, one from Wayne County, one from Oakland County, one Macomb County and one from the State of Michigan with a requirement of a unanimous vote to move any agenda item.

Whereas, The legislation does not stipulate a timeline in which an expansion of the Cobo Convention Center should occur. The Oakland County Executive, who will appoint a board member, is opposed to any expansion of the Cobo Convention Center.

Whereas, The City of Detroit will get \$20 million to pay off a portion of the debt obligations for municipal parking bonds that is owed by the City of Detroit. The City of Detroit will surrender the revenue it receives for parking at the Cobo Convention Center.

Whereas, The \$200 million for renovation and possible expansion will only allow for Cobo Convention Center to be a second tier Convention Center as it relates to the square footage of the facility.

Whereas, When the current contracts expire, the Authority is not obligated to have any Detroit-based company perform services at the convention center;

Be It Therefore

Resolved, That the Detroit City Council rejects the transfer of Cobo Convention Center to an Authority;

Be It Further

Resolved, That the team which negotiated the deal go back to the table and address some of the major concerns of the Detroit City Council;

Be It Finally

Resolved, That copies of this resolution be sent to Governor Jennifer Granholm, Michigan House Speaker Andy Dillon, Michigan Senate Majority Leader Michael Bishop, Detroit Mayor Kenneth Cockrel, Jr., Wayne County Executive Robert Ficano, Oakland County Executive L. Brooks Patterson, and Macomb County Chairman Paul Gielegheem.

**RESOLUTION  
CALLING FOR RETAINING  
ALTERNATIVE ENERGY AND  
CONSERVATION FUNDING IN THE  
FEDERAL ECONOMIC STIMULUS  
AND RECOVERY LEGISLATION TO BE  
PASSED IN FEBRUARY 2009**

By Council Member Watson:

Whereas, The United States Senate is currently debating the Obama Administration's proposed emergency economic stimulus legislation, previously

passed by the United States House of Representatives, known as The American Recovery and Reinvestment Act of 2009;

Whereas, This legislation includes progressive and critical energy conservation and renewable alternative energy source promotion, including but not limited to \$4.2 billion in Energy Efficiency and Conservation Block Grant (EECBG) funding, that will be essential to meeting the economic and environmental challenges facing America in the 21st century, including the creation of millions of living wage jobs in the energy, construction and other sectors;

Whereas, Some Senators have reportedly suggested an amendment targeting local and state energy funding, including the EECBG funds, for removal from the economic stimulus legislation;

Whereas, These energy funds are crucial to economic recovery and other vital public policies; they would help local governments implement strategies to reduce fossil fuel emissions and reduce their total energy use, including projects:

- conducting residential and commercial building energy audits;
  - establishing financial incentives programs for energy efficiency improvements;
  - grants to non-profit organizations to perform energy efficiency retrofits;
  - developing/implementing programs to conserve energy used in transportation;
  - developing and implementing building codes and inspections services to promote building energy efficiency;
  - installing light emitting diodes (LEDs);
- and

- developing, implementing, and installing on or in any government building onsite renewable energy technology that generates electricity from renewable sources.

Whereas, The Detroit City Council wishes to strongly record its support for such alternative energy and conservation legislation, policies and funding; and Now, Therefore Be It

Resolved, That the Detroit City Council strongly urges Congress to include the Obama Administration's proposed energy conservation and renewable alternative source promotion provisions, including but not limited to EECBG funding, in the final economic stimulus and recovery legislation.

**RESOLUTION

AUTHORITY ACT**

By Council President Monica Conyers In the Name of Council:

Whereas, On January 13, 2009, the Michigan promise Zone Authority Act, Act No. 549 of 2008, became effective; and

Whereas, The City of Detroit meets the eligibility requirements to become a Promise Zone with 33.8% of its residents living at or below the poverty level in 2007 and 28.6% of families with children under 18 living at or below the poverty level in the 2000 Census; and Detroit has low rates of educational attainment with high school drop-out rates combined with some of the highest unemployment rates in the state; Now, Therefore Be It

Resolved, that all resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution are hereby rescinded; And, Be It Finally

Resolved, That the Detroit City Council directs the City Clerk to send a copy of this approved resolution to the Michigan Department of Treasury and Mayor Kenneth V. Cockrel, Jr.

Resolved, For the purpose of discussing *A Resolution by Detroit City Council Re: Notice of Intent to Establish the City of Detroit as a Michigan Promise Zone* a public hearing shall be scheduled on Monday, March 9, 2009, at 3:00 p.m. in the Committee of the Whole Room, 2 Woodward Avenue, 13th Floor, Detroit, MI 48226 to discuss the intent of the City of Detroit to establish the City of Detroit as a Promise Zone under Public Act 549 and 550 of 2008 to provide tuition for a minimum a two-year Associates degree or at maximum of four year bachelor's degree at a Michigan post secondary school for students who meet the minimum eligibility criteria of: live and graduate from high schools located with the City of Detroit, and Be It Finally

Resolved, that in accordance with the Detroit City Charter and Public Act 549 of 2008 and Public Act 550 of 2008, notice of this public hearing and a copy of the proposed resolution *A Resolution by Detroit City Council Re: Notice of Intent to Establish the City of Detroit as a Michigan Promise Zone* shall be published twice in

a general circulation newspaper and posted in at least twenty (20) conspicuous and public places within the City of Detroit not less than twenty days prior to the date of the public hearing.

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President Conyers — 8.

In a differ-

ent comparison, the first six months of the current fiscal year compared with the same time period in the prior fiscal year shows the receipts are down by 1.605%, however, the 2008 calendar year collections showed growth in receipts of 1.836% over the twelve months of 2007. In a comparison to the two largest gaming attractions in the country, Atlantic City revenue was down 7.6% for 2008, compared with 2007 and Las Vegas revenue was down 10.6% for 2008 compared to prior year. There is not a one-to-one relationship between the adjusted gross receipts and the tax revenue collection increase due to the fact that MGM and Motor City casinos began paying the city 1% less because of the permanent casinos opening on October 3 and November 29, 2007, respectively, part of State Public Act 306 of 2004, when the legislature amended Public Act 69 of 1997, etc.)

Also, the Law Department informed that the case has been settled pending City Council's approval, which is not an admittance of improper conduct on behalf of the accused officers, in fact, the officers were completely cleared of all claims of improper/unlawful conduct after investigation by DPD's Internal Affairs Unit and the FBI's independent investigation; no action will be taken against the two officers.)

(Department indicates that the primary reason for limited security staff during City Council recess is consistent with the requirements of the collective bargaining agreement which encourages the use of vacation and other time off during these periods in order to provide greater staffing when Council is in session and the needs are the greatest, however, two team members are available to Council Members as determined by the needs of City Council and its staff; appropriate arrangement will be made if additional staff is needed.)

15. Submitting report relative to CC #09-004 — Coin Operated Slot Machine at 12600 Gratiot being patronized by youth. (Department's investigation on January 24, 2009 found the slot machine to be inoperable/unplugged and was advised by cashier that it would be operable shortly; on January 27, 2009 the machine has been removed from locations and Sgt. Charles Turner, Jr., contacted the Michigan State Police Gaming Division; on January 28, 2009, members of Vice Enforcement inspected the Shell Gas Station located at 12600 Gratiot and cited as follows: No City of Detroit

Business license, Offer for sale Unwholesome Food, Failure to Maintain Proper Housekeeping, and Possession of Narcotics Paraphernalia. Halmi Elghazali w/m/2-12-79 was advised that even though the machine had been removed, was improper and could not be operated on premises without location permit as required by City Code 5-10-9, the location does meet the required minimum square footage — City Code 5-10-5; as well Sgt. Turner advised the operator that per City Code 5-10-4 coin operated games cannot be used by children 16 and under during school hours or after 10:00 p.m., the operator was warned of enforcement action if the coin operated slot machine resurfaced at location.)

16. Submitting report relative to CC #08-067 — Noise Complaint at the Pepsi Cola Plant located at 1555 Mack Avenue, by the residence of Friendship Meadows Apartments. (Department indicates that the area was monitored on four (4) different dates/times with negative results of excessive noise violations.)

17. Submitting report relative to Petition of Michigan Humane Society (#3130), permission to hold 19th Annual "Protect-A-Pet" clinics at three city park locations: April 25th — Eliza Howell Park; May 16th — Clark Park; and June 13th — Balduck Park; with police patrols and grass mowed in areas. (Awaiting report from Recreation Department.) (Department indicates that the authority does not rest with DPD and recommends that request be forwarded to appropriate department.)

18. Submitting report relative to Petition of Matrix Human Services (#3137), permission to host Dia de Los Ninos, a children's literacy initiative, April 25, 2009 at Clark Park. (Awaiting reports from Fire, Health and Wellness Promotion, and Recreation Departments.) (Department indicates that the authority does not rest with DPD and recommends that request be forwarded to appropriate department.)

#### **PUBLIC WORKS DEPARTMENT**

19. Submitting report in response to Council President Monica Conyers' Memorandum relative to Snow Removal. (Department indicates that snow removal from sidewalks are the responsibility of the property owner; plowing of neighborhood street is limited to a ten (10) foot path down the center; on major thoroughfares, streets are plowed from curb to curb, and during significant snowfall snow will be deposited on the berm areas; however, City of Detroit streets are wide enough so that removing snow down the middle of the roadway does not impact residential sidewalks or bus stops excessively. DPW will work in conjunction with the Transportation Department to facilitate snow removal from bus stops.)

**TRANSPORTATION DEPARTMENT**

20. Submitting report relative to request for contract information to be sent to the Union that (1) details a list of coaches that were sent to the vendor for repairs over the last eighteen (18) months; (2) the cost of each repair; (3) the pick-up, delivery, and return to service date for each coach; and (4) a list of the coaches that the vendor had to reimburse the city for improper and untimely repairs; as well as an allegation of refusal to follow the privatization ordinance part of the collective bargaining agreement between the City of Detroit and AFSCME Local 312. (Department indicates that the request have been forwarded to the Labor Relations division within the Human Resources Department for the City of Detroit.)

**WATER AND SEWERAGE DEPARTMENT**

21. Submitting reso. autho. Revision of the Septage Charges; services which provides wastewater treatment to entities that clean septic systems and discharge the resulting waste into Detroit's wastewater system; charged a flat fee in compliance with state law, MCL324.11708. (Department estimates the septage waste received per year at approximately 18,500,000 gallons from fifty-one (51) entities regulated under DWSD's septage waste-hauling program; septage charges established in 1986 at \$10.00 per 500 gallons have not been adjusted to reflect her actual cost of treating the waste (a three-fold increase), therefore, the proposed revised charge of \$31.00 per 500 gallons will adjust the septage charges to be equivalent to Detroit's retail residential sewer customers.)

22. Submitting report relative to citizen request for repair of sewer lateral for property located at 13961 Terry, due to tree roots causing sewerage backup. (Department indicates that investigation of complaint revealed the tree is located within public right-of-way between sidewalk and street; the city's General Services Department is responsible for trees and indicates that removal is not done in this season unless the tree is in danger of falling; however, complainant indicates that plumbers have been paid to service her lateral and that department should be compelled to fix lateral.)

23. Submitting report in response to Council President Pro Tem. JoAnn Watson's request for information relative to protest of high water bill at 18176 Fielding. (Department indicates that records reveal that after a meter exchange an actual read of 2133 was recorded; on January 31, 2009 the account was adjusted, canceling 51 units of water usage, totaling \$200.58; a credit in the amount of \$6.40 was applied to cancel the assessed penalties for

November 24, December 17, 2008 and January 27, 2009, therefore, the balance after stated adjustments, due on February 20, 2009, for service in the amount of \$73.86, with a credit balance of \$133.12.)

February 4, 2009

Honorable City Council:  
 Re: Proposed Resolution Supporting and Encouraging the Growth of the Film Industry in the City of Detroit.

The Research & Analysis Division (RAD) was requested to prepare a resolution regarding the above matter. The proposed resolution is attached for your consideration.

**RESOLUTION SUPPORTING AND ENCOURAGING THE GROWTH OF THE FILM INDUSTRY IN THE CITY OF DETROIT**

By COUNCIL MEMBER KENYATTA:  
 WHEREAS, The City of Detroit —

known throughout the world for its unique contributions to music including of course the Motown sound, as well as jazz, rhythm and blues, rock, hip hop, and techno — has also produced great talents in all areas of the entertainment industry including filmmakers, actors and producers, and is the home of many up and coming young artists of all genres; and

WHEREAS, The Michigan Legislature enacted a sixteen (16) bill package in April, 2008 that is successfully positioning Michigan as the nationwide leader in tax incentives to attract and grow the film industry; and

WHEREAS, According to the Michigan Film Office in Lansing, one hundred twenty-eight (128) films applied for production in Michigan in 2008, seventy-one were approved, with thirty-seven films completed. In contrast, two (2) films were shot in Michigan in 2007; and

WHEREAS, The Michigan Film Office also reports that this recent boom in filming has already resulted in the creation of nearly 3,000 direct jobs with total wages reaching \$57 million dollars; and

WHEREAS, During her State of the State address, Governor Jennifer Granholm announced the planned establishment in Michigan of the following three new entertainment industry facilities:

- Wonderstruck Animation Studios will invest \$86 million dollars for a computer animation studio on the site of the MGM Grand Detroit Casino temporary property in downtown Detroit;
- Stardock Systems, a digital gaming manufacturer, will build its new production facilities in Plymouth; and
- Motown Motion Pictures will invest \$54 million dollars to build its new film studios at a former General Motors plant in Pontiac; and

WHEREAS, These announcements, coupled with ongoing negotiations for the construction of a \$100 million dollar studio in Allen Park, have solidified Michigan's newest status as a highly desirable location for the film industry to operate; and

**Law Department**

February 2, 2009

Honorable City Council:

Re: Petition Number 3056 — Request for City Council Approval for the Issuance of a New Michigan Liquor

Control Commission Dance and Entertainment Permit to Brooksey Investments, LLC, for a Group "A" Cabaret at 7625 West Warren Avenue.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 484778), which has been designated by the City Clerk as Petition Number 3056. This Local Approval Notice requests approval by City Council of a request by Brooksey Investments, LLC, for the issuance of a new dance and entertainment permit in conjunction with the transfer of a Class "C" liquor license, located in escrow at 37367 Six Mile Road, Livonia, to Brooksey Investments, LLC, for a Group "A" Cabaret at 7625 West Warren.

Chapter 61, Article XVII, Zoning Map Number 54, indicates that 7625 West Warren is located on land zoned B4 (General Business District) and that the current legal land uses include a standard restaurant with a Group "A" Cabaret. The Buildings and Safety Engineering Department ("B & SE") reports that a certificate of occupancy was issued on August 4, 2008 under permit number 04351 and B & SE Case Number 101-07.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. B & SE records indicate that Brooksey Investments, LLC has applied for a Group "A" Cabaret business license for the location.

After investigation and review, the Detroit Police Department Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the issuance of a new dance and entertainment permit to Brooksey Investments, LLC, for 7625 West Warren.

Upon City Council's approval of the request for the issuance of a new dance and entertainment permit in conjunction with the transfer of a Class "C" liquor license to Brooksey Investments, LLC, 7625 West Warren, the location will be approved for patron dancing and enter-

tainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Michigan Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

Due to the fact that this request for approval of the issuance of a new dance and entertainment permit does not concern an activity permit for a nonconforming use under the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the consideration of this petition at this time is not affected by the Temporary Moratorium approved and extended by resolution of City Council on January 27, 2009. Therefore, the Law Department recommends that this matter be referred to the appropriate Standing Committee for review and consideration. Attached is a proposed resolution approving the issuance of a new dance and entertainment permit to Brooksey Investments, LLC, for a Group "A" Cabaret in conjunction with the transfer of the liquor license to 7625 West Warren.

If there are any questions or concerns, please do not hesitate to contact our office.

### City Planning Commission

February 10, 2009

Honorable City Council:

Re: Installation of signs on the First National Building, located at 660 Woodward Avenue (Recommend Approval).

The staff of the City Planning Commission (CPC) received a sign permit application for the installation of two business signs, one over the parking garage entrance facing Bates Street and one at the top of blank wall on the east wall of the office building, facing east to Cadillac Square. The PCA (Restricted Central Business District) zoning classifi-

cation in which the building is located calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Section 61-11-96 of the Zoning Ordinance). CPC and P&DD staff have reviewed the application and submit this report and recommendation.

### PROPOSED SIGNS

The first proposed sign is located over the entrance to the parking garage on Bates Street. It would be between the first floor and the second story windows, a requirement of Sec. 3-7-6(3)(b)(3) of City Code. The proportion of its content appears to meet the definition of a business sign in Sec. 3-7-2, which is:

Business sign means a sign, at least seventy-five (75) percent of whose area is devoted to directing attention to the principal business or profession conducted, or to the principal type of commodity, service, or entertainment sold or offered on the premises on which the sign is located or to which it is affixed.

It contains the slogan "live work play," the phone number for the management office, the building name, and the owner's branding, the "Downtown Collection" on a sign three (3) feet high by sixty (60) feet long.

The second proposed sign is located on the eastern wall of the First National office tower at the top of the blank portion of the wall. This is in response to Sec. 3-7-6(3)(b)(1) of the City Code, which says that a building's frieze (the horizontal band at the top of the building) is one of the permitted locations for a business sign. It would contain the same elements as the first sign and would be twenty (20) by twenty-five (25) feet in size (see attachment).

### REVIEW

In accordance with the Special District Review provision of Section 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, reviews of proposed signs should be conducted in light of the following criteria, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." After extensive review and discussion with City staff, the proposed signs appear to meet the requirements of City Code.

### RECOMMENDATION

CPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. We find that the signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the

proposed signs. Please find attached the appropriate resolution to effectuate your approval.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director  
GREGORY F. MOOTS  
Staff

By Council Member Collins:

Whereas, Iconic Media has requested to install two new business signs on the First National Building, located at 660 Woodward Avenue, one over the parking garage entrance facing Bates Street and one at the top of the blank wall on the east wall of the office building, facing east to Cadillac Square; and

Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District Review) and Sec. 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed signs within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed signs are in keeping with the spirit, purpose and intent of the PCA zoning district classification; and

Whereas, the signs meet the requirements for business signs located in Chapter 3, Article VII of the 1984 Detroit City Code;

Now, Therefore Be It

Resolved, That the Detroit City Council approves the location and design of the proposed business signs for the First National Building, located at 660 Woodward Avenue, one over the parking garage entrance facing Bates Street and one at the top of the blank wall on the east wall of the office building, facing east to Cadillac Square; described in the foregoing communication from the City Planning Commission staff and as depicted in the drawing prepared by Iconic Media, Inc. and received by City Council on February 11, 2009.

### City Planning Commission

February 9, 2009

Honorable City Council:

Re: Façade improvements for Foran's Irish Pub, located at 612 Woodward Avenue (Recommend Approval).

The City Planning Commission (CPC)

has received a façade improvement application for Foran's Irish Pub, located at 612 Woodward Ave., just northeast of the intersection of East Congress St. and Woodward Ave. The PCA (Restricted Central Business District) zoning classification, in which the building is located, calls for City Council approval of all exterior modifications to a building following the review and recommendation of CPC (Section 61-11-81 of the Zoning Ordinance) as part of Special District Review. Planning and Development Department (P&DD) and CPC staffs have reviewed the application and submit this report and recommendation.

### PROPOSED IMPROVEMENTS

The following improvements have been proposed to the building's storefront façade:

- Reclad the wooden overhang with metal have a copper finish.

- Lighting:

- Recessed lights installed behind the cornice under the storefront archway's transom. The light fixtures will not be visible from any angle, and they will point upwards to highlight the transom windows and terracotta arch.

- Flush mount lighting will be installed on the underside of the copper-finished overhang. The fixtures' trim will be beaux arts classical style (with a bronze finish) to match the style of the building's terracotta storefront arch. (Brand and model: Home Depot, Hampton Bay Volterra Bronze Finish Recessed Can Trim, Model 29004)

- Wall lanterns, with a bronze finish and design that complements the flush mount lighting as well as the building's terracotta arch, will be installed on each of four storefront columns. (Brand and model: Lowe's, Portfolio 1-Light Bronze Wall Lantern, Model 4270BG)

- The existing street-level windows and bulkhead (the low wall along the sidewalk) will be replaced with two sets of French doors (four total) that will open out to the street. Each of the four doors will have ten panes of square glass, and both the doors and muntins will be a natural wood finish. (Brand and model: Simpson Door Co., French (S.G.), Door number 1510)

- The existing main entry door will be replaced with a wood door with a natural finish and nine panes of glass in the top third. The top row of glass (three panes) is arched. (Brand and model: Simpson Door Co., Bungalow, Door number 7216)

- The hardware for all the doors will have an oil-rubber bronze finish.

- The columns on the storefront will be stripped of their existing paint and stained with a natural wood finish.

### REVIEW

CPC staff is sensitive to the appear-

ance of building façades in the PCA (Restricted Central Business District) zoning district, as this district comprises areas that are a part of, or adjacent to, major public buildings in the Public Center and visited by hundreds of thousands of people yearly. Building façades are a key part in establishing the character of the Detroit's unique districts and communities; care must be taken in examining each proposal.

According to the PCA review provisions of the Zoning Ordinance, "proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties" (Sec. 61-11-97[3]), the "preservation/restoration of buildings having architectural or historic value should be considered a primary objective" (Sec. 61-11-97[14]), and "urban design elements of form and character should be carefully considered..." (Sec. 61-11-97[15]). The applicant has carefully considered the form and character of the proposed changes to his building, making sure that the façade improvements are compatible with surrounding development, will help preserve the historic nature of the building, and will enhance the aesthetics of the downtown. CPC has reviewed the proposal and finds that it meets the review criteria listed in this paragraph.

#### **MASTER PLAN CONFORMANCE**

Section 61-11-97(1) of the Detroit Zoning Ordinance requires that proposed development "reflect applicable policies stated in the Detroit Master Plan." The subject property is in the Central Business District (CBD) and its Existing and Future General Land Use are both Major Commercial (MC). According to the Detroit Master Plan, "major commercial areas consist of a high concentration of office activity and related supporting services" (p. IV-3). Additionally, the Central Business District policies (Art. 301) state the importance of providing services for downtown residents, workers, and visitors while also preserving its aesthetic appeal. The present proposal for façade beautification on a downtown pub conforms to these policies by making an existing service more visually attractive, thereby providing an improved environment for downtown residents, workers, and visitors. This project as proposed will also improve the aesthetic appeal of the CBD.

#### **RECOMMENDATION**

CPC staff has completed its review of the proposed signs and has consulted with P&DD staff. We find that the proposed façade improvement project would be in keeping with the spirit and intent of the PCA zoning district and the Detroit Master Plan. Therefore, CPC staff recommends approval of the project as present-

#### **City Planning Commission**

January 29, 2009

Honorable City Council:

Re: Special District Review of proposed replacement of signs at the Citgo gas station, located at 460 West Fort Street (PCA District) (Recommend Approval).

On January 7, 2009, the staff of the City Planning Commission (CPC) received a sign permit application to replace the current Citgo brand signs on the three exposed sides of the gas station island and the free-standing ground sign on the northeast corner of the intersection of West Fort and First Streets with Sunoco brand signs. The PCA (Restricted

Central Business District) zoning classification, in which the gas station is located, calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC (Section 61-11-81 of the Zoning Ordinance). Planning and Development Department and CPC staffs have reviewed the application and submit this report and recommendation.

#### REVIEW

CPC staff is sensitive to the appearance of signs in the PCA (Restricted Central Business District) zoning district, as this district comprises areas that are a part of, or adjacent to, the major public buildings and visited by hundreds of thousands of people yearly. External signs are a key part in establishing the character of the Detroit's unique districts and communities. While some signs are appropriate and address both their surroundings and the immediate setting, care must be taken in examining each proposal.

In accordance with the PCA provisions of the Zoning Ordinance, reviews of proposed signs should be conducted in light of the following criterion, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner" (Sec. 61-11-97[11]). Additionally, the "scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development" (Sec. 61-11-97[2]). The proposal as presented in this recommendation meets these criteria.

The material of the proposed on-premises business signs for the gas station island is acrylic. The dimensions will match those of the current gas station island. The background of the short ends of the island (facing West Fort Street and West Lafayette Boulevard) will be blue, and the brand name (SUNOCO) will be displayed in internally-illuminated yellow lettering.

The area occupied by the lettering will be 15.57 square feet (115" wide x 19-1/2" high). The long end of the island (facing West First) will have a blue background with diagonal red, orange, and yellow striping on the southern end and SUNOCO lettering that matches the island's short sides on the north end. Staff finds that the proposed signage for the gas station island meets the criteria listed in the previous paragraph because it is tasteful and that its scale and form are appropriate to the nature of the project.

The existing free-standing ground sign is 50.31 square feet in area and reaches an overall height above ground (measurement includes post and sign) of 21'10". The new sign would be internally illuminated and contain the Sunoco logo on a blue background, a gas list in white on a

red background, and prices displayed in red LED lighting. The applicant originally proposed a new sign (to be installed on the existing post) that would be 36.58 square feet in area (86" high x 61-1/4" wide). Though smaller in total area, the proposed sign would have been 11-1/2" taller than the existing sign. Based on a site visit conducted Jan. 21, 2009, Staff determined that the height of the existing sign is sufficient to alert passing motorists to the presence of the gas station and that a taller sign not only is unnecessary but could detract from the beauty of nearby historic buildings like the Mercier Building (immediately east of the gas station) and the recently renovated Fort Shelby Hotel (visible from the corner of West Fort and 1st Streets). To meet the above stated criterion that the proposal must have a scale that is "appropriate to the nature of the project and relate well to the surrounding development," the applicant agreed (via telephone conversation with Aver Sign Company on January 28, 2009) that the overall height of the proposed sign shall be no greater than the current sign: 21'10". Thus, the recommended maximum measurements for the proposed free-standing sign are as follows:

Maximum Total Area = 36.58 square feet (The applicant had proposed 86" x 61-1/4", but any combination of height/width dimension that does not exceed the area limit is acceptable.)

Maximum Overall Height = 21'10".

#### MASTER PLAN CONFORMANCE

Section 61-11-97(1) of the Detroit Zoning Ordinance requires that proposed development "reflect applicable policies stated in the Detroit Master Plan." The subject property is in the Central Business District (CBD) and its Existing and Future General Land Use are both Major Commercial (MC). According to the Detroit Master Plan, "major commercial areas consist of a high concentration of office activity and related supporting services" (p. IV-3). Additionally, the Central Business District policies (Art. 301) state the importance of providing services for downtown residents, workers, and visitors while also preserving its aesthetic appeal. The present proposal for new gas station signs conforms to these policies by providing clear business identification for a service (gasoline retail sales) that is important for the CBD. It also helps preserve the aesthetic quality of the CBD because the proposed signs are either the same size or smaller (in the case of the ground sign) than the existing signs, which lessens their impact on one's ability to appreciate the surrounding historic structures.

#### RECOMMENDATION

CPC staff has completed its review of the proposed signs, as has P&DD staff. We find that the proposed on-premises business signs would be in keeping with

the spirit and intent of the PCA zoning district and the Detroit Master Plan. Therefore, CPC staff recommends approval of the location, design, and dimensions (subject to the limits listed above) of the proposed signs. Please find attached the appropriate resolution to effectuate this resolution.

February 2, 2009

Honorable City Council:

Re: Petition Number 2934 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to Grand City Grille LLC, for a Group "A" Cabaret at 3011 West Grand Boulevard.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 483763), which has been designated by the City Clerk as Petition Number 2934. This Local Approval Notice requests approval by City Council of a request by Grand City Grille LLC, for the issuance of a new dance and entertainment permit in conjunction with a Class "C" licensed business at 3011 West Grand Boulevard, for a Group "A" Cabaret.

Chapter 61, Article XVII, Zoning Map Number 7, indicates that 3011 West Grand Boulevard is in a B5 (Major Business) zoning district and outside of the Central Business District. Pursuant to Section 61-9-102 of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the use of this location for a

cabaret or for the sale of beer or intoxicating liquor for consumption on the premises is a conditional use. Buildings and Safety Engineering Department ("B & SE") has reported that the current land use of the location is a "Bar" and that the department does not have any objections to the approval of the issuance of a new dance and entertainment permit to Grand City Grille LLC for the location.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. City of Detroit records indicate that B & SE has issued a Group "A" Cabaret business license, which expires April 30, 2009, to Grand City Grille LLC for the location. Therefore, the use of this location for dance or entertainment is permitted subject to compliance with all relevant state codes and rules and City ordinances.

After investigation and review, the Detroit Police Department Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the issuance of a new dance and entertainment permit to Grand City Grille LLC, for 3011 West Grand Boulevard. A review of available records does not reveal any MLCC violations at the location within the preceding twelve (12) months.

Upon City Council's approval of the request for the issuance of a new dance and entertainment permit in conjunction with the Class "C" liquor license at 3011 West Grand Boulevard to Grand City Grille LLC, the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and 916(2) of the Liquor Control Code, being MCL 436.1916(6)(1) and MCL 436.1916(6)(2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

Due to the fact that this request for approval of the issuance of a new dance and entertainment permit does not concern an activity permit for a nonconforming use under the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the consideration of this petition at this time is not affected by the Temporary Moratorium approved and extended by resolution of City Council on January 27, 2009. Therefore, the Law Department recommends that this matter be referred to the appropriate Standing Committee for review and consideration. Attached is a proposed resolution approving the issuance of a new dance and entertainment permit to Grand City Grille

LLC, for a Group "A" Cabaret at 3011 West Grand Boulevard.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
KRYSTAL A. CRITTENDON

### Budget Department

February 16, 2009

Honorable City Council:

Re: Budget Amendment of the Fiscal 2008-09 Budget.

The Finance Department is responsible for preparing the City's Comprehensive Annual Financial Report (CAFR). The document is necessary to not only present to the public the City's financial picture but also to provide Federal, State and others the information needed for these bodies to award funding to the City. The Department respectfully request additional funding in Appropriation 12680 for KPMG to complete the fiscal 2006-07 CAFR audit \$710,000 will be needed and fiscal 2007-08 CAFR audit will require \$550,000 this fiscal year. In additional \$300,000 is needed for the Single Audits for fiscal 2006-07 and 2007-08. The Finance Department determined that a total of \$1,560,000 million is needed. This funding will not exceed the contract amount.

Labor Relations respectfully request \$582,000 to fund health care and benefit projects. The projects include conducting dependent eligibility audits for active employees and dependent eligibility amnesty review for retirees. The audits will review dependent eligibility provision and verify compliance with laws affecting taxation and extension of coverage to dependents. The audit will also provide reports for ineligible dependents to the Department to remove from the plans for active employees as well as allowing retirees to request removal of ineligible dependents without penalty. The audit is expected to generate savings in excess of the cost. This funding is also needed for the process of selecting a City wide health provider. The law (PA 106) requires that the City submits a request for bids for all fully insured medical plans. For the City

this requirement is effective with our open enrollment 2009. Medicare Part D support service to perform validation of the City's prescription drug plan design as required by Medicare in order to receive Federal subsidy dollars.

The City has received reimbursement of Medicare Part D funds previously applied for in Fiscal 2006 in the amount of \$6,681,412.01 of which \$2,500,000 was appropriated for the upcoming special elections leaving \$4,181,412 available. We propose appropriating \$2,142,000 of this amount to fund the aforementioned audits.

**MEMBER REPORTS:**

**Council President Conyers:** Would like for Mr. Whitaker to give the council the actual/current guidelines for the Water Affordable Plan.

**Council President Conyers:** Requesting an analysis as it relates to nos. 86 and 87 as it relates to going to the rules committee or just being for Council itself, the President's Office and that was not what you gave me and I would like to have a response as it relates to that. And I have asked the Law

Department to weigh in on the issue that you gave to me because I . . . I think it's kind of flawed and I would like to have another opinion as it relates to that. **S. Cockrel:** What issue is that? **Mr. David Whitaker, City Council Research & Analysis Division:** We'll make sure the Law Department gets it. **Conyers:** Thank you. **S. Cockrel:** What issue? **Conyers:** For number 86 and 87. **S. Cockrel:** Today? **Conyers:** That was last week. **S. Cockrel:** Oh, oh, okay. **S. Cockrel:** Which was about setting up a Personnel Committee? **Conyers:** No . . . yes, but did it have to go to the Rules Committee or could the President just do that on its own. **S. Cockrel:** Okay, alright. I just wanted to understand what the issue was. Thank you.

**Council President Pro Tem Watson:**

I would like to ask if we can have a colloquy, for some seconds, on "How the City Should Best Respond to Economic Stimulus Money", which will be \$17 or \$18 Billion Dollars to the State of Michigan. Since Detroit is the major in the State, I don't think we should play a wait and see. We ought to send forth a plan and some strong recommendations to the Governor with respect to this once in a lifetime business that is coming to the City, given that our City, home of the auto industry, has gotten billions of dollars in tarp fund. We're leading the nation in foreclosures, and unemployment, and economic disincentives. We can't afford to wait and see what somebody else is going to do with this money. We need to send some strong recommendations. Can we talk about it for just a moment, Madam President? **Conyers:** All in favor, I guess? **Tinsley-Talabi:** I heard it's actually \$7 billion. Now what is it, 17 billion? **Watson:** It's going to be \$17 or \$18 billion dollars coming this week. **Conyers:** It's \$7 billion directly to Detroit, but we're going to get another \$10 billion, I think, or from the State of Michigan? Can you clarify that, Mr. Corley? **Mr. Irvin Corley, Jr., Director, City Council Fiscal Analysis Division:** Unfortunately, I cannot, Madam President, but I will look into it for you. **Conyers:** Okay, thank you. **Watson:** Congressional Leader Gary Peters has a meeting in his home area last night, talking about what they can expect from the Economic Stimulus. We have not had any meetings in Detroit by Federal Representatives or by the Governor's staff telling us, and we should not wait for them to tell us, we should tell them what we need. Detroit has great needs. **Conyers:** Okay, Mr. Conyers, your home this week because you're on recess, make it happen.

**Reeves:** Make what happen?  
**Conyers:** To tell us, the residents in the City of Detroit. He represents us. He has to do his job. **Watson:** Madam President, we've had Mr. Corley, and Mr. Whitaker, and Mr. Todd representing us for more than a year on that Urban Marshal Plan that would seek to provide jobs for heads of households, rapid transit, all over Detroit, green technology for the City and to repopulate Detroit. All of these things would transform our city, and we cannot wait to see what somebody else is going to do, especially, since we have a plan already ready. Madam President, I pray that we seize this window and this opportunity for the good of our City. Thank you, Madam President.

**Council Member S. Cockrel:** Madam President, yesterday at Budget, Finance, and Audit we had a presentation by Mr. Tate from S.E.M.C.O.G. and a consultant. And one of the documents that they passed out, which I made sure got to each of our offices, was a write up of the Stimulus Package and it sort of like some of this was. . . I guess he's, the President is signing it today, so it will no longer be a moving target, and it's some pots of money that we can compete for directly to Washington. It's other pots that come through the State and part of it is allocated for unemployment benefits or Medicaid, and we need to see the other pots of money how big that is and I don't really know what the billion is for that. And then I think we need to get clear on what proposals have the City made through the Administration already. What do they add up to in terms of dollars, and jobs created, job creation, and some . . . I think it's a really critical discussion to have, but, you know, I'd like the opportunity to have it. I haven't had a chance to read that document that we got yesterday and would like an opportunity to take a look and that, and then have that discussion. I agreed it's a critical discussion. We need to make sure that there is a, you know, Council resolution that goes to Lansing that says here is the priorities, here's what, you know, we need and I think you should absolutely do that. **Watson:** And we're dealing with a bouncing ball. We don't know who the ultimate mayor is going to be. We are the Council, we're co-equal branch of government, and we have to act on behalf of the citizens who put us here. There will not be another opportunity to address \$17 or \$18 billion dollars, coming to the State of Michigan and Council cannot afford to play wait and see. **S. Cockrel:** I would just like to read the document, so we'll know what we're talking about. I

agree we need to push our perspective, but I do think it would be ideal that it came as one voice. I don't think it's going to help us in Lansing if there's one set of priorities from the Mayor and another from Council. I don't think that's going to do us good on either front. But I don't know if we're even there. I mean, we need to see that there has been different . . . this should have been shown to us and be around. I just think we need to have the hopes . . . **Watson:** Member Cockrel? **S. Cockrel:** Yes? **Watson:** A brunch of Mayors carried in their stimulus proposals to Washington, D.C. The City of Detroit, Executive Branch emailed their economic stimulus plan, so we can not wait and see what somebody else does. We are a co-equal branch of government, our branch should represent the citizens who need jobs, they need rapid transit, and they need green technology. We cannot wait and see what somebody else does. Folks are waiting on us to do something and we ought to do something.

**Council Member S. Cockrel:** I have a memorandum I'd like sent to the Mayor, to the Chief of Police, and the Law Department requesting clarity on the allocations made regarding the Chair of the Police Commission Reverend Jim Holley is there, where is that and particularly when it looks like, at least according to what was on television, there was a Detroit Police Department investigation. I think we really need to get clarity.

**Council Member Collins:** We have Deficit Reduction Plan? **Watson:** Yes. **Collins:** Are we going to have a discussion of that? **Watson:** 2:00 today. **Collins:** Today? Okay. Mr. Corley gave us a review of Mayor's Cockrel's Budget. Deficit Reduction. I don't know what monetization means. could he...? **Mr. Irvin Corley, Director, City Council Fiscal Analysis Division:** Member Collins, that's taking the revenue stream and coming up with one-time amounts for the \$250 million that's in the Mayor's proposal. It's taking revenue stream from the various assets over 50-75 years and coming up . . . **Collins:** Over 50 years? **Corley:** 50-75, taking those revenue streams from 50-75 years and doing the present value calculations to come up with a one-time payment, and that's \$250 million based on Mayor Cockrel's point of view. **Collins:** I don't understand it. **Corley:** In other words, with the Tunnel . . . let's just take that Tunnel for example. If you look at the revenues, the projected revenues that the Tunnel will generate over 75 years, you take those projected rev-

enues . . . **Collins:** And use that to take away the deficit? **Corley:** And use that to make a present value calculation and the Mayor is suggesting that \$100 million dollars can be generated as a one-time payment for the city, to help with the deficit, yes. **Collins:** And the \$250 million dollars? **Corley:** So \$100 million is of the \$250, \$75 million would come from monetizing the revenue associated with the power generation portion of Public Lighting. **Collins:** I don't see that. Is that in here? **Corley:** Yes, if you look on page 3. I've explained it, but actually I'd be more than happy to go over this report this afternoon, since we are going to be talking proposals that Council has laid on the table. **Collins:** Just wait until then? **Corley:** Yes. **Collins:** Okay, thank you, Madam President. **Watson:** Thank you.

**Council Member Collins:** There's another thing. You know the lady that used to always come here? Was it Ms. Newton? **Watson:** Juanita Newton. **Collins:** Juanita Newton, has anybody seen or heard anything? **Watson:** She's not well. **Collins:** Okay. Do you know where she is? Is she at home? **Unknown Person:** She's in a convalescent home. **Collins:** Thank you very much.

**Council Member Tinsley-Talabi:** 1) I just want to make it clear, to those who may be viewing, during public comment a lot was said about Cobo expansion/renovation, and I did not speak at that time, I want people to know that I continue to research this matter. I continue to talk with others. I'm asking for documents that I have not received yet and I will have a full report at the appropriate time. 2) As it relates to the stimulus package, there's a lot of money on the table, including the Neighborhood Stabilization dollars, I believe \$47 million, whatever dollars. In fact, will come forward via the State to the City because that's how federal funds are administered. We really do need to speak with one voice, this body, and undoubtedly all of us recognize that we're here as a result of the citizens' vote of confidence in each and every one of us. And it's my intention that we maximize every opportunity, including the dollars that will come forward from the Stimulus and the NSP. We know we're in a severe crisis here in the City. We are. We've got to deal with our budget deficit and we're attempting to do that. I am prepared to move as one of this Body and certainly this conversation we're going to have at 2 o'clock today will give us an opportunity for everyone to put on the table what their priorities are, so I look forward to that. 3) I also want to mention that I got the

email from the woman who's going to be on . . . what's that lady's name, her show? She dances every time. Did you get that email? Ellen DeGeneres? Someone, who actually came to the table for the vending, did anyone else get that? **Watson:** No. **Conyers:** Yes I did, but I don't think she said the Ellen DeGeneres' show. It was Martha Stewart. **Tinsley-Talabi:** Oh, Martha Stewart. **Conyers:** I sent that around to everybody at the table today. **Tinsley-Talabi:** She's going to be on Martha Stewart, she thanked you because she came. **Conyers:** Yes. **Tinsley-Talabi:** Everyone should watch Martha tomorrow. She's going to be on talking about her invention, so that's kind of neat, I think. **Collins:** You said you passed it out today at the table? **Conyers:** I passed it out yesterday, but she emailed it to everyone and I made sure you saw it, remember, yesterday at the table? **Watson:** I did see it. **Tinsley-Talabi:** I think that was very good since she's a Detroitier and going across the country with this product. **Collins:** What is the product? **Tinsley-Talabi:** Some kind of . . . making a stove. **Collins:** A cooking stove? **Conyers:** Yes. **Tinsley-Talabi:** I'll give it to you. **Collins:** Okay. **Tinsley-Talabi:** Maybe she can come in and show us.

**Council Member Reeves:** I have no reports at this time. My only comment is that I was sort of taken aback when Attorney Trent said she had been by everybody's office and spoke about the Cobo deal and I was one, maybe, she overlooked. **Conyers:** She didn't come to me either. **Reeves:** Someone came to my office and showed me how Cobo Hall and Cobo Arena could be combined with adequate space for any auto show or any convention that could come here with just a bit of remodeling. I think that's something that we should bring back up to the table since we talked about deals and how to settle our problem that we need a better convention center. I see that that space is basically empty, the Cobo Arena part of it, and I still think that that should be addressed. We should look into that a little further and not go to an organization that has five people and one person could have a vote that it can really veto, and it can't really pass it. **Conyers:** Right. **Reeves:** So I would like to have that investigated and look at that part of the plan. You know, look at again because it looked good to me. Both levels of the Cobo Arena would be used along and in conjunction with anything that's coming. Just our little walkway, it's right next door. We should exercise every idea. **Watson:** On her point, since the State erred in not holding a

public hearing in the City most impacted by Cobo, why don't we call a public hearing before next Tuesday and invite citizens to come in and talk about what they would like to see in terms of expansion, opportunities, and priorities for a Cobo Arena built and paid for by citizens of Detroit. And with comparative analysis of the attributes and the features of the major conventions centers around the nation, who began at a million square feet or go to two or three square feet and certain not project . . . nobody is adding any convention facilities to 800,000 square feet when we've not had a hearing in the City. **Conyers:** When we did have the discussions on Cobo Hall, we did and we invited the public to come. **Watson:** But not on this deal. There's been no public hearing on this, so I'm asking that we have one in response to what . . . because that Cobo Arena issue is still not resolved. **Conyers:** Cobo Arena, nor Joe Louis, but each time Mr. Jackson came to the table; we did have discussions about all of these issues. **Collins:** I was going to suggest to Member Reeves that she draft a resolution requesting Planning and Development and CPC to explore plans to expand Cobo Hall and to Cobo Arena, and that they respond to us within 30 days. **Reeves:** Before our deadline. **Conyers:** That is the only way that we're going to be able to get any additional space is that they either have to go toward Cobo Arena or go toward Joe Louis Arena, and that is what I've been saying that all of this has not been worked out yet because of the Illitchs still have the lease to both of those entities, and until it is worked out with the Illitchs, we're going to have to pay them something and who's going to pay them, the City, or the State of Michigan, or this Authority? **Collins:** Are they paying us anything? **Conyers:** Are they paying us any money? And from our lease, I don't think . . . probably not because they're not having any concerts there, are they? **Mr. Irvin Corley, Director, City Council Research & Analysis Division:** They do pay the City concessions on any activity at the Arena and for Joe Louis Arena as well. **Conyers:** But when there's no activity, we get paid nothing, correct? **Corley:** Right. The Parking System gets about \$3 to \$4 millions a year. **Conyers:** But as it relates to Cobo Hall and Joe Louis Arena, if there is no activity, there's nothing for them to pay us concessions on, is that correct? **Corley:** On that piece, yes. **Collins:** If Ms Reeves put it in a resolution form, then they have to respond to her. If we just talk about it, it's in one ear and out the other. **Reeves:** When I get back to my office, I'll put it in a resolution form. I think it

should be investigated. **Collins:** I do too. **Tinsley-Talabi:** When ever there is a game in this City, the restaurants Downtown are bustling. **Conyers:** For Joe Louis Arena, when there's a Red Wing, right? **Tinsley-Talabi:** Even when they don't win, they're bustling. **Conyers:** Oh, yes, absolutely. **Tinsley-Talabi:** So we know that the dollars flow. **Conyers:** But that's in the winter-time. What about during the summer-time, the springtime, the fall? **Tinsley-Talabi:** And we got the Tigers. **Conyers:** That's over at Tiger Stadium, which they own. That's not at Joe Louis or Cobo. **Tinsley-Talabi:** But restaurants bustle. **Conyers:** Yes, but not on this side. That's all over there and they own most of those restaurants. **Tinsley-Talabi:** Greektown bustles. The Detroit Fishbone is over there. **Conyers:** Oh, Yes, well, you know, Greektown because they can walk right there.

**Council Member Jones:** Regarding announcements 1) Anyone that's 16 years of age or older that has a 3.0 Grade Point Average and might be interested in joining the Obama Administration as a Page, which is an invaluable educational experience, can log on to [www.paidprogram.house.gov](http://www.paidprogram.house.gov) and get information. **Conyers:** And on that point, the Page is for all members of Congress, not just for the White House, so you may not be selected just to go to the White House. You can be selected to go a Member of the House or the Member of the Senate. 2) If there are any students age 13 or older interested in jobs at the Detroit Golf Club or Plum Hollow Country Club, they will be taking applications beginning March 1, 2009.

**Council President Conyers:** Regarding Salute to Two African-American pioneers during African-American History Month 1) Lewis Latimer, born 1848, passed away 1928: Latimer developed and patented the process for manufacturing carbon filaments, which yielded a longer lasting light bulb than Thomas Edison's version. 2) Dr. Ruth J. Simmons was born in Grapeland, Texas in 1945. She was the 18th President of Brown University, the first black President of an Ivy League Institution. She received her Bachelor's Degree from Dillard University of New Orleans in 1967 and she received her Master's and Doctorate in Romance Literature from Harvard University in 1970 and 1973.

**Council Member S. Cockrel:** Regarding recognition of people involved in the clean up of the Detroit River that we

reached the point where for the first time in 75 years there's a beaver living on the river and it shown that the environmental leadership, the Green Movement has had a really positive impact on folks who are on the cutting edge of that for a long, long time, including the river keepers and all that, should be saluted. At least there is one beaver, may there will be more.

**Council President Conyers:** Regarding 1) Council Member Collins submitted memorandum stating she will be off on medical leave for two to three weeks and 2) Mayor K. Cockrel, Jr., submitted a letter related to the person he picked to represent the City of Detroit on the Cobo Convention Center.

**ADOPTION WITHOUT COMMITTEE REFERENCE:**

None.

3. Submitting report in response to Council President Monica Conyers' request to develop a plan to decrease property taxes of the residents in the City of Detroit. (Department indicates that property taxes in the State of Michigan are calculated on Taxable Value as defined by Proposal A, voted into law statewide, in 1995 to stem the taxes paid during a robust real estate market; in accordance with MCLA 211.27a, Taxable Value of each parcel shall be the lesser of the following: (a) the property's Taxable Value in the immediately preceding year minus any losses, multiplied by the lesser of 1.05% or the inflation rate (CPI), plus additions; the CPI for 2009 tax calculations is set by the State at 4.4%; and (b) the current State Equalized Value (SEV). Despite significant downward adjustments to the State Equalized Value in Detroit parcels due to destabilized market conditions, parcels may still see an increase in Taxable Value; market adjust reflected in individual parcel SEV throughout the state and in Detroit would have to align with Taxable Value before the tax amount can show a decrease.)

(Department indicates that there is no Scope of Service for the decreased amount of Change Order No. 2; however, a Scope of Service for the original contract indicates the decrease occurred because of the efficiency in executing the project, therefore, the money remaining is reverted back to the Department.)

51. Submitting report in response to Council President Pro Tem. JoAnn Watson's request for information relative to Complaint of not receiving material to keep the Waste Water Treatment Plant running; nothing is being ordered or sent to the plant; and Backup Systems are not running, also allegation of bribes being taken. (Department's investigation of the allegations revealed that during the past three months 892 requisitions were processed into 766 purchase orders for goods and services totaling \$2,517,855.07 for the Wastewater Treatment Plant; expedited purchasing options, red tag (executive order #13) and P-card purchases are available to the plant, with two P-card purchases totaling \$289.80, during the last quarter, therefore, concludes that the allegations are without merit and that the plant is operating within compliance with its NPDES permit, etc.)

52. Submitting report in response to Council Member Alberta Tinsley-Talabi's request for information relative to Wastewater Sludge Solution. (Department indicates that anaerobic digesting has been considered as an alternative solids disposal technology at an estimated cost of \$500.00 per ton of plant solids, where digesters are used, the methane gas can be recovered and used to generate electricity. However, a preliminary review of the use of Molecular Dissociation (MD) has been conducted and found that there is not current use of this technology for sewerage sludge pro-

cessing and no information to assess the cost, but determined that the cost would far exceed \$500.00 per ton of sewerage sludge, therefore, believes this method is not economically feasible.)

#### **PUBLIC COMMENT**

**M. Conyers:** If we could have Council Member Jones and the other Council members come back to the table. We could do the Committee of the Whole for thirty (30) minutes. I see that you two switched places on me.

**K. Brown:** For the moment.

**M. Conyers:** You're about to come back down here in a moment. Colleagues, it's time to do the Formal Session, but I'd just like to ask whether we'd like to take all the comments about Cobo Hall during Public Comment as opposed to having to go back and do it later?

**S. Cockrel:** Are we going to do the discussion first?

**M. Conyers:** We're going to do it all at once.

**S. Cockrel:** We're going to do it all at once, that make sense.

**M. Conyers:** The Committee of the Whole has now come to order and the Clerk can call the roll.

**R. Jabtecki:** You have a quorum Madame President.

**M. Conyers:** I'm going to adjourn this Committee of the Whole to the call of the chair. This is the Committee of the Whole that was supposed to meet at 10:00 a.m.

**M. Conyers:** The Formal Session has now come to order and the Clerk can call the roll.

**R. Jabtecki:** You have a quorum, Madame President.

**M. Conyers:** Thank you. There being a quorum present, the Council will be in session. Is the Clergy here? We will receive our Minister.

**Pastor Willie J. Pitts,** Greater King Solomon Baptist Church, 4638 4th Street, Detroit, MI 48201. Pastor Willie Pitts gave prayer.

**M. Conyers:** The Journal of February 10, 2009 will be approved.

**RE: Public Comment**

**M. Conyers:** You will have two (2) minutes to speak, there are citizens out in the lobby, hallways so we didn't have the Committee of the Whole at 9:00 a.m. so we're going to do it during public comment.

**Agnes Hitchcock:** Opposed the transfer of Cobo Hall to an authority. The vote that you're about to cast is not your vote, it should be cast in the interest of the people in the City of Detroit. Opposed to expansion of Cobo Hall.

**Marie Thornton:** I'm here to say that you need to listen to the Reverend Pitts who spoke and said, make the right decision. Opposed turning over our Water to outsiders and the Expansion of Cobo Hall.

**Rick Robinson:** Support agreement between the Mayor, City of Detroit, and the State.

**Matthew Schenk:** Support agreement of Expansion of Cobo Hall and spoke about the legislative meeting in Lansing.

**M. Conyers:** Are you saying that our current Mayor didn't come up to Lansing at 1:30 in the morning.

**Matthew Schenk:** He was there.

**M. Conyers:** Once he got there, there was a seven (7) member board and after he left, it was a five (5) member board. Correct?

**Matthew Schenk:** There was a five-member board when he left.

**B. Collins:** You said that there were negotiations at the last minute. Can you tell me who was involved?

**Matthew Schenk:** I was not in the room with the final people. There were people representing the Governor's office, there were discussions and I was receiving phone calls at 4:30 in the morning.

**B. Collins:** Who was there representing the City of Detroit?

**Matthew Schenk:** Mr. Ken Cole is here, he's your lobbyist.

**B. Collins:** We work for us, he doesn't make decisions for us. Who was negotiating for us?

**Matthew Schenk:** I wasn't in the room so you'll have to ask somebody else who was in the room on behalf of the city.

**B. Collins:** They made last-minute negotiations that went early into the morning and they did not include City Council, or a representative of City Council? This is a matter of what to do with the city's

assets? What kind of negotiations were they?

**Matthew Schenk:** That is why there is language in the Bills to require that the Council take an action on the sale.

**Mrs. Person:** Don't give away Cobo Hall that belongs to the people of the City of Detroit.

**Valerie Burris:** Kill this deal, it's just not a good deal, we've read the legislation and the answers weren't good enough. We contacted Senator Levin and representatives from the White House and we were told the Stimulus money could be used to renovate Cobo as long as it was a public entity only if our Administration and the City of Detroit could make a deal. This Council should meet with the Mayor's office to put a proposal together and send it to Jennifer Granholm. We'd like to know if you have a copy of the legislation that the Governor signed? What we have doesn't have the Governor signature on it and we saw that there were some pages missing out of Legislation 16:30.

**B. Collins:** Madame Chair, can we ask if Research & Analysis have the signed legislation?

**Mr. Harris, Research & Analysis:** We do not have the executed copy of the agreement, what we do have is the legislation that has been permitted by and placed upon the legislative website for the State of Michigan.

**M. Conyers:** Is it possible that we can call while we're waiting, David Nathan can get us a copy of the final legislation?

**B. Collins:** I would like to know what Research & Analysis has gone through, line by line, with what they have. One person stated that there were missing sections and I'd like to know if the ones that we received have missing sections.

**Mr. Harris, Research & Analysis:** Okay, I'll do it.

**Kim Trent:** As you do your due diligence, I ask you to talk to the people who crafted this deal to see if they're willing to come back to see whether they'll open up this issue again. Respectfully to Mr. Burns, the Stimulus dollars were designed to have instant impact, to impact our economy. In the legislation, it specifically says shovel ready means; ready to go within-sixty (60) to one-hundred (100) days and I don't think we're ready.

**M. Conyers:** I know, you told us that last week.

**J. Watson:** On the issue of talking to the folks who crafted deals, the Expansion of Cobo is not based on an Authority. The Honorable Coleman A. Young had an expansion of Cobo that was made possible by creative and wonderful use of resources from sin taxes. There are economic stimulus funds available now that could be executed and allocated without an authority to the city with access to Cobo Arena, which has been leased to

the Ilitch family, that's owned by the city. There are other entities that could be accessed to create the million square foot piece in order to regard the net increase necessary for it be a premier convention center. Expansion cannot be totally invested in an authority. That's one recommendation that's not a good recommendation because it sounds out the City of Detroit. The \$20 million goes with the parking bond. The parking business stays with Cobo, the owner of it. So we don't need any lease on the Cobo bonds if we're not going to own Cobo; that means that we'll be giving Cobo away for nothing.

The money that's being talked about is not cash money like Grand Rapids received from Governor Engler when that convention center was built with State money. This is democratic and somebody needs to take care of Detroit.

**Tyrone Travis:** Opposed to Expansion of Cobo Hall.

**Robert Thomas:** Opposed to Expansion of Cobo Hall.

**Mr. Fox, North American International Auto Show:** Our show is number one because of the international manufacturers that make their commitment to it, the fifty-five (55) members of the International Press from seventy (70) countries. In the last five years when we met with them, they've been asking us, renovations, upgrades, meeting rooms, ball rooms, docks and additional technology. As I mentioned last week, our German manufacturers met in January at our show here, they committed to make Detroit their number one priority show for 2010. That decision was largely based on the funding legislation that just passed in December. We can't afford to lose this international management manufacturers commitment. We don't go from first place to second place if we lose it, we'll go first place to tenth because we'll become a market based show, not an international show.

That \$5 to \$6 hundred million in economic benefit goes to maybe \$50 million. We can't wait another year for this, we had a hi-lo wheel fall thru the floor this year along with two major leaks, one in General Motor's and Volkswagon displays. Our dock doors don't open and close properly, they lock in the opening position so we need these renovations to start now. Please move this forward because it's very crucial to our future.

**Ron Alberts, North American International Auto Show:** I'd like to enforce the fact that we're a customer of the city, Cobo, and the region; that's all we are. I can probably speak on behalf of other customers that come with Cobo Hall that would like to put a show there or decided not to or to be there. We could surely use a lot more. Support Expansion of Cobo Hall.

**A. Tinsley-Talabi:** I was doing some

research and I came across an article in August of last year where it was an expansion proposed. What happened?

**Ron Alberts:** I know that we've looked at quite a few options over the years trying to get things started primarily in the last five or ten years; it's been on the table a long time. That's very similar to what you have in the current package but it doesn't include the upgrades; money is needed to keep the building safe.

**Lamar Nowell, Jr.:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Treasure Edwards:** Please do not sell any more of our assets. Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Robert White:** We're selling our assets instead of using our assets to make money. Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Dan Krickbaum:** In support of Transfer of Cobo Hall Convention Center to an Authority. This is our last opportunity to renovate and expand Cobo Convention Center.

**M. Conyers:** Why do you come here and say that? We didn't tell the Governor when she wanted us to vote for her. This is her last time for us to vote for her; we voted for her. I think it's offensive for you as a representative of hers to come here and tell us that; she's supposed to work with us to work out an agreement that fair for all people in the City of Detroit; not just come here and demand that we take something that you wanted to have and leave with it.

**J. Watson:** I know you worked as an appointee of Honorable Coleman A. Young. One of my long conversations with Honorable Coleman A. Young was about not putting a fee of Belle Isle. He wanted to protect our assets because he says if they started with the \$3 dollar fee, they'll go to a \$300 dollar fee which will only be an isle for rich folks. He understood power and ownership. When we expanded Cobo, he did not build an authority, they gave it way. He crafted a deal with Sin Taxes to expand it. I can't sit here and let the Honorable Coleman A. Young to be used as a sign off based on promise of jobs; everybody wants jobs.

Cobo can be expanded without giving it away because Detroit owns it. Cobo is where Dr. King said "I Have a Dream" in June of 1963. Cobo was erected and paid by the citizens of Detroit with the largest convention center in the nation. Why should we be paying for a 21st century price tag and getting 20th century expansion which would not be the base head of Chicago, Atlanta or New York which all has two million square feet. Economic Stimulus Plan should be centered on the expansion, which has been identified by President Obama to help revive Detroit.

There's no city that needs survival more than Detroit, of course the city needs to work but that this not the only answer to sell out an asset.

**S. Cockrel:** I think it's important to look at this particular decision in a context. Is this a core service of this government? Running a convention center is not in my opinion a core source of this government. We've done some due diligence in my office and we have a list on file of cities that have State Authorities or City County Authorities. The \$59 million dollar of economic impact that Cobo brings to the region, 80 percent of that is generated by the Auto Show, 60 percent of that goes directly to Wayne County and the City of Detroit; 10 percent to Macomb and Oakland County. I don't take offense at the folks in Lansing saying look, this was hard to do. I heard that when I was up there for the State of the State. As little enthusiasm as there may be from people here to do this, it's equally little enthusiasm on the part of other folks. This is people deciding that it's in everybody's interest to keep this facility operating because it's in the entire region and the state's interest. I think we really need to be clear here, if this thing doesn't work, it reverts back to the city. We can deal with the situation and I think that we need to believe this an opportunity to work; understand that we're not alone.

Other cities have taken their premiere facilities of this nature and put them in authorities. We're simply acknowledging the fact that we have a \$300 million dollar structural deficit, and \$100 million dollar cash flow deficit that this Council is going to have to address. An Election year or not, those economic realities are going to require tough decisions and those tough decisions should once begin right here and right now. If it's on this Council's watch that another facility downtown will join Ford Auditorium as dual ghosts sitting here because people weren't able to make tough decisions, I think it's going to be a travesty and ultimately that is not serving the people that elected each and every one of us.

**M. Conyers:** Just to that point, you spoke about the Reverter Clause. Mr. Shank from Wayne County said the Reverter Clause hasn't been worked out yet. My staff did the same thing that you did and most of the ones that you've named are City County Authorities and the city still have some involvement in it whereas City Council is a part of it. The bigger issue is, what did they get out of it, what did they pay for. Each authority had different figurations and most of them received some money, whereas Detroit isn't receiving one dollar.

**S. Cockrel:** There's \$15 million that's in the General Fund that we have to put into the operation of Cobo on an average year

because it runs as a deficit. If we make this move, we will not have to fund Cobo, that will be available to deal with either the deficit or to fund the street lights; that value, we need to be clear about.

**M. Conyers:** We're clear on that but we won't receive that \$15 million out of the budget this year, but I think there are some other things that haven't been made clear to you. When we get to the other powers to be in the front row that want's to talk, they'll show you some things that we may pay out of the General Fund to help pay down on the bond from the parking structure that they may not have told you.

**S. Cockrel:** We know that already.

**M. Conyers:** Every convention center around the United States runs a deficit rather than if they have an authority or not. Who is going to pay when we take Cobo's parking out of the mix and there are only two parking structures left, who is going to help pay for those deficits at the end? We can debate back and forth on but it's our dedecision when we vote.

**B. Collins:** Most of the cities that you looked into, the authorities built it anyway. In this case, the City of Detroit built and paid for Cobo Hall and if the regions were honest about it, they would get the benefit at what goes on at Cobo Hall until now. now we have the hotels and we would benefit from the auto show and any other conventions that come. I agree that we need to do more work at Cobo Hall and we need to talk to the Ilitch family; they use the Fox Theater and we're not benefiting from that. We shouldn't give Cobo to the region because we're taking money that the taxpayers in the City of Detroit helped to build Cobo Hall.

**M. Conyers:** Member Collins, to pay off the whole debt structure of the parking garage is between \$72 and \$80 million.

**B. Collins:** Dan do you want to pay that?

**Dan Krickbaum, State of Michigan:** We're paying the bond that was still in play with the earlier expansion of Cobo, about \$550 million.

**B. Collins:** I thought you were paying \$20 million toward the bond for the parking structure.

**Dan Krickbaum:** Twenty million dollars in cash for the City of Detroit.

**M. Conyers:** No it's not.

**Reverend Clark:** Opposed Transfer of Cobo Hall Convention Center to an Authority. I'm proud to see the people of the City of Detroit come forth.

**Isaac Robinson:** In support of the Transfer of Cobo Hall Convention Center to an Authority.

**M. Conyers:** I'd like to say to all the people that are here representing the unions, why don't you go to Lansing and tell the governor to renegotiate that deal, because nothing is done at this time.

**M. Reeves:** It's difficult sitting here listening to a lot of conversation about the

City of Detroit. The main point that needs to be expressed is that the taxpayers in the City of Detroit paid for Cobo Hall. who is going to pay for the contract buy outs?; the venue operating agreements and the vendors that patron. What will happen to our current vendors who stayed during difficult times? Have we viewed every possible resource for the expansion and the renovation? It's a sellout and it's not a good deal.

**M. Conyers:** Isaac, with most respect, most of the people who do the Auto Show and prep the Auto Show are not from Detroit.

**Issac Robinson:** We can get the exact statistics.

**J. Watson:** Everybody is for expansion and the Auto Show. The resolution that President Conyers submitted that we're to vote on today in addition to the deal crafted in Lansing, with appropriately let down the City of Detroit residents, there's another resolution that calls for the Governor to identify economic stimulus money for the immediate expansion of Cobo Hall. That can be voted on today and it can be shovel ready within (90) days expanding the arena appropriately so we can maintain the Auto Show. We also should have a marketplace at Cobo Hall, other things could be done at Cobo to move us into the 21st century.

**Wayne Bernard:** In support of Transfer of Cobo Hall Convention Center to an Authority.

**Ruedell Holmes:** Gave prayer and opposed Transfer of Cobo Hall Convention Center to an Authority.

**Larry Alexander:** In support of Transfer of Cobo Hall Convention Center to an Authority.

**Mary Lacy:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Orlando Robinson:** I'm a businessman and I've made a cautious and calculated decision to put my business in the City of Detroit; specifically on W. McNichols; I employ seventy (70) people in the City of Detroit.

I'm here because I had a problem with the Detroit Police Department. This is not an indictment on all the police officers because my better half wears that uniform every day. Leaving my office on February 11, 2009, I was heading West on McNichols and a Detroit police car followed me into Lou's Deli, blocked our vehicle, and began to harass us. He cursed us beyond what you can imagine. It was said that they were tired of us and they were just disrespectful, specifically officer named John McKee.

**M. Conyers:** Was your other half in the car with you?

**Orlando Robinson:** No, she wasn't but I don't think that would have made a difference because this guy was very angry. He arrested me for disorderly conduct

because he swore at me and I cursed back. I asked for a supervisor to come to the scene and he put his hand on his gun and said he wasn't going to call a supervisor; he said he was going to call another unit and it was going to get really ugly. Thank God that the other officer that was there told me just allow this guy to go through whatever issue he's having, I'll go to the precinct and I'll be out within a few minutes. I did file a complaint with the Police Department but I don't have confidence that this is going to be handled in an appropriate manner. I've done a lot for this city, I would like to have this issue resolved asap; I've filed a lawsuit against the city on my behalf along with the other people in my vehicle but I think we can resolve this. I want this guy reprimanded or fired, he is not fit for duty.

**M. Conyers:** What's his name?

**Orlando Robinson:** Officer John McGee.

**J. Watson:** I'd like to request that this be lined item for the Public Health & Safety Committee. The jurisdiction of the Police Department, I'd like to have Internal Operations review the complaint and I'd like the persons who were responsible for coordinating the consent decree, it's not appropriate for misconduct. In addition, I'd like to have a copy of the incident report.

**Orlando Robinson:** I have the report, Ms. Watson. In addition, I have the video from Lou's Deli that truly contradicts this police report. It's a total fabrication and I know there have been people in trouble for filing false police reports and this man should be in trouble just the same.

**Tom Saxton:** In support of the Transfer of Cobo Hall Convention Center to an Authority.

**Kenny Holloway:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Avis Holmes:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Margita Simurdiak:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Jerroll Sanders:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Morris Mays:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Gwendolyn Mingo:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Bill McMaster:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Joe Harris:** In support of Transfer of Cobo Hall Convention Center to an Authority.

**Emmett S. Moten:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Coleman A. Young, II:** Opposed Transfer of Cobo Hall Convention Center to an Authority.

**Dwight Dean, Regional Census Center in the City of Detroit:** One thousand people will be hired in the next two months for the Census. Every resident in every community, when they receive that document in the mail on March 15, 2009, they will open it up, fill it out and mail it back. We ask for your continued help in getting this message out. We have a staff of people that are working directly with the media to identify both the outlets, working with other sources that will identify where the best and unlikely ways to extend our message through a device locally. Also, we're always looking at best to reach those parts of the community that might be most resistance to this, people that don't speak English or people that are immigrating here from other countries on the planet, and people that have a very strong negative perception of government.

**City Planning Commission**

February 12, 2009

Honorable City Council:

Re: Installation of a business sign at the Gentle Dental office in a PCA

(Restricted Central Business District) zoning classification located at 525 East Jefferson. (Recommend Approval).

On January 28, 2009, the staff of the City Planning Commission (CPC) received a sign permit application for a business sign to be mounted on the recently-opened Gentle Dental office at 525 East Jefferson (shown as 529 E. Jefferson on the attached sign drawing). The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of exterior modifications following the review and recommendation of CPC (Section 61-11-96 of the Zoning Ordinance). CPC and Planning and Development Department (PDD) staff have reviewed the application and submit this report and recommendation.

**PROPOSED SIGN**

The proposed sign is made up of individual plastic channel letters. The proposed letters are 22 inches tall, with a 14 inch tall "Family Dentistry" non-illuminated sign at the far end. The entire sign is by 19 feet 5 inches wide, a total of 36 square feet, and it would be internally lit (see attached illustration). Previously, there was a rectangular "light-box" style sign for the previous business.

**REVIEW**

In accordance with the PCA provisions of the Zoning Ordinance (Section 61-11-96) reviews of proposed construction or modifications such as the signs proposed should be conducted in light of the following criterion, "Urban design elements of form and character should be carefully considered; such elements include, but are not limited to: richness/interest of public areas through the provision of storefronts, window displays, landscaping, and artwork; color, texture and quality of structural materials; enclosure of public spaces; variations in scale; squares, plazas and/or "vest pocket parks" where appropriate; continuity of experience, visual activity and interest; articulation and highlighting of important visual features . . .". The proposed sign meets this criterion and would add texture and quality to the building. The size of the sign would be in accordance with what would be permitted in a non-PCA zoning district. Staff feels it is an improvement over the previous sign.

**RECOMMENDATION**

CPC staff has completed its review of the proposed sign, as has the Planning and Development Department staff. We find that the sign would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed sign. Please find attached the

appropriate resolution to effectuate your approval.

Whereas, The Phillips Sign & Lighting Inc. desires to install a sign at the storefront at 525 East Jefferson, the former Wells Fargo office; and

**City of Detroit  
Brownfield Redevelopment Authority**

February 12, 2009

Honorable City Council:

Re: 17411 Grand River Brownfield Redevelopment.

The enclosed Brownfield Plan for the

17411 Grand River Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on February 2, 2009 to solicit public comments. At its January 22, 2009 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On February 12, 2009, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Grand Tributary, LLC is the project developer ("Developer"). The Plan entails the redevelopment of vacant and contaminated parcels that had been used as an auto repair shop, auto cleaners, dry cleaners and office space. The final development will be a 45,000 square foot, LEED certified office building for the Michigan Department of Human Services and Michigan Rehabilitation Services. Total investment is estimated at \$7,500,000. The Developer is requesting a 12.5% Michigan Business Tax (MBT) credit of \$440,751 on an eligible investment of \$3,526,010. The Developer is also requesting Tax Increment Financing (TIF) of \$434,838, which includes \$36,560 for interest.

**Property Subject to the Plan**

The Property comprising the Plan consists of 4 parcels and approximately 2.2 acres, located at 17411, 17431, 17435 and 17455 W. Grand River and bounded by Grand River Avenue to the north, Rutland Street to the east, Midfield Street to the south and Longacre Street to the west in the City of Detroit.

**Basis of Eligibility**

The Property is considered to "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a facility as defined by Act 381.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include environmental assessments, due care activities, demolition, preparation of a brownfield plan, and interest. The eligible activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated construction will begin in the spring of 2009 and eligible activities will be completed within 12 months.

**Tax Increment Financing (TIF) Capture**

This Plan intends to capture tax increment revenues to reimburse the Developers for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. A table of estimated tax increment revenues to be captured is attached to this Plan.

Following is a table of estimated costs of those eligible activities for the 17411 Grand River project.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

<b>Description of Eligible Activity</b>	<b>Estimated Cost</b>
1. Environmental Assessments	\$10,000
2. BEA and Due Care Plan	\$3,500
3. Demolition	\$202,490
4. Asbestos and Hazardous Material Management	\$115,338
5. Brownfield Plan Preparation	\$15,000

<b>Subtotal</b>	<b>\$434,837</b>

**Total Estimated Cost to be Funded through TIF \$1,154,918**

**Local Site Remediation Revolving Fund**

The LSRRF will consist of all tax increments revenues authorized to be captured and deposited in the LSRRF, as specified in Section 13(5) of Act 381, under this plan and any other Plan of Authority. It may also include funds appropriated or otherwise made available from public or private sources. The amount of tax increment revenue authorized for capture and deposit in the LSRRF is estimated at \$654,124.

Honorable City Council:

Re: Alter Commons Brownfield Redevelopment.

The enclosed Brownfield Plan for the Alter Commons Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on February 2, 2009 to solicit public comments. At its January 22, 2009 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On February 12, 2009, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### Project Introduction

Alter Commons, LLC is the project developer ("Developer"). The Plans entails the construction of a 30 unit, single-family, for sale development for low to median income level housing. The homes will be built-to-suit with five different styles to choose from and will consist of two, three and four bedrooms, with two to three and a half baths. The homes will range in size from 1,242 to 2,085 square feet and will include a kitchen, dining room, living room, and covered porch. The homes will also offer off street parking and a garage.

Sixty percent of the units will be reserved for homebuyers at forty to fifty percent of median income level and forty percent of the units will be reserved for homebuyers at 60 percent of median level. To incentive sales and promote responsible homeownership, the Developer will provide down payment assistance and credit card and loan courses for potential homebuyers. Total investment is estimated at \$5,480,000. The Developer is requesting a 12.5% Michigan Business Tax (MBT) credit of \$510,910 on an eligible investment of \$4,087,283.

#### Property Subject to the Plan

The Property comprising the Plan consists of 53 parcels, all located east of Chalmers Street, west of Ashland Street, north of Korte Street and south of Essex Avenue in the City of Detroit.

#### Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be blighted or adjacent or contiguous as defined by Act 381.

The City of Detroit Planning Commission has initially determined that the Property qualifies as "blighted" under the definition in Act 381 since the property has substantial subsurface debris buried on-site so that the property is unfit for its intended use. The Detroit City Council will make a final determination upon approval of the Plan.

#### Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include environmental assessments, infrastruc-

ture improvements, and site preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and are to be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

#### **Estimated Cost of Eligible Activities**

<b>Description of Eligible Activities</b>	<b>Estimated Cost</b>
1. Environmental Assessment and Brownfield Plan	\$ 18,400
2. Site Preparation	\$ 43,240
3. Infrastructure	\$123,280
Total Eligible Activities	\$184,920

It is currently anticipated construction will begin in the spring of 2009 and eligible activities will be completed by 2012.

#### Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

#### Other Development Incentives

The property included in this Plan will seek receive additional project support through HOME funds and a Neighborhood Enterprise Zone (NEZ) abatement.

#### Comments Received

The Committee's communication to the City Council and the Authority, dated January 22, 2009 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority on February 2, 2009 are enclosed for the City Council's consideration.

Honorable City Council:

Re: Amendment of Sales Resolution. Development: 11031 Shoemaker.

On October 6, 2006, (J.C.C. pg 2578), your Honorable Body authorized the sale of the above-captioned property via a quit claim deed to Environmental and Technical Controls, Inc., a Michigan Corporation, for the purpose of redeveloping the property into their corporate headquarters and maintenance facility.

It has come to our attention that the sales resolution was issued in error. Accordingly, the sales price has been adjusted from \$230,000 to \$175,000 and the sales transaction has been modified from an outright sale via quit claim deed to a sale under Development Agreement with Environmental and Technical Controls, Inc., a Michigan Corporation.

We, therefore, request that your Honorable Body adopt the attached resolution and authorize an amendment to the sales resolution to reflect an adjustment in the sales price from \$230,000 to \$175,000.

WHEREAS, The Charter of the City of Detroit stipulates that any sale or transfer

of city assets must be approved by the Detroit City Council;

WHEREAS, The Detroit City Council was not involved in any discussions as it related to the drafting of the legislation that was approved by the legislature and signed by the Governor. It is imperative that this Honorable Body either approve or deny the transfer of Cobo.

STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL REGARDING "NO" VOTE ON RESOLUTION TO REJECT TRANSFER OF COBO CONVENTION CENTER TO AN AUTHORITY

Today I voted against the resolution to reject the transfer of Cobo Center to an authority created under the newly enacted Regional Convention Facility Authority Act. First and foremost, I believe *regional cooperation* to renovate and expand Cobo Center is *essential* to Detroit's economic survival.

The opportunity before us was the result of substantial negotiations between Governor Jennifer Granholm's office, Mayor Kenneth V. Cockrel, Jr., Wayne County Executive Robert Ficano, Oakland County Executive L. Brooks Patterson, Macomb County Commission Chair Paul Gielegem, Speaker of the House Andy Dillon, and Senate Majority Leader Mike Bishop. This was an unprecedented convergence of political will to craft legislation that is mindful of the dire economic conditions in this state, the lack of jobs, and declining tax revenues. I commend these elected officials for their leadership.

According to the *Tradeshow Week Major Exhibit Hall Directory*, 63% of all convention facilities in the United States and Canada are managed by a private entity. Less than one-third are owned by a City. My colleagues cite to data that most cities that own and operate their own convention centers do so at a deficit, and rely on the positive economic impact surrounding the convention center to compensate for the deficit. The City of Detroit *does not* have that luxury. As the City Council's Fiscal Analyst has repeatedly pointed out, the City's general fund must subsidize Cobo Center operations with \$16 million. We have a structural deficit of \$300 million, and a cash flow deficit of \$100 million. Detroit is facing a serious financial crisis and tough decisions *must* be made to stop the hemorrhaging. In order to make the tough budgetary decisions, City Council must focus on the core services the City can and should provide to its citizens. The operation of a convention facility is *not* a core City service. The City can no longer subsidize Cobo Center.

The North American International Auto Show has historically been the *premiere* auto show in the world. Without immediate, necessary renovation and expansion to Cobo Center, our City will forever lose the distinction of hosting the premiere event. As we know, the Detroit show has been scaled back due to the crumbling facility and the crumbling economy. We were advised that a hi-lo fell right through a floor of Cobo Hall while exhibitions were being set up for the auto show. We were advised that water leaked onto expensive

exhibitions. There is no incentive for the NAIAS and the Detroit Auto Dealers Association to continue to tolerate these conditions — and there is certainly no incentive for any other conventions to utilize the facility. They will move on to other venues, and Cobo Center will become yet another dinosaur on the Detroit riverfront, like the Ford Auditorium — another missed opportunity.

We have beautiful new hotels and casinos. A thriving convention facility will bring customers to these hotels and casinos, and bring desperately needed economic revenue to the City. We owe it to the people who have invested heavily in the downtown area, beleaguered residents and taxpayers to return Cobo Center to a first class facility to attract conventions. We *had* the cooperation of the tri-county area and the Governor to make that happen. I emphasize the word "had." I strongly believe the parties will not return to the table any time soon to craft new legislation, or to craft legislation that gives preferences to Detroit-based businesses or contractors. Thanks to the massive corruption of the Kilpatrick Administration, preferences for Detroit businesses will *never* be a part of any legislation related to Cobo Center. The indictment of Cobo Center officials was likely another reason for the lack of Detroit-based business preferences. It is appropriate there are tri-county preferences for the renovation work. Revenue for renovation and expansion comes from taxes collected statewide.

With regard to the parking facility revenues, the City Council's Fiscal Analyst has stated unequivocally that no general funds are necessary to retire the bonds. The revenues from the facility were used to retire the bonds, and were not added to the general fund. Mayor Kenneth V. Cockrel, Jr.'s budget deficit reduction plan recommends the securitization of parking revenues — revenues coming from parking meters around the City. The plan does not depend on parking revenues from Cobo Center. The parking facility issue is a red herring.

Let me be clear, I do not believe this legislation is Detroit's saving grace and a free gift from the Governor or tri-county leaders. I believe this legislation is the result of give and take by *all* parties involved. None of the stakeholders achieve everything they wanted — that is the benchmark of an effective result. The majority of my peers on City Council have greatly underestimated the sacrifices everyone involved has made to craft this legislation. The Council's disrespect for their efforts will have untold unintended consequences on our City and our City's relationships in the region and the State. It is a tragedy.

STATEMENT BY COUNCIL MEMBER  
MARTHA REEVES REGARDING THE  
PROPOSED REGIONAL COBO HALL  
TAKE OVER

There is a Downtown Development Authority, and it is doing a swell job of keeping our City in divine order. We could use that same kind of service citywide; however limitation of funding, manpower, and diligence of concerned citizens leaves us in need of immediate attention. Service has taken a back seat in many areas. Recent finding have reported Imprest Cash accounts being robbed and the thieves getting away with absconding needed finances for the up-keep of our COBO EXHIBITION CENTER since its last expansion in the sixties. The roof is deteriorating and the infrastructure has become drab and unsightly. Millions from the general fund has been allocated every year, and we now declare the facility unfit, and in need of rescue by a regional authority that in part are the two million persons who moved from DETROIT. There are abandoned homes and neighborhoods vandalized, torched, and deserted as the result of this exodus.

Allowing this take over would be a sign that the tax payers who struggled with the debt of keeping our City open are headed for failure. We've been burdened with increased water and sewerage payments, bulk waste removal charges and higher utility rates because of population decrease. With loyalty and dedication we hold on, and continue to see our City through the rough, by growing tough in the struggle.

The words of faithless deserters echo in our hearts, "The Last One Out, Turn Off The Lights", and we are nowhere near that state. Residences are pleading with this legislative body to take a stand, and seek ways and means to expand and renovate their convention arena, by any means necessary, except giving up ownership to a regional authority. There could be a cost saving improvement using solar and green power and a sophisticated new design in the construction that would bring us into the twenty-first century that will make us a forerunner in our development of a greater waterfront facility. Space could be added for vending, a movie theatre, concerts and shows that would continue to attract city and regional visits to our convention center.

We stand firm in our quest to give the COBO HALL/ARENA the needed expansion and renovation that is long over-due.

STATEMENT BY COUNCIL MEMBER  
ALBERTA TINSLEY-TALABI  
REGARDING THE CITY COUNCIL  
RESOLUTION TO REJECT THE COBO  
HALL TRANSFER

While there is consensus that Cobo Hall should be expanded and upgraded to

maintain the current conventions and shows as well as attract additional ones, there is no current consensus on the path that should be taken to accomplish that objective. The package of state legislation that created the authority, in my opinion, was unnecessarily rushed and therefore did not allow an opportunity for changes that would have justified my support.

As a result, I was compelled to vote "Yes" to reject the transfer to a regional authority for the following key issues:

1. I could not support the included transfer of Cobo Hall parking structures. Mayor Cockrel has proposed securitizing the parking system revenue as a key component to eliminating the city's \$300 million deficit. Cobo Hall parking accounts for 25% of parking revenues and without these funds, our ability to raise funds to address the deficit decreases.

2. I could not support the proposed governance structure. While the make-up of the authority board was an issue for most of my colleagues, I was concerned that the authority would be changed after the transfer to a different structure that could take away the City of Detroit's veto power by instituting a majority vote for all decisions. Any regional authority deal must include a provision requiring City of Detroit approval for any substantive change after the initial transfer.

3. I was disturbed by the lack of a timeline governing the proposed improvements. The legislation included an iron-clad, and ill conceived, time line governing the transfer but none for making the improvements. Any regional deal must have a timeline to ensure no unreasonable delays in making improvements.

4. I can not support a deal that does not include a minimum 30% geographical preference for Detroit residents and businesses. The State of Michigan has a preference and well as other cities and counties. It is unreasonable to object to one for Detroiters. A minimum preference must be included.

5. I was uncomfortable making a decision without more clarity on the impact the transfer would have on current Cobo Hall and general city workers. Not knowing how many employees would go to the authority or stay with the city, bumping rights, compensation information, impact on the city's General Retirement System, in the end, was not acceptable. But of course, it's impossible to determine all of this information in 45 days.

Cobo Hall currently generates thousands of jobs and \$600 million for the region annually. The three counties benefit in the following manner:

Wayne County \$360m (60%)  
Oakland County \$180m (30%)  
Macomb County \$60m (10%)

Clearly, Cobo Hall is a regional economic generator. The importance of Cobo to southeast Michigan should be sufficient

to bring regional leaders back to the table to craft a more workable deal.

There is no need to lose the NAIAS and other shows as a result of today's vote and the threat that "this is the best deal possible" is not the attitude that is best for our state, region or city. Regional deals involving the management of the Detroit Zoo, Detroit Institute of Arts, Historical Museum and Eastern Market, which I voted for, shows what can be done when equals negotiate.

If the NAIAS is lost as a result of today's vote, in my opinion, the blame should not fall on those who rejected the deal but on those who crafted the deal.

STATEMENT BY COUNCIL MEMBER  
KWAME KENYATTA REGARDING THE  
TRANSFER OF COBO HALL TO A  
REGIONAL AUTHORITY

Council President Monica Conyers put forth a resolution rejecting the transfer of Cobo Hall to a regional authority at the City Council formal session of Tuesday, February 24, 2009. The resolution passed 5-3. I voted against the resolution for reasons, which are outlined below.

The Cobo Hall proposal was not great from the very beginning mainly because it did not gain Detroit lawmakers' buy-in from its inception. But like any other proposal there are good and bad points.

Cobo Hall is not a core service. It is a convention center. Whether Cobo Hall stays under the control of the City of Detroit or is transferred to a regional authority, it will not improve the quality of life in Detroit's neighborhoods.

A viable Cobo Hall completely renovated and expanded will improve the level and quality of businesses in the downtown area and the region. Convention planners do not choose to go to a city because of its convention center alone. They choose the city based on the level of activities that that city and its region can provide and whether there is a convention center that can meet their needs. Planners are also concerned about safety, transportation and the reputation of that city.

The fight around Public Act 554 of 2008, Senate Bill 1630 should have taken place months ago. But it did not. There was quiet disagreement voiced here and there. But no resolutions from City Council were composed. And no organized trips to Lansing or mass public hearings were organized prior to the Act or the Bill's passage. Now, in the final hour, led by the Council President, Detroiters are being mobilized to support the position that voting this down is in the best interest of the City of Detroit.

Voting not to transfer Cobo Hall means we get to keep ownership. However, the question is, ownership of what:

- Ownership of a facility that is debt ridden and in disrepair

- Ownership of a facility that costs taxpayers over \$15 million a year out of the general fund to maintain while the city faces a \$300 million deficit and possibly \$400 million more due to our junk bond status

Ownership is great, but not when it fails to benefit the masses of the people of the City of Detroit as a whole. The City has owned Cobo Hall for nearly 50 years, since its opening in 1960. Recent reports show that the roof is leaking, the docks are in disrepair, doors are not opening and electrical wires are hanging along with a host of other items. Under our leadership we have not maintained Cobo Hall, we have not fixed it up nor are we able to finance the cost of expansion although we have had ownership and we are fighting to keep ownership.

This City has gone through a lot over the past few years and we are not out of the woods yet. It is unfortunate that the desire for public office and the desire to maintain public office are dividing us once again.

Under our ownership, two past directors of Cobo Hall who held their posts from 1996-2004 and 2004-2007 respectively have admitted to taking bribes and pleaded guilty to felonies. The FBI is currently investigating other financial abnormalities that have taken place at Cobo Hall under our ownership involving contracts that were entered into by the City under the previous administration and approved by this body.

I am told that I will lose support and may not be reelected because of my vote. I do not cast votes to get back in office nor to keep or win support. I cast my vote solely based on all of the available information and what I believe is in the best interest of the residents of the City of Detroit. Cobo Hall is not the end of the road for the City of Detroit. But it could be for those who would exploit the fears and compassion of the people.

Based on all the information that I have gathered thus far, it will be the Governor and the State Legislature, both of whom crafted the Cobo Hall deal, who will also oversee the allocation of federal economic stimulus funds. Both branches of government have made it clear that they will not distribute monies from that fund for Cobo Hall. And I do not believe that there is a bona-fide avenue for us to appeal to President Obama's office and expect \$300 million to be provided directly to the City of Detroit for Cobo Hall when there are other much more pressing matters in the City that desperately need funding.

Finally, whether we keep Cobo Hall or transfer it to an authority, the real issue is the steadily declining quality of life in the City of Detroit. This is evidenced in a myriad of ways including but not limited to high crime, unemployment, foreclosure

and a crumbling school system. The question that I continue to pose is how do we as leaders improve the quality of life for the people in the City of Detroit? That is my focus. And I remain steadfast towards that goal.

STATEMENT BY COUNCIL MEMBER  
BRENDA JONES ON MY POSITION  
REGARDING THE TRANSFER OF  
COBO HALL TO A REGIONAL  
AUTHORITY

On Tuesday February 24, 2009, I voted against the resolution to reject the transfer of Cobo Hall to a Regional Authority. I do not believe this is the best deal for the City of Detroit and I certainly do not agree with the process of negotiations that took place in reaching this legislation. However, at this time, there is no question that Cobo Hall must be renovated and expanded in order to maintain its current level of business, and more importantly, to attract future conventions. There was no strong voice to create a cohesive proactive position from Council prior to the passage of this Act. Based on the information presented prior to my vote, I strongly believe the transfer of Cobo Hall to a Regional Authority is the only way to complete the necessary renovations and expansion, as well as to have a positive impact on employment in Detroit. At the time of the vote, no one had presented, recommended or provided any alternative plans or options to maintain the Cobo facility.

Today the City of Detroit faces a \$300 million structural deficit. Over the next several months, City Council will have to make difficult decisions that are vital to the quality of life for the citizens of Detroit. I cannot justify spending an average of \$15 million each year on Cobo Hall with a projected \$200 million costs in repairs when those funds can be used in other areas, such as public safety, transportation, public works, and more importantly jobs. In addition, the losses from Cobo Hall are projected to be \$179 to \$206 million over the next 30 years.

Public Act 554 2008, Senate Bill 1630 to transfer Cobo Hall to the Regional Authority includes \$279 million in savings toward renovations and expansion. Further, this transfer will result in the savings of \$500 million creating the ability to sell bonds based on a twenty-four year extension of the state-level hotel and liquor tax, currently targeted to expire by 2015. The City of Detroit does not have the revenues. Currently the possibility of identifying alternative funding for the renovations and expansion has not been secured.

The rate of unemployment in the City of Detroit continues to rise. We are all concerned about the rapid increase in the loss of jobs and closing of small busi-

nesses in the City. In addition to the Convention Center, the renovation and expansion of Cobo Hall will bring business and revenue to the City of Detroit. We have several new hotels and small businesses waiting for customers. If Cobo Hall loses business, our local businesses will also suffer.

The limited ability of maintaining this facility with no identified resources is not in the best interest of the citizens of Detroit. Many citizens voiced strong feelings of wanting to hold on to Cobo Hall, a jewel in the City of Detroit. "We are not ready to let go of yet another important and defining institution in our City. In recent years we have lost important assets in our City: the DIA, Historical Museum and the Detroit Zoo, just to name a few". As an advocate for the citizens of Detroit, my record speaks to my **No** vote on many of these issues. However, because of the economic crisis that is defining our times, I truly believe the Regional Authority is the only option we have to save the Cobo Hall Convention Center thereby maintaining jobs in the private and public sector in the City. We cannot afford for Cobo Hall to turn into another Ford Auditorium. I will not waiver on my commitment to always vote in the best interest of the city and citizens of Detroit.

It is unfortunate that the deal negotiated in Lansing did not include the Legislative body when the Legislation clearly states that the Detroit City Council has forty-five days to reject the transferring of Cobo Hall to the Authority. The decision leading for exclusion has created stagnated division. The greater disdain is the impact of how this issue has deviated the focus from the greater problems currently facing the City of Detroit. How do we eliminate a \$300 million deficit?

Currently, it has been stated that the Stimulus package funds are to be dispersed to states for the usage of infrastructure and projects shovel ready within 90 to 120 days. Further, it will be the discretion of the Governor and State Legislative body to oversee and determine the allocation of these dollars. Both branches have clearly voiced their position that no monies will be distributed for the Cobo facility. Once again, Detroit City Council was not involved in the proposal submitted for these funds.

In conclusion, I will continue to vote in the best interest for the citizens of Detroit who placed a great deal of faith in me. As a leader allowed by the people to serve as a voice on the Detroit City Council, facing the challenge of standing alone many times but standing firm, I will continue to represent each of you to the best of my ability. I will seek the facts, research the City Charter, and make choices based on the findings that protect you and our great city.

By COUNCIL MEMBER KENYATTA:

WHEREAS, It is with great pleasure and privilege that we, the members of the Detroit City Council, recognize and bestow homage upon the Gospel Temple Missionary Baptist Church, “A Church Fulfilling Its Purpose”, in observance of its 63rd Anniversary; and

WHEREAS, Since its foundation in 1946, the Gospel Temple Missionary Baptist Church has based its service on the true values of Christian brotherhood. Organized by Silas Alexander, Lucille Alexander, E. J. Jackson, and thirty other members, their faith would come to form an institution that promoted the principles of peace, love, service, and fellowship throughout the community; and

WHEREAS, Recognizing the significance of an admirable leader, the Gospel Temple Missionary Baptist Church had held high the position of its pastor, bestowing it to only two since the church’s inception. After being led by the respected Rev. W. Edward Ramsey until his transition from life on January 21, 1958, the fellowship gained a new form of guidance with the selection of Rev. Joseph Edward King as pastor in October of 1958. Flourishing within six months of his stewardship, the church would overcome a significant budget deficit and settle the \$400,000 mortgage of it’s new home within five years of purchase. After faithfully serving his congregation and community for over four decades, Rev. King retired from his position in 2006, and passed on shortly thereafter;

## PRESIDENT'S REPORT ON STANDING COMMITTEE REFERRALS AND OTHER MATTERS

### RESOLUTIONS

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEMS ARE TO BE REFERRED TO THE BUDGET, FINANCE AND AUDIT STANDING COMMITTEE:

#### AUDITOR GENERAL'S OFFICE

1. Submitting report relative to Audit of the Cable Commission containing audit purpose, scope, objectives, methodology and conclusions; background; audit findings and recommendations; and response from Cable Commission, the Finance and Human Resources Departments; responsibility for installation and maintenance of system of internal control to minimize errors and provide reasonable safeguards rests entirely with the Cable Commission and the Finance Department; pursuant to Section 4-205 of the City Charter.

#### CITY COUNCIL FISCAL ANALYSIS DIVISION

2. Submitting report relative to the Budget Department Quarterly Financial Report from the Mid Year Budget Analysis period ending September 30, 2008, limited in scope as defined by court to four of five (four because State Equity Grants is no longer included in the report as the grants have either been eliminated or go directly to agencies no longer a part of the general fund) major revenue sources representing 54.4% of the 2008-09 adopted general fund budget for revenues and seven departments representing 53.2% of the appropriations in the adopted budget; data updated through December 31, 2008 includes the Casino Gaming Fee as an additional major revenue, thereby, increasing the percentage of revenues reported to 66.6%; report also includes an update of the accumulated deficit, however, the city has not reached the point of balancing current revenues with current expenditures, a first step the rating agencies are waiting to see before any consideration to upgrade the city's bond rating; a workable plan to address the accumulated deficit will likely be expected by the bond rating agencies, etc.

3. Submitting report relative to Analysis of the Mayor's Deficit Reduction Plan which anticipates generation of new revenues and cost savings in the amount of \$369,000,000.00, of which \$356,000,000.00 would be realized in Fiscal Year 2009-10, and \$13,000,000.00 in 2010-11, with \$250,000,000.00 from the monetization of assets to address the accumulated deficit and \$119,000,000.00 to reduce the structural imbalance. (City Council Fiscal Analysis Division recommends receipt of Mayor Cockrel's deficit reduction plan with the recognition that the plan contains a lot of what if proposals that need development;

also that the plan be viewed as a pre-view document of the mayor's upcoming 2009-10 budget process, etc.)

4. Submitting report relative to request from Council President Monica Conyers to review the Detroit Non-Profit Housing DRMS account history — Avis Holmes, Executive Director; allegations that the City of Detroit Planning and Development Department was overdue in granting her organization a block grant reimbursement of \$25,000.00 for its contracted housing counseling services for June 1, 2007 through May 31, 2008. **(City Council Fiscal Analysis Division indicates that the DRMS account for Detroit Non-Profit Housing, Appropriation 05742, Organization No. 36059; contract amount of \$50,000.00 with payments of \$12,691.00 which included \$8,279.00 for fiscal year 2007-08 and \$4,412.00 for current fiscal year 2008-09; also that Ms. Holmes submitted a copy of the organizations activity report for a number of services performed but no dollar amount per services rendered totals, etc.)**

Honorable City Council:

Re: Economic Stimulus Project Listing.

On file in the City Clerk's Office is the listing of Economic Stimulus projects submitted by City of Detroit departments and other community and cultural organizations. We are in the process of sharing this information with our legislators in Lansing and Washington D.C.

You will notice that there are more than 165 projects listed amounting to more than 30,000 jobs. This includes a request for 1,000 new Police Officers, renovations at various Fire Department locations, infrastructure improvements for the water system, building demolitions, street lighting and a number of other projects that will help Detroiters and our City.

While federal stimulus dollars cannot be used to balance the city's budget, it will create jobs for Detroiters. We are working closely with the state to ensure that we obtain the maximum level of funding possible. Our Workforce Development Department is also being tasked to identify key training programs for the types of jobs that will be needed and recruit Detroiters who can then be trained and be ready when job opportunities present themselves. We will keep you posted on our progress.

Sincerely,  
KENNETH V. COCKREL, JR.

Mayor

**PUBLIC COMMENTS**

**Bishop Reynolds** spoke in concern to Martial Arts for inter-city youth. The problem is that they are always a visiting team. This brings us to the Heilmann Recreation Center at 19601 Crusade in Detroit. The Director, Mr. Bryan Spivey, is familiar with us and he very much wants us to bring this to that venue. However, his supervisor, Ms. S. Norander, said that she did not want to support our type of sport. Later, I saw a flyer where the Detroit Recreation was sponsoring a spring amateur for a Boxing Match the same time I wanted to present the Urban Fight League. We are not looking for a handout; we are looking for a hand-up.

**Watson:** You are welcome to come back on Thursday at 10:00 a.m. I ASK THE MAYOR'S OFFICE TO ASK THE RECREATION DEPARTMENT TO BE

PRESENT SO THAT WE CAN CLOSE THIS ISSUE.

**Mother Ruedell D. Holmes** expressed her love and delivered a prayer for City Council asking God to bless them.

**Valerie Burris** expressed her thanks to the Council for standing strong and asked the Council to override the Mayor's veto. Ms. Burris expressed her concern regarding the newspapers characterizing Detroit as racist because we stood up and said "No". Detroiters say "No" and we will continue to "No". We want this Body to say either produce a better deal for Detroit or leave us along. We said "No."

**Watson:** What is most outrageous is the failure of most media to report that this Council acted on two Cobo proposals last week. One was to reject the State's Law proposal, which was to give it away for nothing and the other was to improve Cobo's expansion with the Economic Stimulus Fund. Channel 2, 4, 7, Detroit News and Free Press did receive the press release. I wrote it and sent it; not one news media mentioned it on television or in the newspapers. We said "Yes to expansion with Economic Stimulus Fund of which we have the right to do. This is interesting and conspiratorial that not one News Media reported that Council said "Yes" to expansion under our control with Economic Stimulus Fund.

**President Conyers:** I have documents in my office that say, "We can use the stimulus money from the Federal Government under the Commerce if we use it for construction, renovation, bridges and other projects." I asked other Congress people how could we use the money and each Congressperson said the same thing. It has to be shovel ready between 90 and 120 days.

**Reeves:** I distributed a letter supporting retaining ownership and the possibility of getting other funds so that Detroit can retain ownership of DDOT.

**Ted Phillips, Attorney:** For the past six years, Detroit City Council has sponsored a mailing to persons in tax foreclosures. I have a copy of the proposed letter for this year. This campaign has been successful and we ask that you do it again this year. We have provided to the Housing Task Force 5,200 addresses to Detroit homeowners, which we received from the Wayne County Treasure, that are in jeopardy. I have prepared a letter of which one paragraph was added that deals with mortgage situations where there is a tax foreclosure. Typically, the mortgage company will pay and then the owner will be in mortgage foreclosure. The same resources they contact for taxes can also contact for mortgage issues. We added United Way 211 number as a resource and their ideal was to incorporate income tax preparation net-

work to earn income tax credits and with homestead income tax credits to put money in people hands so that they can pay their taxes.

**Watson:** I ASK THAT RESEARCH AND ANALYSIS DIVISION QUICKLY DRAFT A RESOLUTION. WE WILL NEED TO APPROVE IT TODAY IN NEW BUSINESS SO THAT THE LETTER CAN GO OUT THIS WEEK.

**Renardo Homes** stated that on February 24, 2009, he was mistaken for speeding and given a ticket when a silver Thunderbird sped around him and made a left turn. Mr. Holmes is asking for help regarding wrong identification by Detroit Police resulting in issuing him two violations.

**Watson:** MY STAFF WILL MAKE A COPY OF YOUR TICKETS AND I ASK THAT THE MAYOR'S OFFICE RECEIVE A COPY AND COMMUNICATE WITH CHIEF BARREN.

**Ms. Person** representing the East side of Detroit and her neighborhood states that some Council Members have never voted for the people of Detroit. She is proud of those Council Members that are now speaking up for the people of Detroit. She asks that not only one Council Member should be talking to the News, but other Members as well. Ms. Person invited Council Pro. Tem. Watson to visit her neighborhood, which is in disarray.

**Reverend Anthony Johnson** expressed thanks to President Conyers and colleagues for supporting Detroiters in the State Legislation for Cobo Hall. They did not play the race card on Detroit; it was the pressure card. The citizens of Detroit worked hard for Cobo and if they veto our request, we will take them to court.

**Myleatta Wilson**, Senior at Osborn High School University Preparatory, she is present with her mentor, Mr. Frank McGhee to speak about the NYO Youth Initiatives. The program opposes gun violence and drug abuse in the community. The program mentor teens in the Osborn Community and assist them in prevention of violence and abuse. We have sent petitions to middle school and high school student to sign indicating that they are against gun violence and drug abuse in the community. We have obtained over 1400 signatures and we would like the Council to assist us by speaking to us at our weekend academy on Saturday.

**Tinsley-Talabi:** We have a number of initiatives that we would like you to be aware of particular a Youth Division through Partnership for a Drug Free Detroit. They will have a large affair coming soon where you can display your talents and I will share that information with you. We are concern with employment for young people, opportunities for young people and training. We support you.

**Watson:** I invite you to take part in the Detroit City Council Youth Commission. We have a Youth Commission for Peace and Justice. We meet the fourth Thursday of every month at 4:00 in this room. There will be a Youth, Peace and Justice Summit at Cobo Saturday, May 23 beginning at 9:00 a.m. This Summit will include opportunities for young people to get training, attend workshops, and receive applications for summer jobs.

**Mr. Frank McGee** supports Myleatta Wilson in her endeavors to help youths.
